704.000: Overview of Financial Eligibility

To receive Transitional Cash Assistance of EAEDC or TAFDC, an applicant or client must meet financial eligibility requirements as well as those requirements provided in Chapter 703: Nonfinancial Requirements.

An applicant or client meets the financial eligibility requirements if he or she has income at or below the Department's limits. The purpose of this chapter is to show how financial eligibility is established. The topics covered are:

- (A) Reserved;
- (B) Income, 106 CMR 704.200;
- (C) Membership in the Assistance Unit and Filing Unit, 106 CMR 704.300;
- (D) TAFDC, Need and Payment Standards, 106 CMR, 704.410, and 704.420;
- (E) EAEDC Living Arrangements and Standards of Assistance, 106 CMR 704.435 and 704.440;
and
- (F) Calculation of the Grant Amount, 106 CMR 704.500.

704.010: General Requirements for Financial Eligibility

The Department determines financial eligibility for Transitional Cash Assistance based on an assessment of the income of the filing unit. In order for the assistance unit to be eligible, the income of the filing unit may not be above the Department's income limits.

- (A) 106 CMR 704.300, 704.305, and 704.310 provide the requirements for determining who is in the filing unit, who is in the assistance unit, and whose income and needs are considered in determining eligibility.
- (B) Reserved.
- (C) 106 CMR 704.200: Income, provides the requirements for determining how income is counted in the eligibility test.

The remaining sections provide the requirements for calculating and paying the grant once eligibility has been established.

704.100: Reserved

704.110: Asset Limitations

In order for an EAEDC individual in living arrangement E, as set forth in 106 CMR 704.435(A)(6), to be eligible, the combined countable assets of the filing unit may not exceed \$2000.

704.120: Countable Assets

Assets used to determine financial eligibility are:

(A) Cash

(1) Definition

Cash includes currency, checks, or bank drafts, in the possession of, or available to, the filing unit.

(2) Verification

The amount of cash is verified at application, eligibility reviews and when a change is reported.

The applicant's or client's declaration of the amount of cash available to the filing unit is sufficient verification unless contradictory information is received by the Department.

(B) Bank Balances

(1) Definition

Bank balances may be in the form of savings, checking, trust accounts, term certificates, or other types of accounts held at banks, savings or loan institutions.

Balances in a bank account are considered available when a member of the filing unit has both ownership of, and access to, the balance of funds in the account.

Any portion of the bank balance or amount held in cash from the following sources is non-countable toward the asset limit:

(A) Highway Relocation assistance payments, Urban Renewal Assistance payments, disaster relief payments used for relocation, and payments from private agencies used for relocation;

(B) Any financial assistance paid to a student such as a financial aid package, grant, loan or scholarship for the purposes of obtaining a degree or certificate from an institution of higher education;

**Transitional Cash Assistance Programs
Financial Eligibility**

- (C) Any portion of a Workers' Compensation, property damage, personal injury, Compensation to Victims of Violent Crimes Act, death settlement or award, except for compensation for lost wages, that is received as a reimbursement for specified items and used to pay for such items;
- (D) Earned income credits, whether received as an advance payment or as part or all of an income tax refund;
- (E) Any payment made under a Public Law that prohibits the payment from being included as income or a resource in determining eligibility for or the amount of benefits under any Federal or federally assisted program;
- (F) The value of Transitional Cash Assistance for the remainder of the cyclical month of issuance;
- (G) Transitional Cash Assistance benefits from a correction of an underpayment or fair hearing decision, in the month of receipt and the following month;
- (H) A loan verified by a written document, signed by the borrower and the lender, that states the borrower's intent to repay and the conditions of repayment, the terms of which specify the purpose of the loan and which cannot be used to meet current living costs.

(2) Joint Accounts

If an account is a joint bank account, securities as described in 106 CMR 704.120 (C) or a trust fund as described in 106 CMR 704.120 (D) the entire amount is a countable asset unless the member of the filing unit demonstrates otherwise.

The member of the filing unit who states that he or she is not the owner, or is only partial owner, of the funds must verify the ownership of such funds. A member of the filing unit who states that he or she has no, or only partial, access to the funds, must verify lack of access.

If the account is titled A and B, neither individual has access to the account without the consent of the co-holder. The applicant or client must submit a written statement from the co-holder denying such consent. If the applicant or client is unable to obtain the written statement of the co-holder, he or she may submit an affidavit stating that he or she does not have the co-holder's consent.

If the account is titled A in trust for B, or A for B, A has full access to the account and B has no access to the account.

(3) Verification of Access to and Ownership of Bank Balances

Claimed lack of access and ownership must be verified. If lack of access or ownership is verified, the funds will not be considered available to the filing unit. If the verification submitted does not demonstrate lack of access or ownership, the funds will be counted toward the asset limit.

- (a) A member of the filing unit may claim lack of access to a joint account when verification has been submitted that the co-holder has a history of physical or emotional abuse, or has threatened to abuse a member of the filing unit.

Verification shall be court, law enforcement, medical, psychological, child protective service social service records, or a established good cause for noncooperation with child support. When the applicant or client cannot get the verification from one of the above sources, sworn statements from the applicant or client and at least one other individual with knowledge of the circumstances is acceptable. Such statements may be made orally and recorded in the case record.

