Re: Written Determination and Draft License pursuant to M.G.L. Chapter 91, Application No W19-5439: Long Island Bridge between Moon Island and Long Island in and over Flowed Tidelands of Boston Harbor, City of Quincy and City of Boston, Norfolk County and Suffolk County

Dear Mr. Jayasinghe,

The Department of Environmental Protection Waterways Regulation Program (the “Department”) hereby issues this Written Determination pursuant to M.G.L. Chapter 91, the Public Waterfront Act, the applicable Waterways Regulations at 310 CMR 9.00, and its intent to approve the referenced Waterways Application, subject to the attached conditions.

The City of Boston Public Works Department (the “Applicant”), requests authorization pursuant to M.G.L. Chapter 91 to construct and maintain improvements to the existing piers and replace the superstructure of a bridge located within and over flowed Commonwealth tidelands of Boston Harbor between Moon Island in the City of Quincy and Long Island in the City of Boston (the “project site”).

Findings:

- 1) The Department determines that the project site encompasses approximately 2.6 acres (113,000 square feet) of flowed Commonwealth Tidelands.
- 2) The Department determines that the project involves the use of flowed Commonwealth Tidelands for a Water-Dependent Infrastructure Crossing Facility pursuant to 310 CMR 9.12(2)(d).
- 3) The Department determines that the landward limit of Chapter 91 jurisdiction within the footprint of the project site is the contemporary High Water Mark.
- 4) The Department determines that the project complies with the requirements at 310 CMR 9.13, as the public was properly notified and given opportunity to comment on this application. The Public Notice required by 310 CMR 9.13(1)(a) was published in *The Boston Globe* and in *The*

Environmental Monitor on February 6, 2019 announcing a 30-day public comment period ending on March 8, 2019. On March 6, 2019 the Mayor of the City of Quincy requested the Department hold a public hearing pursuant to 310 CMR 9.13(4). A Public Notice of the requested Public Hearing was published in *The Boston Globe* and in *The Environmental Monitor* on April 24, 2019 establishing a 33-day public comment period ending on May 27, 2019. The Public Hearing was held at the Kennedy Center in the City of Quincy on May 7, 2019 at 7:00 PM. The Department received a combined 3,470 written comments during the public comment periods. On April 4, 2020, the applicant submitted to the Department a response to public comments as required by 310 CMR 9.11(3)(c)4. The comments were adequately responded to by the Applicant, as deemed appropriate by the Department, and/or are addressed by the Department's decision as conditioned herein.

- 5) The Department presumes that the proposed project is consistent with all applicable Massachusetts Office of Coastal Zone Management policies, in accordance with 310 CMR 9.13(2)(a).
- 6) The Department determines that the project as conditioned complies with the Basic Requirements for Licensing in accordance with 310 CMR 9.31(1).
- 7) The Department determines that the project as conditioned serves a proper public purpose that provides greater benefit than detriment to the rights of the public in tidelands in accordance with 310 CMR 9.31(2)(a).
- 8) The Department determines that the project complies with the standards at 310 CMR 9.32(1)(a)2.
- 9) The Project complies with 310 CMR 9.33 the Applicant has submitted relevant documentation regarding compliance with 310 CMR 9.33 – *Environmental Protection Standards* other applicable environmental regulatory requirements pursuant to 310 CMR 9.33, including:

 - c. the Massachusetts Historical Commission Act pursuant to the Massachusetts Historical Commission's April 21, 2023 concurrence of the United States Coast Guard's Proposed Finding of No Adverse Effect;
 - d. the Underwater Archeological Resources Act through the Massachusetts Board of Underwater Archaeological Resources letter dated August 15, 2018.
- 10) The Project is not subject to the provisions of 310 CMR 9.34 – *Conformance with Municipal Zoning and Approved Harbor Plans*, specifically 310 CMR 9.34(1) – *Zoning Law* because the is not located within private tidelands or filled Commonwealth tidelands, and 310 CMR 9.34(2) – *Approved Municipal Harbor Plan* because the Project is not located within an area subject to an Approved Municipal Harbor Plan.
- 11) The Department determines that the project, as conditioned herein, complies with all applicable provisions at 310 CMR 9.35 – *Standards to Preserve Water Dependent Public Rights*.

- 12) The Department determines that the project, as conditioned herein, complies with all applicable provisions at 310 CMR 9.36 – *Standards to Protect Water Dependent Uses*.
- 13) The Department determines that the project shall comply with all applicable provisions of 310 CMR 9.37 - *Engineering and Construction Standards*.
- 14) The Department determines that the project is not subject to the provisions of 310 CMR 9.38 – *Standards for Recreational Boating Facilities* or 310 CMR 9.39 – *Standards for Marinas, Boatyards, and Boat Ramps* because the Project does not include any such facilities.

This Determination is subject to the attached Special Conditions to be carried out by the Applicant (hereinafter “the Licensee”). These Special Conditions will be included in substantially the same form, along with the Standard Conditions, with the final Chapter 91 Waterways License to be issued pursuant hereto.
