(c) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

(d) Subject to applicable law and the terms and conditions including but not limited to Sections 2.4, 2.6, 3.4, and 4.1 below, the Issuing Authority hereby grants to Licensee the right to construct, upgrade, install, operate, and maintain a Cable Television System within the Public Way for the purpose of providing Cable Service upon the Public Ways within the License area and any subsequent additions hereto.

SECTION 2.2 - TERM: NON-EXCLUSIVITY

This non-exclusive Renewal License shall be for a period of ten (10) years, commencing on, August 1, 2025 through midnight, July 31, 2035.

SECTION 2.3 - RENEWAL

(a) In accordance with the provisions of federal law, M.G.L. c. 166A, § 13 and applicable regulations, this Renewal License shall be subject to additional renewals for the periods not to exceed ten (10) years or such other periods as allowed by law.

(b) In accordance with applicable law, any such renewal or renewals shall be upon mutual written agreement by Licensee and the Issuing Authority and shall contain such terms as Licensee and the Issuing Authority may then agree.

SECTION 2.4 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (a) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description; (b) be construed as a waiver of any codes or bylaws/regulations of general applicability and not specific to the Cable Television System, Licensee, or this License; or (c) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. Any conflict between the terms of this Renewal License and any present or future exercise of the municipality's police and regulatory powers shall be resolved by a court of appropriate jurisdiction except that the parties may by mutual agreement seek alternative resolution before the Cable Division or before an alternative mutually agreed upon other forum or mutually agreed upon form of alternative dispute resolution.

SECTION 2.5 - NON-EXCLUSIVITY OF LICENSE

(a) This Renewal License shall not affect the right of the Issuing Authority to grant to any other Person a license or right to occupy or use the Public Ways or streets, or portions thereof, for the construction, upgrade, installation, operation, or maintenance of a Cable Television System within the Town of Concord; or the right of the Issuing Authority to permit the use of the Public Ways and places of the Town for any purpose(s) whatsoever. The Licensee hereby acknowledges the Issuing Authority's right to make such grants and permit such uses.

(b) The grant of any additional cable television license(s) shall be at the sole discretion of the Issuing Authority.

(i) In the event that the Licensee believes that any additional cable television license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Licensee may request, in writing, that the Issuing Authority convene a public hearing on that issue. Along with said written request, the Licensee shall provide the Issuing Authority with written reasons for its belief. At the public hearing, the Issuing Authority shall afford the Licensee an opportunity to demonstrate that any such additional cable television license(s) are on terms more favorable or less burdensome than those contained in this Renewal License. The Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested.

(ii) Should the Licensee demonstrate that any such additional cable television license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall negotiate, in good faith, equitable amendments to this Renewal License within a reasonable time.

(c) The issuance of additional license(s) shall be subject to applicable federal law(s), and M.G.L. Chapter 166A and applicable regulations promulgated thereunder.

(d) In the event an application for a new cable television license is filed with the Issuing Authority, proposing to serve the Town, in whole or in part, the Issuing Authority shall serve a copy of such application upon the Licensee by certified mail or via nationally recognized overnight courier services within a reasonable time thereafter.

(e) In the event that the Licensee believes that in the future another Licensee which has been granted a cable television license in the Town, has been provided relief by the Issuing Authority from a material obligation(s) of its license, which may include amendments to the license, that causes said other cable television license to be more favorable or less burdensome than this Renewal License, the Licensee may request, in writing, that the Issuing Authority convene a public hearing on that issue. Along with said written request, the Licensee shall provide the Issuing Authority with written reasons

for its belief. The Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested. At the public hearing, the Issuing Authority shall afford the Licensee an opportunity to demonstrate that such relief causes said other cable license to be favorable or less burdensome than this Renewal License. Should the Licensee demonstrate that any such relief causes said other cable television license to be more favorable or less burdensome than the Renewal License, the Issuing Authority shall consider and negotiate, in good faith, equitable amendments to this Renewal License.