- (b) Verification that the member of the filing unit does not have ownership of, or has only partial ownership of, the balance in the account must be shown by at least two of the following:
1. Documents showing the person who opened the account, the person whose money was used to open the account, or the co-owner of the account is not a member of the filing unit;
 2. Documentation through federal or state tax records, that the person who declares the tax on the interest received is not a member of the filing unit;
 3. Records showing the person who makes deposits and withdrawals is not a member of the filing unit;
 4. A signed, notarized statement from the member of the filing unit and from either one of the other individuals listed on the joint account, or a person who opened or contributed to the account, that the member of the filing unit had no knowledge of the existence of the account; or
 5. If only one of the above is available and if the other individual(s) listed on the account or who had opened or contributed to the account is unavailable or is unable or unwilling to provide a statement, the second proof may be a signed statement from the member of the filing unit stating under penalties of perjury of the ownership of funds in the account.

(4) Verification of Account Balances

Verification of the current balance of each account is mandatory at application, at eligibility reviews and when a change is reported. The amount is verified by bank books or bank statements that show the balance within 45 days of the date of application or redetermination.

Verification is not required at redetermination when the client states the balance is \$25 or less and the balance was \$25 or less at the last eligibility determination and the account balance, in combination with other assets, is not over the asset limit. The statement shall be recorded in the case record.

(C) Securities(1) Definition

Stocks, bonds, options, futures contracts, debentures, mutual, exchange-traded and money market funds; government, bank, corporate or promissory notes; and other securities are countable assets. Tradeable securities are valued at the most recent closing price, and nontradeable securities are valued at current equity value. A security for which there is no market or which is inaccessible is noncountable.

(2) Verification

Verification of the current value of each security owned is mandatory at application, eligibility reviews, and when a change is reported.

Verification of the value of a security can be made by:

- (a) A statement from the individual, corporation, licensed stockbroker, bank or government agency that issued the security;
- (b) An official publication showing the date and closing price;
- (c) A statement from any bank or other financial services institution of the current value of the security.

(D) Trust Funds

Any funds, except for the first \$150,000 of lump sum income from a personal injury settlement meeting the requirements of 106 CMR 704.240 (B)(5), held in a trust to the extent that it is available to the assistance unit. Funds are considered available when:

- (1) The trust is owned or operated by a member of the assistance unit;
- (2) A member of the assistance unit has the power to revoke the trust or change the name of the beneficiary;
- (3) There are no court imposed limitations placed on the use of funds or the imposed limitations include covering the costs of day to day living;

- (4) Trust investments made on behalf of the trust directly involve, or assist, a business or corporation owned or operated by a member of the assistance unit.

Verification is any relevant legal or financial statement showing the owner, terms and amount of the trust.

(E) Cash Surrender Value of Life Insurance Policies

(1) Requirement

A life insurance policy with no cash surrender value (CSV) or with a cash surrender value that is less than the asset limit for the program is a non-countable asset.

(2) Verification

The verification of the CSV of all life insurance policies is mandatory at application, eligibility reviews and at times of reported changes in the value.

CSV is verified by the Table of Loan and CSV amounts located on the actual policy, or by a written statement from the issuing company or its representative or online printout. If the policy is paid up or has been in effect longer than the number of years covered by the table, verification of the CSV must be obtained from the issuing company or agent.

(F) Real Estate

(1) Requirement

The equity value of all real estate owned by a member of the filing unit other than the principal place of residence and the land on which it rests, is a countable asset when it is accessible to the filing unit. Property is not considered countable if inaccessible to the member of the filing unit, such as when ownership is the subject of legal proceedings.

Equity value is the fair market value less liens or encumbrances.

Fair market value is the price for which real estate will sell in the area.

(2) Verification

The fair market value and equity value of all countable real estate is verified at application, eligibility reviews and at times of reported change.

Fair market value is verified by a copy of the tax bill or the property tax assessment most recently issued by the taxing jurisdiction, provided that this assessment is not:

- (a) A special purpose assessment;
- (b) Based on a fixed rate per acre method; or

(C) Based on an assessment ratio or providing only a range.

Verification of liens or encumbrances on the property shall be by a copy of documents showing the outstanding balance of the loan.

If a current property tax assessment is not available or the grantee wishes to rebut the fair market value determined by the Department, a comparable market analysis or a written appraisal of the value of the property from a licensed real estate agent or broker, a real estate appraiser, bank, or other lending organization, or an official of the local real estate property tax jurisdiction establishes the fair market value. The grantee can rebut the fair market value determined by the Department at any time.

(G) Retirement Accounts and Pensions

Retirement accounts and pension funds, less any early withdrawal penalties, are countable unless inaccessible to the applicant or client.

704.130: Joint Ownership of Assets

(A) Definition

Any asset owned by two or more persons, other than a joint bank account is considered owned in equal parts unless a different ownership share is verified. If joint ownership exists, only that portion owned by persons included in the filing unit is countable.

