Purpose: To notify MassHire Workforce Boards, MassHire Career Center Operators, and other local workforce development partners of a webinar sponsored through WorkforceGPS: WIOA Performance 101 Series – Part II, Resources and Their Use, Wednesday, June 10th from 2:00 – 3:00.

Background: WorkforceGPS is an online technical assistance website created to help build the capacity of America's public workforce investment system. Sponsored by the Employment and Training Administration (ETA) of the U.S. Department of Labor, WorkforceGPS was developed specifically for workforce professionals, educators, and business leaders. WorkforceGPS is free but does require account registration.

Part I of this series introduced new performance and reporting staff, board members, and board staff to WIOA performance accountability concepts. Part II continues with an introduction to all WIOA performance and reporting technical assistance resources and tools. ETA performance staff will discuss:

- The development of these resources;
- How and when state and local staff, and board members might find them useful to help with their performance accountability responsibilities and decision making; and
- Where these resources are published.
