**FROM:** Mike Levine, Assistant Secretary for MassHealth 

**RE:** **Quality Performance Incentive Payments for Discharge Planning**

### **Introduction**

In response to ongoing challenges around patient discharge from Chronic Disease and Rehabilitation (CDR) hospitals, MassHealth will continue the Quality Performance Incentive Payments for Discharge Planning program for CDR hospitals. To qualify for this payment, a CDR hospital must meet the criteria specified in this bulletin and certain reporting and documentation requirements.

To qualify for this incentive payment, a CDR hospital must:

1. be a CDR hospital (other than a pediatric CDR hospital or nonacute chronic hospital) with no fewer than 500 licensed beds as of June 30, 2005; with no fewer than 150,000 Medicaid patient days in the state fiscal year ended June 30, 2006; and with an established geriatric teaching program for physicians, medical students, and other health professionals;
2. be in Massachusetts and serve MassHealth members;
3. demonstrate to the Executive Office of Health and Human Services (EOHHS) that it makes full and complete efforts to discharge MassHealth members; and
4. bill for administrative days during the 45-day nonpayment period using appropriate billing codes, as designated by MassHealth.

### **Reporting and Documentation Requirements**

To qualify for the discharge planning incentive payment, a qualifying CDR hospital must also submit member and discharge-related information in the form and manner prescribed by EOHHS for each MassHealth member:

1. who entered the 45-day nonpayment period in the CDR hospital pursuant to 130 CMR 435.407(G); and
2. for whom the hospital is seeking a Quality Performance Incentive Payment for Discharge Planning.
