Department of Energy & Resource
100 Cambridge Street, Suite 900
Boston, MA 02114

Attention: Natalie

To Whom It May Concern:

IBEW, Local 103 feels very strongly that the Prevailing Wage should be adhered to on all PV Solar jobs over 10K/w in size. The rebates were secured based on the premise that all jobs over 10K/w would be Prevailing Wage jobs.

An addendum or check-off must be in place so that all installations of Solar PV over 10K/w, must be a Prevailing Rate job. This language should clearly state that in order to benefit by the S REC Dollars, the contractors will adhere to the provisions set forth by the state, which is that they will pay the Prevailing Wage Rate.

I testified, in early March, at DOER that the Prevailing Wage be included in the S REC Language. Please contact me if further clarification is needed.

I look forward to hearing from you.

Respectfully,

Martin E. Aikens
Business Agent
