RE: **Massachusetts Application for Health and Dental Coverage and Help Paying Costs (ACA-3)**

Background

MassHealth has updated the Application for Health and Dental Coverage and Help Paying Costs (ACA-3). The application, revised in July 2019, is for the following populations in Massachusetts:

- individuals younger than age 65 who do not need long-term-care services (either in a nursing facility or in the community);
- parents of children younger than age 19; and
- adult relatives living with or taking care of children younger than age 19 (regardless of the age of the parent or adult relative) when neither parent is living in the home.

Individuals aged 65 or older, including those who are applying with a spouse who is under the age of 65, and those of any age who need long-term-care services (either in a nursing facility or in the community) will need to fill out the Application for Health Coverage for Seniors and People Needing Long-Term-Care Services (SACA-2).

Summary of Changes

The following changes were made in the July 2019 version of the ACA-3:

- edited language under “who do you need to include” instructions on page 2 for clarity;
- updated allowable deductions to align with Internal Revenue Service regulations; and
- moved “None” option for allowable deductions from the top to the bottom of the list.

Supplies and Use of Revised Forms

The March 2019 version of the ACA-3 can continue to be used until supplies are depleted.

The July 2019 version of the ACA-3 is currently available.
