H. Areas of Concern & Findings of Non-Compliance

Areas of Concern:

If an indicator is not met and the Reviewer believes that it may possibly result in a finding at some later point if not addressed, an area of concern or observation is identified. Areas of concern or observations are not specific compliance violations but may have an adverse impact on the program or could lead to a finding in the future. As a general practice, no corrective action is specified or required for areas of concern or observations but may instead include suggestions for improvement.

Finding(s):

A finding is a violation of a specific compliance requirement contained in law, regulations, national policies, FOA, Uniform Guidance or OMB Circulars, the grant terms and conditions, ETA policy guidance, including Training and Employment Guidance Letters (TEGLs) or Training and Employment Notices (TEN), and/or the grant agreement *that requires specific corrective action*.

If, as result of compliance and performance monitoring or otherwise, MDCS has determined that non-compliance and/or a violation of provisions of law, regulations, policies, FOA, Uniform Guidance or OMB Circulars, the grant terms and conditions, ETA policy guidance, including Training and Employment Guidance Letters (TEGLs) as above exists, MDCS will require corrective action(s) to secure prompt compliance.

For additional guidance, please refer to related local, state, and federal policies and see below.

Corrective Action:

In the event the performance of a MassHire Workforce Board/region is below minimum standards, a corrective action plan will be developed by MDCS and/or the MWB to improve MassHire Workforce Board/region's performance. MDCS will follow-up with performance monitoring to determine if the deficiency has been corrected. If the MassHire Workforce Board/region is deemed to be in compliance with the corrective action plan, a letter will be sent to the MWB advising that the corrective action goals have been met.

If the MassHire Workforce Board/region is to correct the deficiency, the MassHire Workforce Board/region will receive written notice that the program is to be placed on probation. The notice will indicate the effective date of the probation and the duration of the probation. The probationary period will not be less than thirty days or more than ninety days.

The MassHire Workforce Board/region will be notified in writing five days before the probation period expires of one of the following:

- The probation will be terminated
- The program will be terminated
- The probations will be extended for a period not to exceed 90 days.

High Risk Service Provider: A high-risk service provider determination may be made by MDCS where:

- Monitoring activities discover disallowed costs
- When a service provider fails to attain a minimum WIOA Performance Measures
- Service provider action results in negative public relations
- Additional criteria may be established for data validation

High-risk service providers may be monitored quarterly until such a time as MDCS determines that the identified issues have been resolved satisfactorily, and that systems and procedures have been adapted appropriately to MDCS' satisfaction. MDCS may initiate a full program review each quarter and desktop reviews monthly.