SECTION 2.6 - POLICE AND REGULATORY POWERS

By executing this Renewal License, the Licensee acknowledges that its rights are subject to the powers of the Town and its right to adopt and enforce generally applicable by-laws in the lawful exercise of its police powers to the extent permitted by applicable law, with respect to the safety and welfare of the public. The Licensee shall comply with all applicable federal and State laws and regulation, and Town by-laws and lawful regulations, provided such Town bylaws and regulations are not specific to this License, the Licensee and/or Cable System. Any conflict between the terms of this Renewal License and any present or future lawful exercise of the Town's police and regulatory powers shall be resolved in a court of competent jurisdiction. Nothing in this Section 2.6 shall be deemed to prohibit the right of the Licensee to challenge the legality of a Town by-law or regulation.

SECTION 2.7 - REMOVAL OR ABANDONMENT

Upon termination of this Renewal License by passage of time or otherwise, unless (1) the Licensee has its license renewed for another term or (2) the ownership of the Cable Television System is transferred to another Person with written approval by the Issuing Authority in accordance with applicable law and pursuant to Section 2.8 below or (3) unless otherwise operating under the terms of this Renewal License as allowed by applicable law, the Licensee shall remove

all of its supporting structures, poles, transmission and distribution systems, and other appurtenances from the Public Ways and shall restore the areas to their original condition as is reasonably possible and as soon as reasonably possible. If such removal is not complete within six (6) months of such termination, the Issuing Authority may deem any property not removed as having been abandoned. Upon written request of the Licensee, the Issuing Authority may waive this requirement for good cause shown. Notwithstanding the foregoing, the parties reserve any and all rights they may have under the Cable Act with respect to the disposition of the Cable System in connection with termination of this Renewal License as a result of the license not being renewed or otherwise lawfully terminated.

SECTION 2.8 - TRANSFER OF THE RENEWAL LICENSE

(a) Pursuant to M.G.L. c. 166A, Section 7, as may be amended from time to time, neither the Renewal License, nor control thereof, shall be transferred, assigned or disposed of in any manner, voluntarily or involuntarily, directly or indirectly, or by transfer of control of any Person, company and/or other entity holding such Renewal License to any other Person, company and/or other entity, without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. Such consent shall be given only after a public hearing upon a written application therefore on forms as may be prescribed by the FCC and/or the Cable Division. An application for consent to a transfer or assignment, if required, shall be signed by the Licensee and by the proposed transferee or assignee or by their representatives, evidence of whose authority shall be submitted with the application. A transfer or assignment of a license or control thereof between commonly controlled entities, between affiliated companies, or between parent and subsidiary corporations, shall not constitute a transfer or assignment of a license or control thereof under this Renewal License, unless otherwise provided by applicable federal or state law. An “affiliated company” is any Person or entity who owns or controls, is owned or controlled by, or is under common ownership or control with, such Person or entity.

(b) Pursuant to applicable state and federal law, as may be amended, in considering a request to transfer control of the Renewal License, the Issuing Authority shall consider the transferee's financial capability, management experience, technical expertise and legal ability to operate a Cable System under the existing license and may consider any other criteria allowable under applicable law or regulation.

(c) The consent or approval of the Issuing Authority to any assignment or transfer of the Renewal License granted to the Licensee shall not constitute a waiver or release of the rights of the Town in and to the streets and Public Ways or any other rights of the Town under the Renewal License, and any such transfer shall, by its terms, be expressly subordinate to the terms and conditions of the Renewal License.

(d) The Licensee shall submit to the Issuing Authority an original and one (1) copy, unless otherwise required by applicable law, of the application and FCC Form 394 requesting such transfer or assignment consent.

(e) The consent of the Issuing Authority shall be given only after a public hearing to consider the written application for transfer. Unless otherwise allowed by applicable law(s), the Issuing Authority shall make a decision on said written application within one hundred and twenty (120) days of receipt of said application. After 120 days, the application shall be deemed approved, unless said 120-day period is extended in writing by mutual agreement of the parties pursuant to applicable law.

(f) Any proposed controlling or owning Person or transferee approved by the Issuing Authority shall be subject to all of the terms and conditions contained in the Renewal License.

