MassHire Career Center Directors
MassHire Fiscal Officers
MassHire DCS Operations Managers

cc: WIOA State Partners

From: Alice Sweeney, Director
MassHire Department of Career Services

Date: April 19, 2022

Subject: **Massachusetts Clean Energy Center Workforce Development Resources**

Purpose: To notify MassHire Workforce Boards, MassHire Career Center Operators, and other workforce partners of new resources, through the Massachusetts Clean Energy Center, to support workforce development.

Background: The Massachusetts Clean Energy Center is rolling out a variety of new resources to support workforce development. Their team has done new work to identify key jobs in the industry that require different levels of training and they are offering that information through a series of webinars. It is encouraged workforce professionals view the recorded webinar on priority occupations in the industry requiring short training or minimal entry experience. This is great content for regional planning teams, Boards, Career Center leadership etc. to understand what is changing in the industry. There is an upcoming webinar on higher skilled roles as well as a new training on work happening in NY around anticipated hiring and workforce needs and partnerships developed to-date.

An equal opportunity employer/program.

Auxiliary aids and services are available upon request to individuals with disabilities.

TDD/TTY 1-800-439-2370 - Voice 1-800-439-0183