704.135: Transfers of Income and/or Assets(A) Transfers for Less Than Fair Market Value

- (1) If, within 12 months before applying for Transitional Cash Assistance, a member of the filing unit transfers any income, or an asset when the application is for EAEDC as a resident in a licensed rest home, in whole or in part for less than its fair market value or places the income or an asset into an irrevocable trust, it is presumed that the transfer was made to become eligible for Transitional Cash Assistance, unless the presumption is rebutted in accordance with 106 CMR 704.135(A)(2). If the presumption is not rebutted, or if the transfer is prohibited by law, the filing unit will be ineligible for Transitional Cash Assistance for the period of time calculated in accordance with 106 CMR 704.135(C) and (D).
- (2) The presumption that a transfer for less than its fair market value or placement into an irrevocable trust was made to receive Transitional Cash Assistance, may be rebutted if the applicant establishes one of the following:
 - (a) Reserved;
 - (b) At the time of the transfer, the filing unit member had enough other income and/or assets to pay for 12 months of his or her day-to-day living and medical expenses as defined in 106 CMR 704.135(A)(2)(c) as well as those individuals that the filing unit member was legally obligated to support. This determination is based on the filing unit's average monthly expenses for the six months immediately prior to the date of the transfer;
 - (c) The transfer of the income or assets was for self-support because the filing unit member's income and assets at the time of the transfer did not meet the filing unit member's day-to-day living and medical expenses. Day-to-day living expenses are limited to expenses for shelter, fuel, utilities, and food and cannot exceed the greater of what the filing unit member was paying for those expenses prior to the date the income and/or assets and was transferred or the payment standard provided in 106 CMR 704.420 or 106 CMR 704.425 for the assistance unit. Medical expenses are limited to health insurance premiums or health care treatment or services essential for the treatment of members of the filing unit not covered by any health insurance or MassHealth, and not incurred as the result of cosmetic surgery unrelated to illness, accident or surgery. Expenditures which would not be essential health care treatment include, but are not limited to, those for vacations or recreational activities;
 - (d) The transfer of the income or asset was made while the filing unit member was legally incompetent or as a result of undue coercion. The applicant must demonstrate that every effort has been made to recover the property by court action or by other such procedures as indicated by the circumstances; or
 - (e) The transfer of the income or asset was the result of a legal action such as a court order, judgment, foreclosure, or delinquent tax sale.

(2 of 3)

Chapter 704
Page 704.135

Rev. 5/2024

The applicant must verify that the transfer of income or asset was done exclusively for a purpose other than becoming eligible for Transitional Cash Assistance. A subjective statement of intent or of ignorance of the transfer rules is not sufficient. The applicant must give objective evidence of one or more of the factors provided in 106 CMR 704.135(A)(2).

(B) Transfers for Fair Market Value or More

- (1) If, within 12 months before applying for Transitional Cash Assistance, a member of the filing unit transfers income, or asset if the application is for EAEDC as a resident in a licensed rest home, for fair market value or greater value and the transfer was for an extraordinary expense or a vacation, it will be presumed the transfer was made to receive Transitional Cash Assistance. The presumption that the income or asset was transferred for the purpose of becoming eligible for Transitional Cash Assistance may be rebutted as provided in 106 CMR 704.135(A)(2). If the presumption is not rebutted, the filing unit will be ineligible for TAFDC for the period of time calculated in accordance with 106 CMR 704.135(D).

An item is considered an extraordinary expense if:

- (a) the expense is not normally incurred by the filing unit; and
 - (b) the expense is more than 25 percent of the filing unit's average monthly gross income, excluding the receipt of any non-recurring lump sum income, for the six months immediately before the date of the transfer.
- (2) An item is not considered an extraordinary expense if it is:
- (a) for a day-to-day expense as defined in 106 CMR 704.240(B)(4)(a)-(f);
 - (b) necessary for work, employment, education or job training; or
 - (c) used to buy a prepaid funeral arrangement, and one burial plot for each member of the assistance unit. A prepaid funeral arrangement may include a contract with a funeral director or a separately identifiable trust fund.
- (3) Other than as provided in 106 CMR 704.135(B)(1), a transfer of income or assets for its fair market or greater value will not be considered a transfer for the purpose of becoming eligible for Transitional Cash Assistance as long as the transfer is not prohibited by law.

(C) Value of Transferred Income and/or Asset(s)

If the income, or asset if the application is for EAEDC as a resident in a licensed rest home, is considered to have been transferred to become eligible for Transitional Cash Assistance, the value is determined as follows:

- (1) Use the fair market value of the transferred income or asset as of the date of transfer.
- (2) Deduct from the fair market value:
 - (a) any legal encumbrances to the transferred income or asset which were paid on or after the date of transfer; and
 - (b) any compensation received in excess of the paid legal encumbrances. Compensation may be in the form of money, goods or services. The value of goods and services received as compensation is valued at fair market value as of the date services were received. Compensation does not include the value of extraordinary expenses as defined in 106 CMR 704.135(B)(1) or a vacation or any compensation received in a transfer prohibited by law.
- (3) The remainder is the value of the transferred income or asset.