SECTION 2.9 - EFFECT OF UNAUTHORIZED TRANSFER ACTION

(a) Any transfer of the Cable System without the Licensee and the transferee complying with Section 2.8 above shall be null and void, and shall be deemed a material breach of this Renewal License.

(b) If the Issuing Authority denies its consent to any such action and a transfer has nevertheless been affected, the Issuing Authority may revoke and terminate this Renewal License, unless such transfer is otherwise allowable by applicable law.

SECTION 12.3 - NON-EXCLUSIVITY OF REMEDY

No decision by the Issuing Authority or the Town to invoke any remedy under this Renewal License or under any statute, law or by-law shall preclude the availability of any other such remedy.

SECTION 12.4 - NO WAIVER-CUMULATIVE REMEDIES

(a) No failure on the part of the Issuing Authority, the Town or the Licensee to exercise, and no delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall any single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

(b) The rights and remedies provided herein are cumulative and not exclusive of any remedies provided by law, and nothing contained in this Renewal License shall impair any of the rights of the Town or of the Licensee under applicable law, subject in each case to the terms and conditions in this Renewal License.

(c) No waiver of, nor failure to exercise any right or remedy by the Issuing Authority, the Town, or the Licensee at any one time shall not affect the exercise of such right or remedy or any other right or remedy by the Town or the Licensee at any other time. In order for any waiver of the Issuing Authority, Town, or the Licensee to be effective, it shall be in writing.

(d) The failure of the Issuing Authority or the Town to take any action in the event of any breach by the Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Issuing Authority or the Town to take any action permitted by this Renewal License at

any other time in the event that such breach has not been cured, or with respect to any other breach by the Licensee.

SECTION 12.5 - LIQUIDATED DAMAGES

(a) For the violation of any of the following provisions of the Renewal License, liquidated damages may be invoked by the Issuing Authority and, if so, shall be paid by the Licensee to the Issuing Authority, subject to Section 12.1 above. Any such liquidated damages shall be assessed as of the date of the event and not the date the Licensee received written notice, except in cases where Licensee did not know that a violation occurred, in which case damages shall accrue from the date Licensee was placed on notice of the violations.

(i) For failure to operate and maintain the Cable System in accordance with Section 3.1 above, Two Hundred Dollars (\$200.00) per day, for each day that any such non-compliance continues.

(ii) For failure to obtain the advance, written approval of the Issuing Authority for any transfer of the Final License in accordance with Section 2.8 herein, Two Hundred Dollars (\$200.00) per day, for each day that any such non-compliance continues.

(iii) For failure to comply with the PEG Access provisions and/or timelines in Article 6 herein, Two Hundred Dollars (\$200.00) per day, for each day that any such non-compliance continues.

(iv) For failure to comply with the technical standards, pursuant to Section 3.8 above, One Hundred Fifty Dollars (\$150.00), for each day that any such non-compliance continues.

(v) For failure to comply with the FCC's Customer Service Obligations in accordance with Section 9.3 above, and **Exhibit 9.3** attached hereto, Two Hundred Dollars (\$200.00) per day that any such non-compliance continues.

(b) Such liquidated damages shall not be a limitation upon any other provisions of the Renewal License and applicable law, including revocation, or any other statutorily or judicially imposed penalties or remedies.

(c) Each violation of any material provision of this License shall be considered a separate violation for which separate liquidated damages can be imposed.

(d) Each of the above-mentioned cases of non-compliance shall result in damage to the Town, its residents, businesses and institutions, compensation for which will be difficult to ascertain. The Licensee agrees that if invoked by the Issuing Authority, the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage. The Licensee agrees that said foregoing amounts are liquidated damages, not a penalty or forfeiture, and are within one or more exclusions to the term “franchise fee” provided by Section 622(g)(2)(A)-(D) of the Cable Act.

ARTICLE 13: REPORTS, AUDITS AND PERFORMANCE TESTS

SECTION 13.4 - IN-HOUSE TELEPHONE REPORTS

To establish the Licensee's compliance with the requirements of this Renewal License, the Licensee shall provide, upon written request of the Issuing Authority, but not more than once annually, the Issuing Authority with a report of regional telephone traffic, generated from an in-house automated call accounting or call tracking system, covering Subscriber calls to the Licensee. Said reports shall include the following information and any other information that may be required by applicable law(s): (i) confirmation that, under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made (which standard shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis); and (ii) confirmation that, under normal operating conditions, the customer will receive a busy signal less than three (3) percent of the time.

