**Subject:** **Healthcare Worker Survey Opportunity through Brandeis University**

---

**Purpose:** To notify MassHire Workforce Boards, MassHire Career Center Operators and other workforce development partners of a voluntary, healthcare worker survey opportunity through Brandeis University.

**Background:** Brandeis, Institute on Assets and Social Policy (IASP), is looking for healthcare workers to participate in research interviews. Eligible individuals include currently or previously employed in a full-or-part-time position within the healthcare sector. Participants must be at least 18 years old.

To explore the experiences of people who work in healthcare jobs, their work experiences working in healthcare, and how people from different backgrounds get to different jobs, participants will be asked to fill out a five-minute demographic survey and be interviewed for about one hour. Questions will be related to their career path up to this point, and future career goals. One-on-

one interviews will be audio recorded. All decisions to participate will be kept confidential and identity of all who participate will be protected by reporting out what is learned in aggregate. Participants will receive compensation in the form of a \$50 Amazon gift card.

**Action**

**Requested:** Please share with staff, partners and customers as appropriate.

**Effective:** Immediately.
