

Candidate Information Bulletin Commonwealth of Massachusetts

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

PROMETRIC

Construction of all one- and two-family dwellings and all buildings containing less than 35,000 cubic feet of enclosed space must take place under the supervision of a person licensed by the Massachusetts Board of Building Regulations and Standards (BBRS).

The BBRS has contracted with Prometric Inc. to conduct its Construction Supervisor License (CSL) examinations, including Specialty Construction Supervisor Licenses. Exams are intended to test a candidate's knowledge of building code and general construction practices. This bulletin describes the process of registering for and taking the CSL exams.

At a glance

Follow these main steps if you wish to take a BBRS exam.

To obtain your license

- 1** Complete the exam registration form on Page 15 and mail it to Prometric.
- 2** Approximately 10 days after you mail in your exam registration form, you must contact Prometric to schedule an appointment to take your exam. (See Page 4)
- 3** Prepare for the exam using the content outlines in this bulletin. (See Page 9)
- 4** Take the scheduled exam, bringing required identification to the test center. (See Page 6)
- 5** When you pass your exam, your score report will include instructions for obtaining your license through the BBRS. (See Page 8)

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

License categories

A Construction Supervisors License (CSL) allows you to legally supervise persons engaged in construction, reconstruction, alteration, repair, removal or demolition of certain limited types of buildings.

The BBRS licenses individuals in the following categories:

Unrestricted. Individuals must possess a current unrestricted CSL if they directly supervise persons engaged in construction, reconstruction, alteration, repair, removal or demolition involving any activity regulated by the code for:

- Buildings containing less than 35,000 cubic feet of enclosed space; and
- One- and two-family dwellings or any accessory building thereto irrespective of size.

Restricted (One- and Two-Family Only). Individuals who hold a restricted (one- and two-family only) CSL shall be limited to direct supervision of persons engaged in construction, reconstruction, alteration, repair, removal or demolition involving any activity regulated by the code for:

Any one- and two-family dwellings or accessory buildings thereto irrespective of size.

Specialty Categories. The following CSLs apply to:

- Buildings containing less than 35,000 cubic feet of enclosed space; and
- One- and two-family dwellings or any accessory building thereto irrespective of size.

Masonry shall be limited to the direct supervision of persons engaged in construction, reconstruction, alteration, repair, removal, or demolition involving the elements of:

- Fireplaces, chimneys, required means of egress stairs of masonry construction;
- Masonry retaining walls deemed a threat to public safety, health or welfare and which retain four feet or more of unbalanced fill; and
- Other masonry structures for which a building permit is required and that would not fall under the requirements of Section 107 of the Building Code.

A Masonry CSL is not sufficient for the construction of masonry buildings for which a broader (unrestricted or restricted one- and two-family) CSL is required.

Roof Covering shall be limited to the direct supervision of persons engaged in the installation, alteration, repair, or removal of roof coverings as defined by the code.

Window and Siding shall be limited to the direct supervision of persons engaged in the installation, alteration, repair, or removal of windows and/or siding as defined by the code.

Solid Fuel Burning Appliance shall be limited to the direct supervision of persons engaged in the installation, alteration, repair, or removal of solid fuel burning appliances as defined by the code.

Demolition shall be limited to the direct supervision of persons engaged in the demolition or removal as defined by the code.

Insulation shall be limited to the direct supervision of persons engage in the installation of insulation as defined by the code.

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Pre-exam requirements

To be eligible to take a CSL exam, you must:

1. **Be 18 years old** at the time of the exam.
2. **Have at least three years of experience^a** in building construction or design in the field in which you wish to be licensed.
3. **Provide documentation^b** of your experience.
4. **List your duties** as they directly relate to the field of building construction or design.
4. **Provide a notarized signature** indicating: 1) you have read and understand this bulletin; 2) the truthfulness of the information provided on the registration form; and 3) that you have filed all state tax returns and paid state taxes. Information provided will be used by the state to determine eligibility for licensure.
6. **Not have previously passed an examination in the same license class and/or received a license in the same class.**

Exceptions:

- 1) individuals whose license has been expired for more than two
- 2) individuals as ordered to re-examine following an adjudicatory hearing.

Note a.