SECTION 13.7 - QUALITY OF SERVICE

Where there exists evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of Cable Service(s), the Issuing Authority shall cite specific facts which cast such doubt(s), in a written notice to the Licensee. The Licensee shall submit a written report to the Issuing Authority, within thirty (30) days of receipt of any such notice from the Issuing Authority, setting forth in detail its explanation of the problem(s).

SECTION 13.8 - DUAL FILINGS

TITLE 47--TELECOMMUNICATION CHAPTER I--FEDERAL COMMUNICATIONS COMMISSION

PART 76--CABLE TELEVISION SERVICE

Subpart H--General Operating Requirements

Sec. 76.309 Customer Service Obligations

(a) A cable franchise authority may enforce the customer service standards set forth in paragraph (c) of this Section against cable operators. The franchise authority must provide affected cable operators ninety (90) days written notice of its intent to enforce the standards. (b) Nothing in this rule should be construed to prevent or prohibit:

(1) A franchising authority and a cable operator from agreeing to customer service requirements that exceed the standards set forth in paragraph (c) of this Section;

(2) A franchising authority from enforcing, through the end of the franchise term, pre-existing customer service requirements that exceed the standards set forth in paragraph (c) of this Section and are contained in current franchise agreements;

(3) Any State or any franchising authority from enacting or enforcing any consumer protection law, to the extent not specifically preempted herein; or

(4) The establishment or enforcement of any State or municipal law or regulation concerning customer service that imposes customer service requirements that exceed, or address matters not addressed by the standards set forth in paragraph (c) of this Section.

(c) Effective July 1, 1993, a cable operator shall be subject to the following customer service standards:

(1) Cable system office hours and telephone availability--

(i) The cable operator will maintain a local, toll-free, or collect call telephone access line which will be available to its subscribers 24 hours a day, seven days a week.

(A) Trained company representatives will be available to respond to customer telephone inquiries during normal business hours.

(B) After normal business hours, the access line may be answered by a service or an automated response system, including an answering Machine. Inquiries received after normal business hours must be responded to by a trained company representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety (90) percent of the time under normal operating conditions, measured on a quarterly basis.

(iii) The operator will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(iv) Under normal operating conditions, the customer will receive a busy signal less than three (3) percent of the time.

(v) Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

(2) Installations, outages, and service calls. Under normal operating conditions, each of the following four standards will be met no less than ninety-five (95) percent of the time measured on a quarterly basis:

(i) Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those that are located up to 125 feet from the existing distribution system.

(ii) Excluding conditions beyond the control of the operator, the cable operator will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption becomes Known. The cable operator must begin actions to correct other service problems the next business day after notification of the service problem.

(iii) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four-hour time block during normal business hours. (The operator may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.)

(iv) An operator may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment.

(v) If a cable operator representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a

time that is convenient for the customer.

(3) Communications between cable operators and cable subscribers--

(i) Notifications to subscribers--

(A) The cable operator shall provide written information on each of the following areas at the time of installation of service, at least annually to all subscribers, and at any time upon request:

(1) Products and services offered;

(2) Prices and options for programming services and conditions of subscription to programming and other services;

(3) Installation and service maintenance policies;

(4) Instructions on how to use the cable service;

(5) Channel positions programming carried on the system; and,

(6) Billing and complaint procedures, including the address and telephone number of the local franchise authority's cable office.

(B) Customers will be notified of any changes in rates, programming services or channel positions as soon as possible in writing. Notice must be given to subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of the cable operator. In addition, the cable operator shall notify subscribers thirty (30) days in advance of any significant changes in the other information required by paragraph (c)(3)(i)(A) of this Section. Notwithstanding any other provision of Part 76, a cable operator shall not be required to provide prior notice of any rate change that is the result of a regulatory fee, franchise fee, or any other fee, tax, assessment, or charge of any kind imposed by any Federal agency, State, or franchising authority on the transaction between the operator and the subscriber.

