MassHealth
Day Habilitation Program Bulletin 25
March 2022

TO: Day Habilitation Providers Participating in MassHealth

FROM: Amanda Cassel Kraft, Assistant Secretary for MassHealth

RE: Spending and Reporting Requirements for Certain Home-and Community-Based Services Related to Section 9817 of the American Rescue Plan Act

Introduction

The Executive Office of Health and Human Services (EOHHS) established enhanced rates for certain home and community-based services (HCBS), including MassHealth-covered Day Habilitation (DH) services, under 101 CMR 447.00: *Rates for Certain Home-and Community-based Services Related to Section 9817 of the American Rescue Plan Act* for dates of service beginning July 1, 2021, through June 30, 2022.

This bulletin provides updated provider attestation and reporting requirements for use of the funds associated with the temporary rate increase established under 101 CMR 447.00. The updated provider attestation and spending report requirements described below supersede and replace the provider attestation and spending report requirements set forth in [Day Habilitation Program Bulletins 17 and 23](#).

All rates, billing instructions, and allowable uses set forth in [Day Habilitation Program Bulletin 17](#) remain in effect for MassHealth-covered Day Habilitation services for dates of service beginning July 1, 2021, through June 30, 2022, and in [Day Habilitation Program Bulletin 23](#) for MassHealth-covered Day Habilitation services for dates and service beginning January 1, 2022, through June 30, 2022.

Provider Attestation and Spending Report

As a condition of receipt of these additional funds, eligible provider agencies must complete an attestation assuring EOHHS that they will use at least 90% of the 10% workforce development add-on for HCBS workforce development and submit a spending report to EOHHS that accounts for how the enhanced funds were used.

All funds must be expended by September 30, 2022, for services billed during the rate enhancement period. Providers will be required to submit a final spending report no later than December 31, 2022. The final report will account for funds related to the full enhancement period of July 1, 2021, through June 30, 2022. Upon submission of the report, providers will also be required to submit an attestation form, attesting to allowable use of the funds associated with the rate enhancements.
