1. 51A Reports		<p>A cumulative count of 51A Reports (including Institutional abuse) approved during the Quarterly Profile's target quarter. A 51A is a report alleging maltreatment (abuse, neglect, sexual exploitation, and/or human trafficking) of one or more children under the age of 18 in the Commonwealth. The Department's hotline or intake units conduct a screening process to determine whether a report is appropriate for further action.</p> <p>There are two (2) phases of protective intake: (1) the screening of reports; and (2) a response to any report that is screened-in. The purpose of screening is to gather sufficient information to determine whether a Department response is necessary or might be necessary to ensure a child's safety and well-being. Screening is a key part of the overall process of reporting, identifying and assessing risks to child safety, permanency, and well-being. It is the first step in determining the Department's subsequent actions and intervention with the family. Activities for screening a report of child maltreatment are designed to determine, based on facts in the report and those gathered during screening:</p> <ul style="list-style-type: none"> <li>- if there is an immediate concern for child safety; and</li> <li>- if a "reportable condition" under MGL c. 119 § 51A exists.</li> </ul> <p>A "reportable condition" exists when there is information that a child may have been abused and/or neglected or may be at risk of being abused and/or neglected by a caregiver, or that a child may have been or may be at risk of sexual exploitation or human trafficking.</p> <p>Reports determined to be emergencies must be screened in immediately, and a response must be initiated within 2 hours. The screening of reports determined not to be emergencies must be completed within one working day. In very limited circumstances where it is necessary to complete activities critical to making the screening decision and with approval from a manager, screening of a non-emergency report may be extended for up to one additional working day.</p> <p>Based on the information received, collected, and analyzed during the screening process, the report will be:</p> <ol style="list-style-type: none"> <li>1. Screened-In for Response; or</li> <li>2. Screened-Out; or</li> <li>3. Screened-Out DA Referral.</li> </ol>
Screened-In for Response		<p>A cumulative count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter that met the standards for a Departmental response to ensure a child's safety and well-being. Based on the facts gathered during the response, the assessment of parental capacities, the results of the risk assessment tool and clinical judgment, the Response Worker, in consultation with the Supervisor determines:</p> <ol style="list-style-type: none"> <li>1. A finding on the reported allegation(s) or discovered conditions, including a finding on any person(s) responsible; and</li> <li>2. Whether Department intervention is necessary to safeguard child safety and well-being.</li> </ol>

For example, the alleged perpetrator was not a family member (e.g., babysitter, bus driver, etc.), and the parent(s)/caregiver(s) has taken necessary action to keep the child safe; or the alleged perpetrator poses no current or potential threat to the reported child(ren), is out of the home, and the parent(s)/caregiver(s) has taken necessary action to keep the child(ren) safe.</p>

	Unsupported	<p>A cumulative count (and rate) of 51A Reports approved during the Quarterly Profile's target quarter with an "Unsupport" finding.</p> <p>An "Unsupport" finding means that there is not reasonable cause to believe that a child(ren) was abused and/or neglected, or that the child(ren)'s safety or well-being is being compromised; or the person believed to be responsible for the abuse or neglect was not a caregiver, unless the abuse or neglect involves sexual exploitation or human trafficking where the caregiver distinction is not applied.</p> <p>Department intervention is not needed to safeguard the child(ren)'s safety and well-being.</p> <ul style="list-style-type: none"> <li>- The Department does not open a new "case," but the family may apply for voluntary services from the Department and/or the Department may refer the family for services in the community if needed.</li> <li>- When allegations on an open case are "unsupported," the information gathered during response is used by the currently assigned Social Worker, in consultation with the Supervisor, to determine if there has been a change in risk level to the child(ren) that warrants an update to the family's current Assessment and Service (Action) Plan and/or change to existing interventions/services.</li> </ul>
