## DCR Parking Advisory: Various Agency-Managed Parking Lots

**WHAT:** Beginning Thursday, July 1, 2021, the Department of Conservation and Recreation (DCR) will begin accepting parking fee payments via the mobile payment application Yodel at 10 properties, with more coming online in the coming months. DCR will continue offering existing payment methods currently available at these locations. The mobile payment option will allow state park visitors to park and then pay, minimizing lines at entrance gates and subsequent traffic issues on abutting roadways. Visitors may download Yodel using either the [Google Play Store](#) or the [Apple App Store](#). At this time, the only Yodel feature available at DCR locations will be the contactless payment feature. While the app allows users to purchase a parking pass at any time, it is strongly recommended visitors wait until arriving at a property before buying a pass, as pre-purchased passes do not guarantee a space upon arrival.
