Item 8: Notes

- A. The term "Household Goods, Furniture and Office Equipment" as used in this tariff defines: the transportation of furniture and household goods in whole or in part incident a move by a householder to or from a residence and a storage receptacle or warehouse, from one residence to another, or within the same location, and of office furniture & equipment of a commercial establishment incident to the removal of an establishment in whole or in part from one location to another, or within the same location.
- B. All hourly charges begin the time the crew leaves the dispatching location and ends upon the actual or an estimated time of return.
- C. The Mileage and Fuel rate is determined by Microsoft Streets and Trips 2005. The Start is determined by the closest dispatching location and is ended at the same dispatching location. Any pickup and drop-off location are entered in between to determine distance and then the mileage is round to the nearest multiple of "5".
- D. College Bound Movers has a minimum charge 2 people 2 hour charge for all moves. Once the minimum is satisfied, charges all calculated and rounded up to next quarter hour.