- i. Your work experience need not be continuous but must be a total of 36 months of full-time (40 hours per week) experience within the past ten years. **Exceptions:**
 - o Successful completion of a three- or four-year vocational high school or other vocational school program in the field of building construction or completion of a bachelor, master or PhD degree from an accredited college or university shall be deemed as satisfying one year of work experience.
 - o Successful completion of a bachelor, master or PhD degree from an accredited college or university in architecture or science, engineering, or technology in a related field shall be deemed as satisfying two years work experience.
 - o Education can account for a maximum of two years experience.
- ii. Union affiliation only is not acceptable as work experience.
- iii. Active military service relevant to construction may be considered as work experience.

Note b.

- i. Documentation of your work experience can be either:
 - o **Tax forms.** (See page 15, Exam Registration Form, Option A) W-2, or IRS Schedule C or 1099 forms are acceptable. Submit forms for the equivalent of three years full time experience. If education is used for experience then submit a copy of the diploma and/or degree that you acquired.
 - o **Letter of Attestation.** (See page 15 Exam Registration Form, Option B) In lieu of tax records a letter of attestation from an individual (e.g. engineer, architect, employer, military supervisor, licensed contractor, or other) stating that you have at least three years of construction and/or design experience.

Registering for an exam

Once you determine that you have the necessary experience for licensure, accurately and thoroughly complete your exam registration form. Mail the form, along with all supporting documentation and the exam registration fee(s), to Prometric.

Your initial application will be kept on file for two years. If you are not able to pass your exam within the two-year window, you must submit a new application with updated copies of all of the requested documentation.

Accommodations. If you require ADA accommodation, see “

Special consideration” on Page 5 before registering.

Holidays. Testing generally does not occur on the following holidays:

<ul style="list-style-type: none"> • New Year’s Day • Martin Luther King Jr. Day • Presidents’ Day • Memorial Day 	<ul style="list-style-type: none"> • Independence Day • Labor Day • Thanksgiving Day • Christmas Day
---	--

Additional state holidays may be observed in the state where you schedule your exam appointment.

Exam registration fee

The fee for each exam is \$100 payable to Prometric. If you are taking more than one exam, fees for all exams may be included in one payment. MasterCard, Visa, money order, company check, and cashier’s check are accepted forms of payment.

Personal checks and cash are not accepted. Fees are nontransferable and nonrefundable.

Important If you do not clearly indicate a minimum of 36 months of full-time work experience, or if you do not fulfill any of the other requirements, or do not provide attestation or W2 Forms the registration form will be returned to you for correction(s).

Test centers

You may take your exam at any Prometric test center in the United States. A complete list of test center locations may be found by going to www.prometric.com/massachusetts/construction and clicking on the “Do More” button. Alternatively, you may call 800.853.5448.

Scheduling an exam

Approximately 10 days after mailing your exam registration form, you should contact Prometric to schedule your exam appointment. You can schedule an appointment online or by phone.

On the Internet

Schedule your exam online by accessing Prometric’s Internet Registration Service at www.prometric.com/massachusetts/construction.

By phone

You may schedule your examination by calling 800.813.6671 between 8 a.m. and 9 p.m. (Eastern time), Monday through Friday. Please have your Visa or MasterCard information available. At the end of the call, you will be given a number confirming your appointment. Record and keep this confirmation number for your records.

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Important Once your exam registration form has been processed by Prometric, you have **90 days** to schedule your exam. After 90 days, your registration will expire and you will forfeit all fees submitted. We recommend that you do not register for your exam until you are prepared to take your exam.

Rescheduling an exam

To avoid a rescheduling fee, you must contact Prometric at least **three full business days** before the day of your scheduled appointment. **Before you reschedule your exam**, refer to the following table to determine the **last day** you may reschedule without paying a \$40 rescheduling fee.

Last day to reschedule with no fee

If your exam is on:	Call by 9 p.m. (Eastern time) the previous:
Monday	Tuesday
Tuesday	Wednesday
Wednesday	Thursday
Thursday	Friday
Friday	Monday

Note that this schedule **does not** include holidays. Since holidays are not business days, they do not count against the three days (call earlier).

If you do not allow at least three full business days to reschedule your appointment, you must pay a \$40 rescheduling fee before choosing another appointment. You may pay any additional fee with Visa or MasterCard and reschedule your appointment online or by calling Prometric at 800.813.6671.

If absent or late for your appointment

If you miss your appointment or arrive late and are not allowed to test, you must pay a \$40 rescheduling fee before choosing another appointment. This fee will allow you to use your original exam registration.

