PROVIDER NETWORK TYPE*

General Provider Network: The most comprehensive provider network offered by a Carrier in its Massachusetts Service Area.

Limited Provider Network: A reduced or selective Provider Network, not a Regional Provider Network, which is smaller than a Carrier's General Provider Network and from which the Carrier may choose to exclude from participation other Providers who participate in the Carrier's Regional Provider Network or General Provider Network.

Regional Provider Network: A Provider Network for a defined geographic area within Massachusetts that is smaller than the Carrier's Service Area and includes only those Providers that have agreed to participate in the Carrier's plan in a limited geographic area within the Commonwealth of Massachusetts, A Regional Provider Network may be a geographic subset of the Carrier's General Provider Network.

Tiered Provider Network: A Provider Network in which a Carrier assigns Providers to different benefit tiers based on the Carrier's assessment of a Provider's relative cost and, where available, quality and in which Insureds pay the cost-sharing (copayment, coinsurance or deductible) associated with a Provider's assigned benefit tiers.

NOTE:

HEALTH PLANS WITH LIMITED, REGIONAL OR TIERED PROVIDER NETWORKS ARE DIFFERENT THAN A CARRIER'S GENERAL PROVIDER NETWORK. PLEASE BE SURE TO CALL THE CARRIER DIRECTLY IF YOU HAVE ANY QUESTIONS ABOUT WHETHER A CARRIER'S PROVIDER NETWORK IS AVAILABLE IN YOUR AREA AND WHETHER YOUR PRIMARY CARE PROVIDER, SPECIALIST OR ACUTE CARE FACILITY PARTICIPATES IN THE CARRIER'S LIMITED NETWORK.
