

CHAPTER 35: REFERENCED STANDARDS

Chapter 35 Replace introductory paragraph with this paragraph as follows:

This chapter lists the standards that are referenced in various sections of this document. The standards are listed herein by the promulgating agency of the standard, the standard identification, the effective date and title, and the section or sections of this document that reference the standard. The application of the referenced standards shall be as specified in section 102.4. Where a section of this code has been amended to cite a different standard (other than the one listed in this chapter), the referenced standard identified in the body of the code shall prevail, and the referenced standard identified in this chapter is no longer applicable or enforceable as a part of that section. Where a section of this code has been deleted or modified to remove a reference to a specific standard, the referenced standard listed in this chapter is no longer applicable or enforceable as part of this code. Buildings, structures, or conditions not addressed in this code must comply with section 104.10.2.

Insert referenced standards as follows:

NFPA 15 - 07	Standard for Water Spray Fixed Systems for Fire Protection
NFPA 25 - 11	Standard for the Inspection, Testing, and Maintenance of Water-based Fire Protection Systems.
NFPA 130- 10	Standard for Fixed Guideway Transit and Passenger Rail Systems.
NFPA 140- 08	which is referenced by MA amendment to Chapter 4.
NFPA 720 - 09	Standard for Installation of Carbon Monoxide (CO) Warning Equipment in Dwelling Units
NFPA 750- 10	Standard on Water Mist Fire Protection Systems

Replace, with later editions, the following referenced standards:

IECC - 12	International Energy Conservation Code.
NFPA 13 - 13	Standard for the Installation of Sprinkler Systems.
NFPA 13D - 13	Standard for the Installation of Sprinkler Systems in One-and Two-family Dwellings and Manufactured Homes.
NFPA 13 R - 13	Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and including Four Stories in Height.
NFPA 14 - 13	Installation of Standpipes and Hose Systems.
NFPA 20 - 13	Installation of Stationary Pumps for Fire Protection.
NFPA 72 - 10	National Fire Alarm Code
NFPA 92B - 09	Standard for Smoke Management Systems in Malls, Atria and Large Spaces