If you are unable to attend your scheduled exam due to illness or emergency, call Prometric. Under certain circumstances, the fee to reschedule may be waived. Prometric reserves the right to request documentation to support any illness or emergency claim.

Emergency closings

Severe weather or an emergency could require canceling scheduled exams. If this occurs, Prometric will attempt to contact you by phone or e-mail; however, you may check for test site closures online at www.prometric.com/sitestatus. If the site is closed, your exam will be rescheduled without a rescheduling fee.

If a test center is open for testing and you choose not to appear for your appointment, you must pay a \$40 rescheduling fee. You must then reschedule your exam.

Retaking an exam

If you do not pass your exam, you must complete another registration form, submit with another \$100 exam fee and schedule another exam appointment.

Special consideration

ADA accommodation. If you require testing accommodations under the Americans with Disabilities Act (ADA), please call Prometric at 888.226.9406 to obtain an accommodation request form. Reasonable testing accommodations are provided to allow candidates with documented disabilities recognized under the ADA an opportunity to demonstrate their skills and knowledge.

Submit professional documentation of your disability with your form to help us determine the necessary testing arrangements. Thirty days' advance notice is required for all special testing arrangements. There is no additional charge for these accommodations.

ESL note. If English is your second language, please note that a language barrier is not considered a disability.

What to bring on exam day

Your exam will be given by computer at a Prometric test center. You do not need any computer experience or typing skill to take your exam. Before you start the exam, you will receive a personalized introduction to the testing system. You can also take an introductory lesson on the computer.

Arrival. You should arrive at least **30 minutes before** your scheduled exam appointment. This allows time for you to sign in and for staff to verify your identification and documentation.

References. You are allowed to use the Massachusetts State Building Code and the reference standards identified in the content outline (see Page 9) during your exam and **must bring** copies of these references with you to the test center.

Identification. You must present a valid form of identification before you can test. That identification document **must**:

- Be government-issued (e.g., driver's license, passport, state-issued identification card or military identification card).
- Contain **both** a current photo and your signature. Have a name that exactly matches the name used to register for the exam (including designations such as "Jr." and "III").

Important You will not be permitted to test without proper identification. Failure to provide appropriate identification at the time of the exam is considered a missed appointment. As a result, you must pay a \$40 rescheduling fee before choosing another appointment.

If you cannot provide the identification listed above, contact Prometric **before** scheduling your appointment to arrange an alternative way to meet this requirement.

Test center regulations

To ensure that all candidates are tested under equally favorable conditions, the following regulations and procedures will be observed at each test center. Failure to follow any of these security procedures may result in the disqualification of your examination. All testing sessions are video and audio recorded.

References

- Only approved references are allowed during the exam. Highlighting, tabs and written notes in the references are permitted prior to arriving at the test site. However, during the exam you **may not** write in the references.
- Reference materials will be checked at the exam site before and after the exams. Any reference material that has been written in during the exam will be confiscated.
- Sharing reference materials is not allowed. No other reference materials, loose-leaf papers or study materials are allowed at the test center. If you are found with these or any other aids, you will not be allowed to continue the exam and your answers will not be scored.
- **Please note that the reference list on Page 10 reflects the reference changes going into effect beginning January 1, 2018. The changes reflect the MASU and MASR exams at this time; the specialty exams will be updated in coming months.**

Calculators

- You may use a silent, handheld, solar or battery-operated, nonprogrammable calculator (without paper tape-printing capabilities or alphabetic keypads). **Construction calculators are not allowed.**

Personal items

- You **must not** bring any personal/ unauthorized items into the testing room. Such items include but are not limited to: cell phones, PDAs, pagers, cameras, recording devices, photographic equipment, watches, outerwear, hats, food, drinks, purses, briefcases, backpacks, and notebooks.

Breaks

- If you leave the testing room while an exam is in progress, you must sign out/in on the roster and you will lose exam time. You are not allowed to use any electronic devices or phones during breaks.

Visitors

- No guests, visitors or family members are allowed in the testing area.

Misconduct or disruptive behavior

- Candidates who engage in any kind of misconduct or disruptive or offensive behavior may be dismissed from the examination. Examples are: giving or receiving help, taking part in an act of impersonation, removing test materials or notes from the testing room, using rude or offensive language and behavior that delays or interrupts testing.

