### SELECTIVE SERVICE REGISTRATION REQUIREMENTS

To be eligible to participate in WIOA Title I services, certain Selective Service requirements must be met by One-Stop Career Center customers:

- (A) All males born in the United States on or after January 1, 1960 *must have registered* with the Selective Service System (must be able to document registration with SSS).
- (B) Males not born in the United States, whose birth date is on or after January 1, 1960 and who entered the U.S. before their 26<sup>th</sup> birthday *must have registered* with the Selective Service System (must be able to document their date of entry and date of birth). Since a foreign born male who enters the U.S. as a student attending school on a full-time basis is not required to register with Selective Service, verification of the individual's F1 Student Visa status when he was between the ages of 18-26 would be sufficient.
- (C) Males not born in the United States, whose birth date is on or after January 1, 1960 and who entered the U.S. after their 26<sup>th</sup> birthday are not required to register with Selective Service (must document their date of entry and date of birth).
- (D) Males born on or after January 1, 1960 and who have been discharged from U.S. military service must document their date of discharge on their DD214.

For non-U.S. born customers, presentation of either a Certificate of Naturalization form or a valid United States Passport will indicate that an individual has met all Selective Service requirements, as Selective Service compliance is also a requirement of the naturalization process.

For transgender customers, compliance with selective service is predicated on the individual's gender as assigned at birth/as recorded on a birth certificate.

Female to Male Individuals – Individuals who were assigned female at birth are not required to register with the Selective Service regardless of their current gender or transition status. A male customer who was assigned female at birth applying for WIOA funded programs may demonstrate exemption from registering by providing a Status Information Letter (SIL). Customers can visit the Selective Service website at <https://www.sss.gov/Portals/0/PDFs/Status.pdf> to

obtain an SIL request form. (Selective Service will require a copy of the individual's birth certificate showing the birth-assigned sex.)

Male to Female Individuals – Customers who were assigned male at birth are required to register with Selective Service within thirty days of their eighteenth birthday. This includes those who may have transitioned before or since then. Individuals can register on-line for Selective Service by visiting <https://www.sss.gov/Home/Registration>
