At this meeting, DCR will present the design of Clippership Connector, including the layout of trail connections at both ends of the project. When completed, the 0.5-mile-long shared-use trail will extend from Clippership Drive, pass under Interstate 93, and connect to Riverbend Park and the Andrews Middle School. The proposed pathway will create a critical link for the existing Mystic River Greenway.

To register for the meeting, please click on the link above or enter it into your browser, and you will be prompted to submit your name and email. Please register in advance so that we can start the meeting promptly. After registering, you will receive a confirmation email containing information about joining the webinar. This information can't be shared, the participation link is unique to you. If you need assistance when registering, please contact Jennifer Norwood at [jennifer.norwood@mass.gov](mailto:jennifer.norwood@mass.gov). After the presentation, the public will be invited to ask questions and provide feedback on the proposals, using Q&A functionality that will be available through the virtual participation platform.
