This survey is part of the Community Health
Equity Initiative of the Massachusetts
Department of Public Health

Decisions are made every day across Massachusetts about community needs, priorities, and solutions. Help influence the decisions that make a difference to your community!

The Community Health Equity Survey is an opportunity to share your experience and what matters to you. Learnings from the survey are used by community organizations and government to advocate for the community, get funding, and offer programs that people want.

The survey is easy to take at **mass.gov/HealthSurvey**, or you can have someone help you take it. It's available in 11 languages and does not ask for your name or other personal information.

Take the survey today and help shape your community's tomorrow.