(D) Calculation of Period of Ineligibility

Depending upon the value of the transferred income, or asset if the application is for EAEDC as a resident of a licensed rest home, all members will be subject to an uninterrupted ineligibility period. The calculation for the period of ineligibility period is as follows:

- (1) Divide the value of the transferred income or asset, as determined in 106 CMR 704.135(C), by the appropriate Payment Standard for the TAFDC assistance unit or the appropriate standard of assistance for the EAEDC assistance unit. The result will be the number of months in the period of ineligibility.
- (2) Any remainder from the above calculation shall be considered unearned income in the first month following the period of ineligibility and deducted from the appropriate Payment Standard for the TAFDC assistance unit or the appropriate standard of assistance for the EAEDC assistance unit, provided there is a reapplication for assistance during that month.
- (3) The period of ineligibility shall begin on the first day of any transfer, in whole or in part, of income or assets within 12 months of application. Any assistance received during the ineligibility period is considered an overpayment in accordance with 106 CMR 706.200, et seq.

(E) Ineligibility for Transitional Cash Assistance

Any member of the filing unit who is determined to be ineligible for EAEDC due to the transfer of income or assets is concurrently ineligible for TAFDC. Conversely, any member of the filing unit who is determined to be ineligible for TAFDC due to the transfer of income or assets is concurrently ineligible for EAEDC.

704.200: Income

Income is considered either countable or noncountable when determining financial eligibility and the grant amount in each cyclical month. Income paid in other than monthly amounts must be converted to monthly amounts.

For TAFDC, this calculation is done for income received by the filing unit.

The most current monthly income information is used as the basis for the Transitional Cash Assistance grant calculation unless subsequent information is received indicating a change in income or eligibility. If verified income information indicates an underpayment, a grant adjustment must be made.

704.210: Types of Countable Income

The types of countable income generally are as follows:

(A) Earned Income

Earned income is income, in cash or in kind, earned through employment or self-employment. Earned income may be received as wages, salary, tips, commissions, or in kind. For employees, earned income is the total gross amount received.

With respect to self-employment, earned income is the total gross income less total business expenses. See 106 CMR 704.210(E) and (F) for an explanation of income from real estate, roomers and boarders, and business expenses;

(B) Unearned Income

Unearned income is all income that a person does not earn through employment. Unearned income includes, but is not limited to:

- (1) Dividends;
- (2) Interest;
- (3) Unemployment Compensation payments;
- (4) Pensions;
- (5) Social Security (RSDI) benefits;
- (6) Veterans' benefits, except as provided in 106 CMR 702.720 for EAEDC;
- (7) Contributions, except as provided in 106 CMR 704.120 and 106 CMR 704.250; and
- (8) Certain income from real estate as provided in 106 CMR 704.210(E);

(C) Contribution From a Non-Legally Responsible Person (s)

Contributions from non-legally responsible persons that meet the entire cost of one or more of the needs below is considered countable income for calculation of the grant amount only and is deducted using the standard values below.

	Heated Facility	126.30 per month
FUEL		27.90 per month
UTILITIES		18.60 per month
FOOD (Individual)		41.80 per month

(D) Deemed Income

- (1) The income, excluding the types of noncountable income provided in 106 CMR 704.250, of the following persons, who live in the same household with the TAFDC assistance unit, is deemed to the filing unit to determine eligibility and the grant amount in accordance with 106 CMR 704.235(A), (B), and (C):
 - (a) stepparents living with the natural or adoptive parent of the dependent child,

The income of a stepparent living with the parent of a minor parent as defined in 106 CMR 704.236 is excluded when determining the eligibility of the minor parent unless the TAFDC assistance unit includes the minor parent as a dependent child;
 - (b) parents of minor parents as defined in 106 CMR 704.236; and
 - (c) persons who have a legal obligation of support as defined in 106 CMR 704.330(B)(1) with the exception of the spouse of a pregnant woman as specified below.
- (2) The income, excluding the types of noncountable income provided in 106 CMR 704.250, of the spouse of the EAEDC applicant or client, who lives in the same household with the EAEDC applicant or client, is deemed to the filing unit to determine eligibility and the grant amount in accordance with 106 CMR 704.335. [Note: This regulation was formerly found at 106 CMR 204.210(D)(2)].
- (3) The income, excluding the types of noncountable income provided in 106 CMR 704.250, of the spouse of the otherwise eligible TAFDC pregnant woman, who lives in the same household, are deemed to the filing unit to determine eligibility in accordance with 106 CMR 704.235.

Transitional Cash Assistance Programs
Financial Eligibility(E) Real Estate Income

- (1) When an applicant or client receives income from rental or commercial property, he or she is considered self-employed. This income can be earned or unearned.

The income is unearned if the property is managed by a rental agency for the applicant or client who has no responsibility for the income-producing property. This unearned income, less business expenses only, is considered to determine eligibility and the grant amount.

The income is earned if the client collects rents and provides services to maintain the property.

Deductions from earned real estate income are allowed as provided in 106 CMR 704.210(E)(2) through (6).

- (2) Business expenses include carrying charges, the cost of fuel and utilities provided to tenants, maintenance and repair costs.

(a) Carrying Charges

Carrying charges consist of current taxes less any abatements, betterment taxes, interest and principal payments on the mortgage, water bills, and fire insurance premiums. Carrying charges must be used in grant calculations as monthly amounts and verified.

