RE: **Updates to Licensed Mental Health Counselors and Licensed Marriage Family Therapists Billing Procedures for Dually Eligible Members**

Medicare Certification of Licensed Mental Health Counselors and Licensed Marriage and Family Therapists

Effective January 1, 2024, licensed mental health counselors (LMHCs) and licensed marriage and family therapists (LMFTs) may now independently enroll in Medicare and bill Medicare for services for the diagnosis and treatment of behavioral health conditions.

Accordingly, effective for dates of service on and after July 1, 2024, community health centers (CHCs) must first bill Medicare for these services per the third-party liability requirements (130 CMR 450.316-321) found at [130 CMR 450.000: Administrative and Billing Regulations](#).

The third-party billing exceptions in the Community Health Center Services Manual in [Appendix D: Supplemental Instructions for TPL Exceptions](#) no longer apply to claims for services rendered by licensed mental health counselors and licensed marriage and family therapists. CHCs submitting claims for non-certified clinicians, however, must still follow the supplemental instructions in [Appendix D](#).