Weapons

- Weapons are not allowed at the test center.

Important Every time you enter the test room, you will be asked to turn your pockets inside out to confirm that you have no prohibited items. The test center administrator will collect any materials that violate the rules.

Copyrighted questions. All test questions are the property of Prometric Inc. and are protected by copyright. Federal law provides severe civil and criminal penalties for the unauthorized reproduction, distribution, or exhibition of copyrighted materials.

If questions arise. Test center administrators are not allowed to answer any questions pertaining to the exam content. If you do not understand a question on the exam, you should answer the question to the best of your ability. There is no penalty for guessing.

Your exam results

At the end of your exam, you will receive a printed score report. Your signature on the exam registration form constitutes written authorization for Prometric to release exam scores to the BBRs. To ensure confidentiality, exam results **will not** be released over the phone or faxed.

Passing score. If you receive a score of 70 percent or above, the score report will have the word **“pass”** printed on it. Numerical passing scores are not reported to avoid potential misuse of the scores in hiring. Your score report will include information on obtaining your license.

Retake information. Candidates who do not pass the exam will receive a score report with the word **“fail”** printed on it. The score report will also contain the candidate’s numerical score and a Strength and Weakness Report.

Important You may take the exam twice in a 90-day period. Once the 90-day period expires, you can again take the exam twice in the next 90-day period. It is recommended that you spend some time studying between attempts.

Receiving your license

If you pass your exam, your score report will include instructions on applying for and obtaining your license. License applications are processed in approximately 30 days after receipt. You must submit the application and licensure fee to the Department of Public Safety (DPS) within **one year** from the date you passed your exam(s).

The Specialty License Categories are considered to be subsets of the Commonwealth’s construction supervisor license program. Although a license candidate is required to take and pass an exam for each license category, rather than paying a \$100 exam administration fee for each exam, plus \$150 per license, a candidate may apply for and receive a single license card from the DPS for a single fee of \$150 for any combination of the Specialty License Categories.

However, in order to pay the reduced \$150 licensure fee, a candidate must apply for all license categories on a single application. If a candidate submits separate applications for each license category, he/she will be required to pay a \$150 fee with each application. The following tables illustrate the cost difference between submitting a single application versus multiple applications.

Example of Submitting a Single Application	
Roofing exam administration fee	\$100
Masonry exam administration fee	\$100
Single DPS license issuance application fee	\$150
Total	\$350

Example of Submitting Multiple Applications	
Roofing exam administration fee	\$100
Masonry exam administration fee	\$100
DPS Roofing license issuance application fee	\$150
DPS Masonry license issuance application fee	\$150
Total	\$500

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Resultantly, an applicant may receive a single license card identifying six Specialty Categories for a fee of \$150 (plus, of course, \$600 for each exam administration fee for a total payment of \$750).

Unrestricted and **Restricted License** cards are issued separately. Therefore, the fee for an Unrestricted or Restricted License is always the exam administration fee of \$100 plus the DPS license issuance fee of \$150 for a total of \$250.

Note Your full name must be typed or legibly printed on your bank check or money order. **No personal checks will be accepted.** Failure to comply with these regulations may require you to take the exam again.

Appeals process

Our goal is to provide a quality exam and a pleasant testing experience for every candidate. If you are dissatisfied with either and believe we can correct the problem, we would like to hear from you. We provide an opportunity for general comments at the end of your exam. Your comments will be reviewed by our personnel, but you will not receive a direct response.

If you are requesting a response about exam content, registration, scheduling or test administration (testing site procedures, equipment, personnel, etc.), please submit an appeal in writing. Your appeal letter must provide your name and Social Security number, the exam title, the date you tested and the details of your concern, including all relevant facts. Be sure to include your signature and return address. Mail your appeal letter to:

Prometric
ATTN: Appeals Committee
7941 Corporate Drive
Nottingham, MD 21236

The Appeals Committee will review your concern and send you a written response within 20 business days of receipt. **Faxed appeals are not accepted** because an original signature is required.

Exam content outlines

Prometric works closely with the BBRS to ensure that exams meet all requirements and professional test development standards. Exam questions are derived from the Massachusetts State Building Code as well as from areas of general knowledge and experience that are considered relevant to the duties of construction supervisors in Massachusetts.

