**Community Health Center Bulletin 85**  
**August 2016**

**TO:** Community Health Centers Participating in MassHealth  
**FROM:** Daniel Tsai, Assistant Secretary for MassHealth   
**RE:** **Massachusetts Application for Health and Dental Coverage and Help Paying Costs (ACA-3)**

### **Background**

MassHealth, in conjunction with the Massachusetts Health Connector (the “Connector”) and the Health Safety Net (HSN), has updated the paper application for health benefits. The new Massachusetts Application for Health and Dental Coverage and Help Paying Costs (ACA-3), revised in April 2016, is intended for the following populations in Massachusetts:

- individuals younger than age 65 who do not need long-term-care services (either in a nursing facility or in the community);
- parents of children younger than age 19 and adult relatives living with or taking care of children younger than age 19 when neither parent is living in the home (regardless of the age of the parent or adult relative); and
- individuals who are disabled and who are either working 40 or more hours a month or are currently working and have worked at least 240 hours in the six months immediately before the month of the application or, if younger than age 65, not working.

Individuals aged 65 or older, including those in mixed households, and those of any age who need long-term-care services (either in a nursing facility or in the community) will need to fill out the Application for Health Coverage for Seniors and People Needing Long-Term-Care Services (SACA-2).

The ACA-3 captures applicant information to determine eligibility for benefits as required by the Affordable Care Act (ACA). This application is designed to align with the online application from the state-based marketplace that is the “front door” for applying for assistance from MassHealth and the Massachusetts Health Connector.

[MAhealthconnector.org](http://MAhealthconnector.org) is the state-based marketplace where individuals in Massachusetts can apply for and purchase health care benefits.

The revised version of the ACA-3 has been updated to better align with the online application, update language regarding estate recovery, and incorporate changes recommended by field workers and advocates.
