
DCMS Tip Sheet

September 30, 2021

Volume 2 Edition 10

Greetings from DCAMM Contractor Certification!

Hello!

In this newsletter we would like to share with you what has been happening here at DCAMM Contractor Certification.

We have been working hard updating our forms and information to accommodate how we all work today.

In early July, we launched our new fillable Standard Contractor Evaluation Form with updated questions. Some of you may have used it already. For those who have not, the new evaluation form is available on the [Certification website](#), along with clearer instructions for completion. The questions have been modernized to acknowledge today's construction processes. DCAMM's goal of improving evaluation content and capturing key performance indicators for all phases of a construction project have been realized with this update. The new and improved Standard Contractor Evaluation Form will replace all old versions, which will eventually be phased out.

Since launching the form in July, we have gotten very helpful feedback from both contractors and evaluators who have used the new form. If you have any issues with the form, please let us know and we will troubleshoot the problem and implement a fix as soon as possible.

Keep in mind, it is best to use the form available on our webpage because as we make updates or correct any glitches, the updated version will be posted there. All versions are dated so you can always tell if you are using the most current one.

This is an exciting time for Contractor Certification! For your convenience, we have attached the most current, up to date version of the new Standard Contractor Evaluation Form for you to start using right away.

As always, if you have any Certification topics you would like to clarify or discuss, please don't hesitate to drop us an email and let us know. We are here to assist you in any way we can.

Kindly let us know if you have any feedback about the New Evaluation Form.

Keep an eye out for more exciting changes from our office!

Stay tuned for the next installment...

If you have any questions do not hesitate to contact Certification at 857-204-1305 or certification.DCAMM@mass.gov.