(ii) Billing--

(A) Bills will be clear, concise, and understandable. Bills must be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Bills will also clearly delineate all activity during the billing period, including optional charges, rebates, and credits.

(B) In case of a billing dispute, the cable operator must respond to a written complaint from a subscriber within 30 days.

(iii) Refunds--Refund checks will be issued promptly, but no later than either--

(A) The customer's next billing cycle following resolution of the request or thirty (30) days, whichever is earlier, or

(B) The return of the equipment supplied by the cable operator if service is terminated.

(iv) Credits--Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

(4) Definitions--

EXHIBIT 9.5 - BILLING AND TERMINATION OF SERVICE

207 CMR 10.00

10.01 : Billing Practices Notice

- (1) Every cable television operator shall give written notice of its billing practices to potential subscribers before a subscription agreement is reached. Such notice shall include practices relating to the frequency and timing of bills, payment requirements necessary to avoid account delinquency, billing dispute resolution procedures and late payment penalties.
- (2) A copy of the cable television operator's billing practices notice, work order and sample subscriber bill shall be filed by March 15th of each year with the Commission, the issuing authority, and the company's local office, where they shall be available for public inspection. If an operator amends its billing practices notice, work order or subscriber bill after submitting the annual filing, it shall file copies of the amendments with the Commission, the issuing authority and the company's local office.
- (3) At least 30 days prior to implementing a change of one of its billing practices, the cable television operator shall notify in writing the Commission, the issuing authority and all affected subscribers of the change and include a description of the changed practice.
- (4) Statements about billing practices in work orders, marketing, materials, and other documents shall be consistent with the billing practices notice.

10.02 : Services, Rates and Charges Notice

- (1) The cable television operator shall give notice of its services, rates, and charges to potential subscribers before a subscription agreement is reached.
- (2) At least 30 days prior to implementing an increase in one of its rates or charges or a substantial change in the number or type of programming services, the operator shall notify, in writing, the Commission, the issuing authority and all affected subscribers of the change and include a description of the increased rate or charge. The notice shall list the old and new rate or charge and, if applicable, the old and new programming services provided.
- (3) Every cable television operator shall fully disclose in writing all of its programming services and rates, upon request from a subscriber.
- (4) Every cable television operator shall fully disclose in writing all of its charges for installation, disconnection, downgrades and upgrades, reconnection, additional outlets, and rental, purchase and/or replacement due to damage or theft of equipment or devices used in relation to cable services, upon request from a subscriber.
- (5) Every cable television operator shall provide written notice of the charge, if any, for service visits and under what circumstances such charge will be imposed, upon request from a subscriber.
- (6) A copy of the cable operator's programming services, rates and charges shall be filed by March 15th of each year with the Commission, the issuing authority and the company's local office where it shall be made available for public inspection. If an operator amends its notice after the annual filing, it shall file a copy of the amendment with the Commission, the issuing authority and the company's local office.
- (7) A cable operator shall not charge a subscriber for any service or equipment that the subscriber has not affirmatively requested by name. This provision, however, shall not preclude the addition or deletion of a specific program from a service offering, the addition or deletion of specific channels from an existing tier of service, or the restructuring or division of existing tiers of service that do not result in a fundamental change in the nature of an existing service or tier of service.

10.03 : Form of Bill

- (1) The bill shall contain the following information in clear, concise, and understandable language and format:
 - (a) The name, local address, and telephone number of the cable television operator. The telephone number shall be displayed in a conspicuous location on the bill and shall be accompanied by a statement that the subscriber may call this number with any questions or complaints about the bill or to obtain a description of the subscriber's rights under 207 CMR 10.07 in the event of a billing dispute;
 - (b) the period of time over which each chargeable service is billed including prorated periods as a result of establishment and termination of service;
 - (c) the dates on which individually chargeable services were rendered or any applicable credits were applied;
 - (d) separate itemization of each rate or charge levied or credit applied, including, but not be limited to, basic, premium service and equipment charges, as well as any unit, pay-per-view or per item charges;
 - (e) the amount of the bill for the current billing period, separate from any prior balance due;
 - (f) The date on which payment is due from the subscriber.