(b) Fuel and Utilities

The cost of fuel and utilities provided to tenants is based on either actual costs averaged on a yearly basis and used in grant calculations as a monthly amount or on projected monthly costs. If actual costs are used, they must be verified. If projected amounts are used, verification shall be by a written statement of the projected costs from the applicant or client.

(c) Maintenance and Repair Costs

Maintenance and repair costs of \$20 per month per rented unit may be routinely allowed as a business expense. If the client verifies that maintenance or repair costs exceed \$20 per month per rented unit, the excess amount is allowed in calculating the amount of available income.

- (3) If the applicant or client lives in an apartment in the same house from which he or she receives rental income, the business expenses are partially deducted to determine rental income in the following ways:
- (a) For a two-family house, one-half of the carrying charges will be allowed as a business expense, for a three-family house, two-thirds will be allowed, and so forth; and
 - (b) When the applicant or client provides his or her own heat and/or utilities and that of the tenants from a single heating unit/meter, the expenses are prorated as in item (3)(a).
- (4) If the applicant or client lives in an apartment in the same house from which he or she receives rental income and provides heat to the tenants from separate heating units or utilities from separate meters, these expenses are fully deducted to determine rental income.
- (5) If the applicant or client receives rental income from property in which he or she does not live in, the business expenses are fully deducted from the total rental income.
- (6) If the rental income is earned income as defined by 106 CMR 704.210(E)(1), the applicant or client is allowed the work-related-expense deductions from the rental income in accordance with 106 CMR 704.270, and the TAFDC Earned Income Disregards for Grant Calculation in accordance with 106 CMR 704.281, if applicable; and

(F) Roomer and Boarder Income

When an applicant or client provides a room or room and board in his or her home or rental unit to a person not included in the assistance unit, he or she is considered self-employed. The amount received from the roomer or boarder, less the applicable business expenses provided in 106 CMR 704.210(F)(1), (2), or (3), is available gross earned income. The applicant or client may either use the standard or actual business expenses in the grant calculation. However, if the applicant or client chooses actual business expenses, he or she must verify that the business expenses exceed the standard business expense.

(C) Availability for Needs

Lump sum income, that is not excluded as provided in 106 CMR 704.240(B), received by a member of the filing unit is considered available income to meet the needs of all members of the assistance unit at the time of its receipt resulting in a specified period of ineligibility in accordance with 106 CMR 704.240(D).

Add the result of this calculation to the filing unit's unearned lump sum income and any other countable unearned income received by the filing unit or deemed to the filing unit;
 - (b) If the total of 106 CMR 704.240(D)(1)(a) is less than or equal to the appropriate Need Standard for the TAFDC assistance unit or standard of assistance for the EAEDC assistance unit, the assistance unit remains eligible and the income is deducted from the Need Standard for TAFDC or the standard of assistance for EAEDC; or
 - (c) If the total of 106 CMR 704.240(D)(1)(a) is greater than the appropriate Need Standard for the TAFDC assistance unit or standard of assistance for the EAEDC assistance unit, the assistance unit is ineligible.

 - (a) Divide the total income in 106 CMR 704.240(D)(1)(a) by the appropriate Need Standard for the TAFDC assistance unit or standard of assistance for the EAEDC assistance unit. The result will be the number of months in the period of ineligibility;
 - (b) Any remainder in 106 CMR 704.240(D)(2)(a) is considered unearned income in the first month following the period of ineligibility and is deducted from the appropriate Need Standard for the TAFDC assistance unit or standard of assistance for the EAEDC assistance unit, provided there is a reapplication for assistance during that month; and
 - (c) The period of ineligibility begins on the first day of the cyclical month of receipt of the lump sum income. Any assistance received during the ineligibility period is considered an overpayment in accordance with 106 CMR 706.200, et seq.

(E) Change in Circumstances

Once a determination of the period of ineligibility is made, it remains in effect for all members of the filing unit except in situations resulting in recalculation as provided in 106 CMR 704.240(F). Changes in income for members of the filing unit shall not alter the period of ineligibility for any of the members of the ineligible assistance unit.

A new member to the assistance unit during the period of ineligibility, if otherwise eligible, shall receive a grant amount equal to the appropriate Need Standard for TAFDC or standard of assistance for EAEDC, less any countable deductible income during the remainder of the period of ineligibility.

704.260: TAFDC Income Test of Eligibility

Financial eligibility for TAFDC is determined at application, eligibility reviews and when a change in income is reported. Filing units whose total countable income as defined in 106 CMR 704.210 does not exceed the applicable Need Standard for the exempt or nonexempt assistance unit found at 106 CMR 704.400 and 704.405, respectively, are eligible.

- (5) If the filing unit's income is over the appropriate Need Standard, the assistance unit is ineligible. If the filing unit's income is equal to or is less than the appropriate Need Standard, the assistance unit is eligible.

704.270: Work-Related-Expense Deduction

(A) Requirements

An employed applicant is entitled to a \$200 monthly work-related-expense deduction from gross wages in determining eligibility.

An employed client is entitled to a \$200 monthly work-related-expense deduction from gross wages in determining the grant amount unless eligible for the 100% Earned Income Disregard pursuant to 106 CMR 704.281.

