Allowable methods to verify eligibility source documentation:

- Documentation for Dislocated Workers including COVID19 Disaster Recovery Dislocated Worker eligibility may be verified electronically.
- The use of electronic signatures on eligibility documentation is also allowable.
- Staff may verify documents through livestream (video sharing) such as Zoom, WebEX, Adobe Connect or other virtual media platform.
- When documents are verified through livestream staff must complete the Documentation Inspection Form found in <u>Attachment J</u> of MWI 100 DCS 18.101.5 and include in the customers file.
- Workers and staff sending eligibility documentation via email must use the Secure Email Delivery System found in <u>Attachment L</u> of MWI 100 DCS 18.101.5. Documents sent via email must be sent included in the customer's file.
- Staff may send the customer a <u>release form</u> (for example, Shared Customer Release Form; Issuance: 03.2019) to record the UI Online ID to give staff permission to access the customer's UI record. Upon the staff's receipt of the customer release form, the staff looks up the UI claim and verifies that the customer is in fact eligible for UI. Staff must include documentation of the customer's UI status in the file by either a printout or use of the Documentation Inspection Form.
- Customers emails UI screenshot to staff or UI printouts by staff.

Please note if a situation related to eligibility determination or verification of documentation is not listed here, please contact your MDCS SPOC for assistance in discerning eligibility for the purpose of WIOA Title I Dislocated Worker Eligibility.