- (2) Cable operators may identify as a separate line item of each regular subscriber bill the following:
 - (a) The amount of the total bill assessed as a franchise fee and the identity of the franchising authority to whom the fee is paid;
 - (b) The amount of the total bill assessed to satisfy any requirements imposed on the cable operator by the franchise agreement to support public, educational, or governmental channels or the use of such channels;
 - (c) The amount of any other fee, tax, assessment, or charge of any kind imposed by any governmental authority on the transaction between the operator and the subscriber. In order for a governmental fee or assessment to be separately identified under 207 CMR 10.03, it must be directly imposed by a governmental body on a transaction between a subscriber and an operator.
- (3) All itemized costs shall be direct and verifiable. Each cable operator shall maintain a document in its public file which shall be available upon request, that provides the accounting justification for all itemized costs appearing on the bill.

10.04 : Advance Billing and Issuance of Bill

- (1) In the absence of a license provision further limiting the period of advance billing, a cable operator may, under uniform nondiscriminatory terms and conditions, require payment not more than two months prior to the last day of a service period.
- (2) A cable subscriber may voluntarily offer and a cable operator may accept advance payments for periods greater than two months.
- (3) Upon request, a cable television operator shall provide subscribers with a written statement of account for each billing period and a final bill at the time of disconnection.

10.05 : Billing Due Dates, Delinquency, Late Charges and Termination of Service

- (1) Subscriber payment is due on the due date marked on the bill, which shall be a date certain and in no case a statement that the bill is due upon receipt. The due date shall not be less than five business days following the mailing date of the bill.
- (2) A subscriber account shall not be considered delinquent unless payment has not been received by the company at least 30 days after the bill due date.
- (3) The following provisions shall apply to the imposition of late charges on subscribers:
 - (a) A cable television operator shall not impose a late charge on a subscriber unless a subscriber is delinquent, the operator has given the subscriber a written late charge notice in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the date of delinquency to pay the balance due.
 - (b) A charge of not more than 5 percent of the balance due may be imposed as a one-time late charge.
 - (c) No late charge may be assessed on the amount of a bill in dispute.
- (4) A cable television operator shall not terminate a subscriber's service unless the subscriber is delinquent, the cable operator has given the subscriber a separate written notice of termination in a clear and conspicuous manner, and the subscriber has been given at least eight business days from the mailing of the notice of termination to pay the balance due. A notice of termination shall not be mailed to subscribers until after the date of delinquency.
- (5) A cable television operator shall not assess a late charge on a bill or discontinue a subscriber's cable television service solely because of the nonpayment of the disputed portion of a bill during the period established by 207 CMR 10.07 for registration of a complaint with the operator or during the process of a dispute resolution mechanism recognized under 207 CMR 10.07.
- (6) Any charge for returned checks shall be reasonably related to the costs incurred by the cable company in processing such checks.

10.06 : Charges for Disconnection or Downgrading of Service

- (1) A cable television operator may impose a charge reasonably related to the cost incurred for a downgrade of service, except that no such charge may be imposed when:
 - (a) A subscriber requests total disconnection from cable service; or
 - (b) A subscriber requests the downgrade within the 30-day period following the notice of a rate increase or a substantial change in the number or type of programming services relative to the service (s) in question.
- (2) If a subscriber requests disconnection from cable television service prior to the effective date of an increase in rates, the subscriber shall not be charged the increased rate if the cable television operator fails to disconnect service prior to the effective date. Any subscriber who has paid in advance for the next billing period and who requests disconnection from service shall receive a prorated refund of any amounts paid in advance.

10.07 : Billing Disputes

- (1) Every cable television operator shall establish procedures for prompt investigation of any billing dispute registered by a subscriber. The procedure shall provide at least 30 days from the due date of the bill for the subscriber to register a complaint. The cable television operator shall notify the subscriber of the result of its investigation and give an explanation for its decision within 30 working days of receipt of the complaint.
- (2) The subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails to pay the undisputed balance within 30 days.