(B) Restrictions

- (1) An applicant or client who meets the provisions of 106 CMR 704.280(A) or (B) or 704.286(C) for EAEDC shall not be eligible for the work-related-expense deduction.

704.275: Dependent Care Deduction(A) Requirements

An employed applicant or client may receive a deduction from income equal to the expenditure for the care of a dependent child, as provided in 106 CMR 701.600, including an incapacitated individual requiring care.

If the applicant or client is eligible for a 50% TAFDC disregard (see 106 CMR 704.280 or 704.281), the dependent care deduction is made after the 50% disregard has been deducted. The dependent child or incapacitated individual must be a member of the assistance unit. For an applicant or client who is employed full-time, the amount allowed as a deduction is the actual cost of dependent care, including the cost of transporting dependents to and from dependent care, but shall not exceed \$175 per dependent child, age two or older, or incapacitated individual per month. For children under the age of two, the monthly maximum allowable deduction shall not exceed \$200.

An applicant or client who is employed less than full-time may receive a proportionate share of the maximum allowable deduction. The following standards are used to determine the maximum deduction, per child, or incapacitated individual. In all situations, the amount allowed for dependent care is the actual expenditure for dependent care, including the cost of transporting dependents to and from dependent care, or the maximum allowable deduction, whichever is less.

<u>WEEKLY HOURS</u>	<u>MONTHLY HOURS</u>	<u>MAXIMUM DEDUCTIONS</u>

(B) Restrictions

- (1) An applicant or client who meets the applicable provisions of 106 CMR 704.280(A) or (B) or 106 CMR 704.281(A) or (B) for TAFDC and 106 CMR 704.285(C) for EAEDC shall not be eligible for the dependent care deduction.
- (2) An applicant or client who must be in the filing unit, but is not included in the assistance unit, is not eligible for the dependent care deduction.
- (3) The dependent care deduction is not applied to income from a renter, roomer, or boarder.

(C) Verification

- (1) The acceptable verifications for dependent care expenses are:
 - (a) a signed and dated statement from the dependent care provider; and/or
 - (b) a canceled check or money order payable to the dependent care provider.

If neither document is available, verification shall be by a signed and dated statement from the employed individual of the actual cost of dependent care.
- (2) The verification of the cost of transporting dependents to and from dependent care shall be a signed and dated statement from the employed individual of the actual cost of such transportation.
- (3) The incapacity of an individual in the assistance unit other than a dependent child for whom dependent care costs are being claimed must be verified. Incapacity is verified in accordance with 106 CMR 703.190 by a statement from a competent medical authority as defined in 106 CMR 701.600.

704.280: TAFDC Earned Income Disregard at Application

For eligibility determination purposes, an applicant who has received TAFDC within the last four calendar months is eligible to have 50 per cent of the remaining gross earned income disregarded, after work-related-expenses, but before dependent care deductions, unless:

- (A) he or she reduced his or her income or terminated his or her employment without good cause before the month the grant amount is calculated or refused a bona fide job offer without good cause in the same period. See 106 CMR 701.380 for good cause criteria;
- (B) he or she failed without good cause to make a timely report of income received. Good cause for failure to do so is limited to demonstrated serious illness on the part of the applicant or client, or a dependent child. See 106 CMR 701.420: Responsibility for Notification of Changes for the definition of a timely report;
- (C) he or she is employed in the Full Employment Program (FEP); or
- (D) he or she is not included in the case but is legally liable to support his or her dependent child.

If one or more of these conditions exists, the disregard does not apply in the month in which the condition exists.

704.281: TAFDC Earned Income Disregards For Grant Calculation

- (A) For purposes of the grant calculation, a TAFDC client shall have 100% of his or her earned income disregarded for up to six consecutive months immediately following the start of employment, or if already employed the date on which the recipient began receiving TAFDC, whichever is later, provided the total household countable income does not exceed 200% of the Federal Poverty Limit for the client's household size. The household size is determined under the rules of 106 CMR 704.305(B) Composition of the Filing Unit.

Except where 704.281(C)(1) applies, if a client stops working before receiving the full six months of the 100% disregard, he or she will be eligible to receive the balance of the months when employed again and all other eligibility conditions are met.

If, after the client received the 100% disregard, a TAFDC case is closed for at least 30 days and subsequently reopened, the client will be eligible for another six months of the 100% disregard if the client has a different employer from the one for whom the earnings were previously disregarded. All other eligibility conditions must be met.

- (B) After the six month period has ended, a working client shall be eligible for the \$200 work-related expense and a 50% earned income disregard.
- (C) Clients shall not be eligible for either earned income disregard when the following situations apply:

- (1) he or she reduced his or her income or terminated his or her employment without good cause within the 30 days before the month the grant amount is calculated or refused a bona fide job offer without good cause in the same period. See 106 CMR 701.380 for good cause criteria;
- (2) he or she failed without good cause to make a timely report of income received. Good cause for failure to do so is limited to demonstrated serious illness on the part of the applicant or client, or a dependent child as provided in 106 CMR 701.420;
- (3) he or she is employed in FEP; or
- (4) he or she is not included in the case but is legally liable to support his or her dependent child.

