Subject: Regional Planing - Workforce Skills Cabinet Initiative - Revised

Purpose:

To provide galance to workforce, education, and economic partners regarding the implementation of the regional planning process and the development and publication of Regional Labor Market Blueprints for Year 1 of regional planning (April 2017 through June 2018). This policy has been revised as follows:

- 1. Requirement for Assurances has been eliminated.
- 2. Signature Page added. (Attachment F)
- 3. Instruction to include any public commentary that expresses disagreement with the Plan has been added.
- 4. Instruction for final plan submission included.

Background: The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014. WIOA supersedes the titles I and II of the Workforce Investment Act of 1998, and amends the Wagner-Peyser Act, and the Rehabilitation Act of 1973. WIOA requires States to designate "regions" for the purpose of aligning

workforce development activities and resources with larger regional economic

development areas and available resources to provide coordinated and efficient services to both job seekers and employers.

The Governor and the Secretaries engaged Chief Elected Officials (CEOs), Local Workforce Development Boards (Local Boards), other Workforce Partners and stakeholders to establish seven planning regions utilizing the required WIOA Regional Planning criteria.

Please see <u>Attachment A</u> for a map of the 7 planning regions and a list of the WIOA workforce areas within each region. The existing 16 WIOA workforce areas continue to serve as the policy, operations, and contracting structure for all federal workforce funding. However, the new regional planning process organizes higher-level strategic activities (data analysis, strategic planning, service mapping, etc.) for the 16 areas into a seven-region structure. Regional strategies use region-based information to identify regional service gaps and to identify what initiatives are better executed jointly regional service geographic areas.

Consistent with WIOA §106(a)(2)(B)-(C) and 675 co0, the 7 planning regions are provided with labor market data and technical assistance to assist with regional planning and subsequent service deliver, efforts. The requirements for the regional planning process are outline in Attachment B, Regional Plan Reference Matrix.

The Massachusetts regional planning process, called the "Regional Workforce Skills Planning Initiative", is usignature strategy of the Workforce Skills Cabinet (WSC). The Cabinet, and by <u>Societive Order No. 560</u>, brings together the Secretaries of Education, Later and Workforce Development, and Housing and Economic Development. The WSC has the task of building collaborative solutions that angle Massachusetts economic, workforce and education initiatives to better meet the need of regional economies. The WSC has developed a regional clanning process that both meets WIOA requirements and serves as a key strategy to high and coordinate multi-Secretariat investments, policies, and programs.

The WSC regional planning process aligns with a number of Secretariat-level initiatives at the Executive Office of Housing and Economic Development (EOHED), Executive Office of Labor and Workforce Development (EOLWD), and Executive Office of Education (EOE).

• The Executive Office of Housing and Economic Development published "Opportunities for All" the statewide economic development plan. The plan speaks to an enhanced role for EOHED and the Massachusetts Office of Business Development to connect business with Workforce Boards, One-Stop Career Centers, public post-secondary institutions, and vocational technical schools to develop talent. The WSC regional planning process will advance statewide strategies contained in

"Opportunities for All" with on-the-ground leadership in the business, education, and workforce communities. The Economic Development Summit, held in October 2016, further advanced the objectives of Opportunities for All and WSC regional planning.

- The Executive Office of Labor and Workforce Development published the statewide Workforce Innovation and Opportunity Act (WIOA) Massachusetts Combined State Plan that was built from the foundation laid by "Opportunities for All" and outlined a set of strategies ensuring that our statewide workforce programs are responsive to the demands of jobseekers and business alike. Additionally, the State Plan integrates the required WIOA regional planning process into the WSC regional planning process outlined within this document. The WIOA statewide conference, held in December 2016, further advanced the objectives of the State Plan and WSC regional planning.
- The Executive Office of Education launched a commistoric, strategic framework planning process to identify tate (de a d regional higher education capital investment needs and finding considerations. The process reviewed facility condition and car abilities, industry collaboration as well as alignment of higher education academic programs to support workforce and economic development.

The Executive Offices will alon statewide activities to integrate the economic, workforce, and higher education state evel plans into a unified WSC regional planning process, engrang leader to across major systems.

Policy:

Integrated WSC regions planning will make use of consistent labor market analyses, regional excapt and workforce strategies, coordinated infrastructure and communication, and alignment of resources across partners to create strong talent pip lines out meet job seeker and business needs.

Regional leads across three systems meet to coordinate regional planning activities and communication. In Year 1, the WSC regional planning teams will:

- Identify list of high priority occupations and sectors;
- Develop Regional Labor Market Blueprint, an action plan that reflects business engagement and need and that demonstrates how regional partners will meet skill needs of regional economies, and;
- Align existing and new resource investments in the region that impact supply and demand in the workforce.

