Christienne DaSilva

Docket No. CR-18-0093

Petitioner

v.

Teachers Retirement System

Date: March 14, 2025

Respondent

**CONDITIONAL DISMISSAL**

Christienne DaSilva appealed MTRS's refusal to allow him to purchase creditable service for three years of work at a charter school. In March 2022, MTRS sent Ms. DaSilva an invoice to purchase her work at the charter school. Ms. DaSilva never filed a withdrawal.

MTRS's action allowing Ms. DaSilva's service purchase request makes the appeal moot, and I am therefore conditionally dismissing it. See 801 CMR 1.01(7)(g)3. The dismissal will become final by April 18, 2025 unless by that date Ms. DaSilva files a request to keep the appeal open and states what issues remain to be resolved. If Ms.

DaSilva agrees with the dismissal, she need take no action.