704.285: EAEDC Income Test of Eligibility

Financial eligibility is determined at application, redeterminations, and when a change in income is reported. For filing units whose income does not exceed the applicable Standard of Assistance provided in 106 CMR 704.440, a grant calculation is performed as provided in 106 CMR 704.500(B).

704.286: EAEDC Earned Income Disregards

An applicant or client is eligible for the following disregards of the remaining gross earned income disregarded, after work-related-expenses, but before dependent-care deductions:

- (A) For the first four consecutive calendar months of benefit receipt, the client is eligible for the \$30 and one-third disregard. Once the \$30 and one-third disregard has been used for four consecutive calendar months, the client is ineligible for it as long as he or she continues to receive EAEDC. If the \$30 and one-third disregard has been used for four consecutive calendar months and the client stops receiving EAEDC, the client shall be ineligible to receive this disregard again until a year has passed without receiving EAEDC.
- (B) For the following eight consecutive calendar months of benefit receipt, the client is eligible for the \$30 disregard.
- (C) These disregards do not apply to the earned income of a member of the assistance unit for the month in which:
 - (1) the applicant or client reduced his or her income or terminated his or her employment without good cause within the 30 days before the month the grant amount is calculated or who refused a bona fide job offer without good cause in the same period. See 106 CMR 701.380 for acceptable good cause reasons; or
 - (2) the applicant or client failed without good cause to timely report income received. Good cause for failure to make a timely report shall be limited to demonstrated serious illness on the part of the applicant or client, or a dependent child. See 106 CMR 701.420 for the definition of a timely report.

Chapter 704
Page 704.290704.290: Verification and Determination of Income(A) Verification and Determination of Monthly Wages

Eligibility and grant amount are based on the filing unit's projected income at the time of application or when a change is reported. Projected income must be based on the best estimate of income that actually will be received in the cyclical month in which action will be taken on the application or the change.

Earned income from wages shall be verified at application, redeterminations, at any time a member of the filing unit reports he or she has started receiving income and when a change in income that is required to be reported under 106 CMR 701.420 has occurred.

Earned income shall be verified by pay stubs, pay envelopes, or a written statement signed by an employer. The verification must show the gross wages (including tips, if applicable) and the number of hours worked.

- (1) If the employee is paid weekly, the average of the four consecutive weeks' pay received before the application date will be multiplied by 4.333 to get an average monthly wage.
- (2) If the employee is paid bi-weekly, an average of the last two consecutive pay periods will be multiplied by 2.167 to obtain a monthly figure. If the employee is paid twice a month, the last two consecutive pay periods will be added to obtain a monthly figure.
- (3) If the employee is paid monthly, the monthly figure will be used.
- (4) If the employee receives a contractual annual salary, the amount to be used is the contractual annual salary divided by twelve. Verification of the annual salary shall be a signed copy of the contract or a signed letter stating the annual salary to be received.
- (5) Pay stubs and pay envelopes that contain the employer's federal employment identification number, or a written statement signed by an employer showing wages paid and the number of hours worked in the year to date may be used to determine an anticipated monthly wage as long as the number of weeks' pay is shown or can be calculated.

(B) Verification and Determination of Self-Employment Income

Self-employment income shall be verified by means of business records and tax returns that show the total amount of income and the total business expenses associated with the gross income earned. The three most current months' records must be used.

Business expenses shall be verified by records of bank deposits, records of wages paid to employees, including Social Security and other taxes paid, and withheld from those wages, rent receipts, utility payments receipts, bills of lading, receipts for stock purchases and Workers' Compensation payment records.

(C) Unearned Income

Unearned income shall be verified at application, at eligibility reviews and at the time of a change in income. Income that is received on other than a monthly basis shall be converted to a monthly amount in accordance with 106 CMR 704.290(A).

Unearned income shall be verified by a copy of the benefit payment check, a benefit or award letter, retirement fund documents, social security benefit statements, a written statement from the agency or person making the payment that indicates the amount and frequency of the payment, or information received by the Department through a computer match from agencies such as the Social Security Administration (SSA) or the Department of Revenue (DOR) that indicates the current amount and frequency of the payment.

704.300: Membership in the Assistance Unit and Filing Unit

An assistance unit is made up of those persons whose needs are used to determine eligibility and the grant amount, and who are eligible to receive benefits under TAFDC or EAEDC. All persons in the assistance unit must be included in the filing unit.

A filing unit is made up of those persons whose income is used to determine the eligibility and grant amount for the assistance unit, regardless of whether they are included in the assistance unit.

A household is the total group of persons who live together. The household may include persons who are not in the filing unit. In order for the assistance unit to be eligible for TAFDC or EAEDC, the filing unit may not have income, including income deemed to it, greater than the allowable limits for income defined in 106 CMR 704.210.

- (2) Whenever an application is made for a dependent child by a grantee who is not the parent, except for the dependent child as described in 106 CMR 704.305(A)(3), this child must be included in the same assistance unit unless to do so would cause the child to become homeless or to endure undue hardship. In this instance the Department may waive this provision.

