DCR Recreational Advisory: Marine Park Bandstand in Boston

WHAT: Beginning on Friday, April 26, 2024, and continuing indefinitely, the Department of Conservation and Recreation (DCR) will close the Marine Park Bandstand in the City's South Boston neighborhood due to public safety concerns. In March 2024, DCR conducted a building assessment and discovered that the stone edging on the roof had deteriorated significantly over the winter posing a risk to public safety. The Bandstand will remain closed until DCR can conduct repairs that accommodate the historic restoration work.

WHERE: Marine Park Bandstand in the City's South Boston neighborhood

WHEN: Beginning on Friday, April 26, 2024 – indefinitely
