MassHire Department of Career Services

Date: September 10, 2019

Subject: **Employment Projections from the U.S. Bureau of Labor Statistics 2018 – 2028
WorkforceGPS Webinar**

Purpose: To notify MassHire Workforce Boards, MassHire Career Center Operators and other workforce partners of a webinar – [2018-2028 Employment Projections from the U.S. Bureau of Labor Statistics](#) available through US DOL/ETA WorkforceGPS.

Background: [WorkforceGPS](#) is a free, online technical assistance website created to help build the capacity of America's public workforce investment system. Sponsored by the Employment and Training Administration of the U.S. Department of Labor, it was developed specifically for workforce professionals, educators, and business leaders.

The U.S. Bureau of Labor Statistics (BLS) releases projections of long-term employment trends to provide information on how the labor market is changing. Learn about in-demand industries and occupations and about the

factors driving growth and decline in different sectors. Discover how BLS classifies occupations by typical entry-level education and training, and find out about additional career information resources available from BLS.

The webinar is scheduled for **Tuesday, September 17th from 11:00 – 12:00**. Registration for this event is limited and seating is on a first-come, first-served basis.

Action

Requested: Please share with management, staff and partners as appropriate.