- (f) a noncitizen who is ineligible because the noncitizen indicated an inability or unwillingness to provide information about, or acceptable verification of, an eligible noncitizen status or to provide, or apply for, a Social Security Number due to immigration status in accordance with 106 CMR 703.400. 704.310: Composition of the EAEDC Assistance Unit and Filing Unit**(A) Composition of the EAEDC Assistance Unit**

- (1) When an application is made by an elderly person, the assistance unit shall include the elderly person;
- (2) When an application is made by a disabled person, the assistance unit shall include the disabled person;
- (3) When an application is made by a person participating in MRC, the assistance unit shall include the person participating in MRC;

 - (b) the siblings and half-siblings of the dependent child.

The caretaker may include or exclude himself or herself only from the assistance unit, but the caretaker may not be an assistance unit of one when the dependent children and the siblings and half-siblings in the home are foster children.

(B) Composition of the Filing Unit

The following persons must be included in the filing unit and their income must be used to determine the assistance unit's eligibility and the amount of the grant:

- (1) persons in the assistance unit as defined in 106 CMR 704.310(A);
- (2) the spouse living in the home of a person in the assistance unit who is applying for or receiving EAEDC as provided in 106 CMR 703.191, 703.600, 703.610, 703.620; and
- (3) the disabled person who is being cared for as provided by 106 CMR 703.620. The income of this person must be used to determine eligibility of the person providing the care in accordance with 106 CMR 704.340.

704.315: Failure to Cooperate TAFDC

- (A) If TAFDC financial eligibility cannot be determined because of the failure or refusal of any member of the filing unit to provide verification, the entire assistance unit shall be ineligible.
- (B) If any person required to be in the TAFDC filing unit does not meet a nonfinancial eligibility requirement but financial eligibility for the assistance unit can be determined, the assistance unit's eligibility and grant amount is determined by including that person's income but excluding him or her from the assistance unit.

704.320: Optional Membership in a TAFDC Assistance Unit

A person may only be an eligible member of one assistance unit. The following persons may, at their option, be included in an assistance unit, if otherwise eligible:

- (A) a grantee who is not the parent of the dependent child, provided the grantee is related to the dependent child as provided in 106 CMR 703.310;
- (B) a minor parent, living with his or her dependent child and his or her parents. He or she may either:
 - (1) have his or her own assistance unit with his or her child; or

However, the minor parent must be included in the assistance unit of the parents with whom he or she lives if that parent's assistance unit includes a dependent child who is a sibling or half sibling of the minor parent.

The applicant or client must be informed of the advantages and disadvantages of being included in the assistance unit, where an option exists. Although being included in the assistance unit confers automatic eligibility for MassHealth, the income of any individual who chooses to be included in the assistance unit must be considered to determine eligibility and the grant amount.

704.325: Eligibility of the Spouse of the TAFDC Grantee

A grantee's spouse may be included in the assistance unit only when he or she is the parent of the dependent child.

Transitional Cash Assistance Programs
Financial Eligibility704.330 Circumstances Governed by Legal Support Obligations for TAFDC

 1. the monthly gross earned income less the work-related-expense deduction as provided in 106 CMR 704.270; and

 1. the gross monthly earned income less the work-related-expense deduction;

704.500: Calculation of Grant Amount**(A) The TAFDC grant amount calculation :**

- Step 1: Identify the earned income of each member of the filing unit, excluding any earned income specified in 106 CMR 704.250: Noncountable Income and: (1) the income, from the Full Employment Program as specified in 106 CMR 707.180; and (2) the earned income of dependent children who are full-time students, used in the Test of Financial Eligibility as provided in 106 CMR 704.260(A);
- Step 2: Subtract 100% of the remaining gross earnings of each member of the assistance unit who is eligible for the 100% Earned Income Disregard.
For members who are not eligible for the 100% Earned Income Disregard but who are eligible for the 50% disregard, subtract, in this order, from the remaining gross earnings of each member of the assistance unit an amount of income equal to: (a) the work-related expense deduction (see 106 CMR 704.270: Work-Related Expense Deduction); and (b) if appropriate, from the remaining income of each member of the exempt or nonexempt assistance unit 50 per cent of the remainder as provided in 106 CMR 704.280 or 106 CMR 704.281;
- Step 3: Subtract the appropriate dependent-care deduction as provided in 106 CMR 704.275: Dependent Care Deduction;
- Step 4: Total the countable earned income of all members of the filing unit;
- Step 5: Total all gross unearned and other income not excluded as provided in 106 CMR 704.250. This total includes deemed income in accordance with 106 CMR 704.235 plus the gross income for those members of the filing unit that are excluded from the assistance unit;
- Step 6: Add the results of Step 4 and Step 5;
- Step 7: Subtract the result of Step 6 from the applicable Need Standard as provided in 106 CMR 704.410 and 704.415 for the number of persons in the assistance unit. Round this amount down to the next whole dollar. The result, if \$10 or greater, but less than the applicable Payment Standard as provided in 106 CMR 704.420 and 704.425, is the amount to be paid monthly. If the result is less than or equal to the applicable Need Standard, but greater than the applicable Payment Standard, the amount to be paid monthly shall equal the applicable Payment Standard. If the result is zero or greater but less than \$10, the assistance unit is considered to be receiving assistance but will not receive a monthly grant. If the result is less than zero, the assistance unit is financially ineligible.
