The data contained in this report was provided by each Sheriff's Office throughout Massachusetts to the Massachusetts Department of Correction.

As part of the Department's continuous quality improvement process, the department assesses past and present reports to ensure that accurate data has been and continues to be reported.

*These Restrictive Housing Units accommodate both male and female inmates. While the count is provided for each gender, the total operational capacity for the unit is listed only once under Male Counts, and is listed as zero under Female Counts, in order to preserve the overall capacity of county restrictive housing.
