An individual 65 years of age or older should complete the Application for Health and Dental Coverage and Help Paying Costs (ACA-3) if he or she meets any of the following exceptions. The individual is

- the parent of a child younger than 19 years of age who lives with him or her; or
- an adult relative living with and taking care of a child younger than 19 years of age when neither parent is living in the home.

### **Summary of Changes**

The following changes were made in the July 2021 version of the SACA-2:

- Added language on the instruction page and on page 1 of the application so MassHealth applicants can use the MassHealth application to also apply for the Supplemental Nutritional Assistance Program (SNAP).
- Added the rights and responsibilities of the SNAP program and updated the language on the signature page of the application.
- Removed question 20 for each Persons 1 and 2: “Is your income steady from month to month.”
- Added question to Yearly Income for Persons 1 and 2: “Did you receive unemployment income in 2021”? This was added to comply with the American Rescue Plan implementation. The law provides access to \$0 plans for people who have received or been approved to receive unemployment for any week of 2021.
