

VOTE

of the

BOSTON PARKS AND RECREATION COMMISSION

Approved at a Public Hearing on Monday, October 27, 2025

Vote to approve a proposed building at One Joslin Place known as the Future Cancer Hospital, which is within 100 feet of Joslin Park in the Longwood Medical and Academic Area, as well as the associated pedestrian connectors over Brookline Avenue and Pilgrim Road, the modifications to the façades of the building situated at 440 Brookline Avenue and the building situated at 334 Riverway, and improvements to Joslin Place and Joslin Park, all as approved by the Boston Planning and Development Agency Board vote on July 12, 2025, with the proviso that the Parks Department will review the final construction documents submitted to the Inspectional Services Department for confirmation that the same are materially consistent with the plans submitted in connection with this vote. If the plans are not materially consistent, they will be referred back to the Parks Commission for further review.

Attested to on behalf of the
Boston Parks and Recreation Commission

Cathy Baker Eclipse, Interim Parks Commissioner
