

DAVE'S PET FOOD RECALL

Dave's Pet Food of Agawam, MA is recalling a single lot of **Dave's Dog Food 95% Premium Beef** cans because the product potentially contains elevated levels of beef thyroid hormone.

The product was distributed all along the east coast.

Dog consuming high levels of beef thyroid hormone may exhibit symptoms such as increased thirst and urination, weight loss, increased heart rate and restlessness. These symptoms may resolve when the consumption of these levels is discontinued.

The recalled product consists of a single batch (548) cases of 13 oz. cans with UPC # 85038-11167 and a date code of 08/2020.

Consumers with questions should call 1-888-763-2738.
