

QCML Criteria Primer

Primer Qualification

A manufacturer requesting approval of a primer shall furnish to the Research and Materials Section the following:

- Certified independent test reports demonstrating conformance to ASTM D41.
 - The independent lab shall be recognized by the National Cooperation for Laboratory Accreditation (NACLA) in Construction Materials Engineering and Testing (CMET) or an equal program approved by Research and Materials.
 - All testing shall be performed by one independent lab unless approved by the Engineer. Independent test reports must be dated within two years from the initial submission.

Once approved, the product will be listed on the MassDOT QCML. The product shall remain on the approved list for Five (5) years unless one of the following occurs:

- If the product's technology changes. If the product formulation or technology changes, the Manufacturer shall notify MassDOT RMS.
- MassDOT RMS determines that the product no longer meets the minimum requirements.

A written request for re-approval must be submitted to the Department at least 90 days prior to the expiration date for the product to remain on the QCML. The manufacturer will be required to submit certified test reports demonstrating conformance to the specification.
