- The final examination score will count for the other 50% of the final grade.

VIII. GRADING SYSTEM FOR PRACTICAL EVOLUTIONS - (Objective Evaluations)

Practical evolutions will be subject to grading at all times during the program. The individual techniques, evolutions, and proper sequence of accomplishment as stated in the drill manual or appropriate reference, i.e. instructor reference, student handout, etc. for the purpose of grading, have been divided into two categories, major and minor errors.

A. Major Errors - Major errors are those errors that are classified as an act or omission that does any of the following:

- Endangers the safety of personnel
- Prevents placing water on the fire
- Requires the assistance of another member of the crew for the evolution to be successful
- Causes total breakdown of the evolution due to lack of completion of a key technique
- Results in undue loss of time

Committing a major error will result in the student being charged with five (5) deficiency points for each error.

B. Minor Errors - Minor errors are those acts or omissions that, while incorrect, will not:

- Impair the safety of personnel
- Impair placing water on the fire
- Prevent completion of the evolution

Committing a minor error will result in the student being charged with one (1) deficiency point for each error. Minor errors will not be charged against the student if, in the opinion of the Instructor, the student, without assistance from other students, instructors or visitors, discovers and corrects the mistake within a reasonable time period.

IX. CONSULTATIONS REQUIRED BY ACCUMULATION OF DEFICIENCY POINTS

A. At 26 points, the student shall meet with a Recruit Coordinator or his/her designee.

- B. At 52 points, the student shall meet with a Recruit Coordinator or his/her designee and the Director of the Fire Academy or his/her designee.

- A. Subjective evaluations will be written as necessary by all instructors to document each student's performance. These evaluations may be positive and/or negative in nature and will be written when a student operates outside the scope of his/her training skills during either a graded or non-graded evolution.
- B. Subjective evaluations will be written to document a student's unprofessional or unsafe behavior, inability to operate within fire academy guidelines and training procedures, and non-compliance with the Rules and Regulations for the Career Recruit Training Program.
- C. A subjective evaluation as written by an instructor, and verified by the coordinator, that meets any of the following criteria: endangers the safety of personnel, impairs placement of water on the fire, requires the assistance of an instructor for the evolution to be successful, or causes the breakdown of the evolution due to lack of completion of a key technique will be given five deficiency points.
- D. There shall not be more than three of these counted that would amount to not more than 15 total deficiencies as a result. The coordinator or assistant coordinator must verify this particular subjective before points are assessed. If no points are assessed, then it will be treated as a normal subjective with a copy sent to the chief.
- E. If a subjective evaluation is written, and points are assessed, then a consultation will be held with the Recruit Coordinator or his/her designee, the Director or his/her designee, the Chief of the respective department or his/her designee, and the candidate.
- F. These subjective evaluations shall be limited to areas that have no grading associated with them, but still represent issues that could cause personal injury or meet the above stated guidelines:

If review of these evaluations indicates a need for realignment of a student's behavior or performance (as observed by an individual instructor or the Recruit Program Coordinator), all available methods will be utilized by the Academy to correct this behavior or performance. For those with adverse reports, the subject evaluations may be a contributing factor in prohibiting or denying graduation from the Academy.

XI. REPORTS TO CHIEF OF DEPARTMENT

Student grades are sent to the chief of department together with any late arrival and absence reports, injury reports, subjective evaluation reports, warning and dismissal notices, and consultation reports. These reports are sent on the following schedule:

Such IEP may not be older than five (5) years from its date of issue. All written requests will be acknowledged in writing within ten (10) business days, and approved or denied within twenty (20) business days of receipt

- E. If a student, through his/her own misconduct, becomes so incapacitated by injury that he/she is unable to complete the mandated course, he/she may not be eligible for entry to another approved Academy Career Recruit Training Program. Such final decision shall be the decision of the Massachusetts Fire Training Council.
