RE: Massachusetts Application for Health Coverage for Seniors and People Needing Long-Term-Care Services (SACA-2)

Background

MassHealth has updated the paper application for health benefits for seniors and people needing long-term-care services. The Application for Health Coverage for Seniors and People Needing Long-Term-Care Services (SACA-2), revised in March 2017, is intended for the following populations in Massachusetts:

- an individual 65 years of age or older and living at home and
 - not the parent of a child younger than 19 years of age who lives with the individual; or
 - not an adult relative living with and taking care of a child younger than 19 years of age when neither parent is living in the home; or
- an individual of any age who needs long-term-care services in a medical institution or a nursing facility; or
- an individual who is eligible under certain programs to get long-term-care services to live at home; or
- a member of a married couple living together and
 - both spouses are applying for health coverage;
 - there are no children younger than 19 years of age living with the couple; and
 - one spouse is 65 years of age or older and the other spouse is younger than 65 years of age.

An individual 65 years of age or older should complete the Application for Health and Dental Coverage and Help Paying Costs (ACA-3) if he or she meets any of the following exceptions. The individual

- is the parent of a child younger than 19 years of age who lives with him or her; or
- is an adult relative living with and taking care of a child younger than 19 years of age when neither parent is living in the home; or
- is disabled and is either employed 40 hours or more a month or is currently employed and has been employed at least 240 hours in the six months immediately before the month of application.

Summary of Changes

Below is a summary of changes made in the March 2017 version of the SACA-2.