A panel of experts in the construction field established the recommended passing score for each Massachusetts Construction Supervisor Licensing examination by determining the minimum knowledge needed to be licensed. A score of 70 percent or above is required to pass each exam.

The exams are open book and multiple-choice. The following content outlines list all subjects covered by each exam and the percentage of questions asked about each topic. Each outline indicates the number of questions on the exam and the maximum time allowed to take the exam.

Exam references. You are allowed to use the Massachusetts State Building Code and the reference standards identified in each of the following content outlines during your exam and **must bring** your own copies with you to the test center.

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Unrestricted Construction Supervisor Exam Content Outline

75 questions—3-hour time limit

Scope – An Unrestricted Construction Supervisor is responsible for directly supervising persons (including self) who are engaged in construction, reconstruction, alteration, repair, removal, or demolition involving any activity regulated by the Code for: buildings containing less than 35,000 cubic feet of enclosed space, one- and two-family dwellings or any accessory buildings thereto, irrespective of size, buildings used for farm purposes, and retaining walls less than 10 feet in height at all points along the wall as measured from the base of the footing to the top of the wall.

Subject Area	Percent
Unrestricted Construction Supervisor Administrative Responsibilities	8
General Building Construction Knowledge	11
Energy Efficiency	6
Accessibility	4
Sitework and Foundations	7
Concrete and Masonry	9
Moisture Intrusion/Protection	7
Structural Framing (Steel and Wood)	13
Roofing/Exterior Walls	7
Doors/Windows	5
Interior Environment (Mechanical and Ventilation)	7
Fire Protection (Mechanical)	5
Safety (Construction Safety and Lead Remediation)	11

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Masonry Construction Supervisor Exam Content Outline

50 questions—3-hour time limit

Scope – A Masonry Construction Supervisor is responsible for directly supervising individuals (including self) who are engaged in construction, reconstruction, alteration, repair, removal or demolition involving the elements of fireplaces, chimneys, required means of egress stairs of masonry, masonry retaining walls deemed to be a threat to public safety, health or welfare and that retain four feet or more of unbalanced fill, and other masonry structures for which a building permit is required, so long as such is not governed by construction control provisions of the Massachusetts Basic Building Code. A masonry license is not sufficient for the construction of masonry buildings. Supervision of such work would require possession of at least a restricted construction supervisor license, dependant upon the scope of work.

Subject Area	Percent
Masonry Construction Supervisor Administrative Responsibilities	16
Mortar and Grout	10
Masonry Wall Construction	30
Masonry Fireplace Construction	14
Masonry Chimney Construction	14
Energy Efficiency	6
Safety	10

Roof Covering Construction Supervisor Exam Content Outline

35 questions—2-hour time limit

Scope –Roof Covering Construction Supervisor is responsible for directly supervising persons (including self) who are engaged in the installation, alteration, repair or removal of roof coverings or roofs of buildings of any use group that contain less than 35,000 cubic feet of enclosed space and/or buildings or structures for agricultural use. A Roof Covering Construction Supervisor is not authorized to work on or supervise work relating to the structural elements of a roof, including sheathing.

Tests a candidate’s knowledge of the installation, repair and replacement of low and steep slope roof coverings, including the fabrication and installation of sheet metal, incidental to roof coverings, and installation of shingles, shakes, roll roofing materials, tile, slate and other prefabricated shingle products.

Subject Area	Percent
Residential Roof Covering Construction Supervisor Administrative Responsibilities	14
Steep Slope	72
Safety	14

CONSTRUCTION SUPERVISOR LICENSING EXAMINATION

Window and Siding Construction Supervisor Exam Content Outline 35 questions—2-hour time limit

Scope – A Window and Siding Construction Supervisor is responsible for directly supervising persons (including self) who are engaged in the installation, alteration, repair or removal of windows and siding as defined by the applicable Codes. A Residential Window and Siding Construction Supervisor is not authorized to work on or supervise the work relating to any structural elements of a building, except as incidentally related to the installation of windows and siding.

Tests a candidate’s knowledge of window and siding installation, including vinyl or aluminum siding, soffit, fascia, gutters and all types of windows. This includes the work necessary to prepare or repair the substrate to accomplish proper installation. Does not include any structural alterations.

Subject Area	Percent
Residential Window and Siding Construction Supervisor Administrative Responsibilities	11
Siding Substrates	10
Sidings	34
Soffit and Fascia	11
Windows	23
Construction Safety	11