An overview of the objectives, process and roles for various organizations is in <u>Attachment C</u>, "Regional Planning in Massachusetts: *An Initiative of the Workforce Skills Cabinet*".

Components of Regional Labor Market Blueprints include analysis of LMI data and implementation strategies.

Analysis:

- Regional Industry Trends in Employment
- Demand Trends for Occupations (across industries)
- "Talent Gap"
- Career Pathway Opportunities

Strategies:

- Priority Industries/Occupations
- Concrete Strategies to grow talent pipelines
- Measures/Shared Accountability for Regional Priority Pipelines

Planning Timeline – Year 1:

Each WSC regional team will adhere to a planning time the and produce related deliverables.

- April 5, 2017: WSC State Lead Kick-Off vent, convened and organized by WSC, attended by regional partiers.
- <u>April May 2017</u>: WSC convent Regretal Teams, with support of Local Workforce Development Loards, to the labor market information and form consensus agenda on priority skill needs and industry/occupational growth in region; initial Regional Labor Market Blueprint drafted.
- <u>May November 2017</u>: Leval Boards will convene three (3) to four (4) regional means to evid w and/or gather input from their business communities, upto the and finalize Labor Market Blueprints, and discuss and provide fee black on regional implementation of blueprint.
- Novemble 2017: Regional Planning Teams convene to share drafts of Regional Labor Market Blueprint with peers, industry groups and partners, and state staff.
- <u>December 2017</u>: Regional Planning Teams convene to share draft of Regional Labor Market Blueprints with Secretaries of Labor and Workforce Development, Education, and Housing and Economic Development.
- No later than January 31, 2018: Regional Planning Teams submit Regional Labor Market Blueprint to Workforce Skills Cabinet and post for 30 days of public comment.
- No later than March 2, 2018: Public comment period concludes; final feedback or comments from WSC delivered to regions.

• No later than March 30, 2018: Final Regional Labor Market Blueprint due to Workforce Skills Cabinet, inclusive feedback from WSC. Final Regional Labor market Blueprint shall also include signatures and any public comment that expresses disagreement with the plan. (*Any modification to the final submission date must be approved in advance by EOLWD/DCS.)

Funding:

Each Workforce Skills Cabinet planning region received funds to support alignment between economic development (business), education, and workforce through additional consultancy support for a) regional planning activities and b) the resulting outgrowth of strategic design to support demand-driven strategies (Demand-driven 2.0) aligned to regional planning outputs.

Funding is based on the number of local areas included in each region. Reference **Attachment D** for description of funding by region and allowable uses of funds and reporting requirements.

Action Required:

Regional Planning Partners: The representative of the WSC Regional Planning partner organizations will engage with the Local Local Boards and WSC and support the regional efforts to develop and execute the regional Labor Market Blueprint and all associated regional planning regionals.

Local Boards: The Local Boards, with the support of EOLWD, EOE, and EOHED, will be the many pints of contact for the Workforce Skills Cabinet as the WSC convenes Regional Janning Teams and other stakeholders (as defined locally) for initial regional meetings. Regional Planning Teams develop Regional Labor Market Blueprints (Le Attachment E: Regional Labor Market Blueprint) and pot Blueprints for public comment.

Final Blue of the submitted to Marina Zhavoronkova by email no later than January 31, 26.8. All narrative information should be included within the Blueprint document.

Following the initial kick-off meeting convened by WSC, Local Boards convene at least three additional meetings to refine their regional Blueprint and further develop regional planning protocols.

Local WDBs representing each local area in the planning region must provide an opportunity for public comment on the development of the regional plan or subsequent plan modifications before submitting the plan to the Governor. To ensure adequate opportunity for public comment, refer to <u>Attachment B</u> for notification requirements. After the close of the public comment period, the Boards will vote to support/adopt the Regional Plan.

The Regional Plan, inclusive of feedback from the WSC and signatures is due no later than **March 30, 2018** (please incorporate **Attachment F:** Regional Blueprint Signature Page).

The final submission shall also include any public commentary that expresses disagreement with the plan. Where applicable, such commentary is to be copied into a single file (PDF or WORD) and submitted as an appendix to the plan.

Regional Plan Submission: Pleae submit final plan by email to Marina Zhavoronkova (<u>Marina.R.Zhavoronkova@MassMail.State.MA.US</u>) No hard copy is required.

Effective: Immediately

Inquiries: Please contact Marina Zhavoronkova by email at

Marina.R.Zhavoronkova@MassMail.State.MA.US run by questions. Please reference the Issuance Number and Subject in the libitative of your inquiry.
