DCMS Tip Sheet

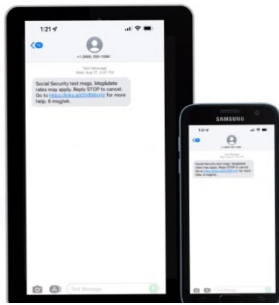

Volume 4 Edition 4

Greetings from DCAMM Contractor Certification!

We have another exciting upgrade to share with you!

As you can see, Certification is piloting a new format for your DCMS Tip Sheet. With the new web-based design, we can now deliver your Tip Sheet to any and all of your electronic devices, cell phone included.

Offer SMS

The software also allows you to manage your preferences. The improved security within the system means that these mailings will not get dumped into your spam file, preventing you from receiving all the helpful Tips we want to share.

Another important feature about this new delivery method is that when other public entities connect you will also have access to subscribe to their publications through your preferences. This goes for municipalities and any agency

within the Commonwealth who opt to adopt and use this new platform. How cool is that?

As we roll out this new delivery method, be sure to let us know if you have issues with any of our mailings, whether it be formatting or content that you are unable to read.

Remember, if you have any questions do not hesitate to contact Certification at 857-204-1305 (leave us a message) or certification.DCAMM@mass.gov

Stay tuned for the next installment...
