**100 DCS 18.113**

☒ **Policy**   ☐ **Information**

---

**To:** Chief Elected Officials  
MassHire Workforce Board Chairs  
MassHire Workforce Board Directors  
MassHire Career Center Directors  
MassHire Fiscal Officers  
MDCS Operations Managers

**cc:** WIOA State Partners

**From:** Alice Sweeney, Director  
MassHire Department of Career Services

**Date:** April 8, 2022

**Subject:** **Poverty Guidelines – Lower Living Standard Income Levels 2022**

---

**Purpose:** To provide MassHire Workforce Boards, MassHire Career Center Operators and other local workforce partners with the annual update of income guidelines for use when determining economically disadvantaged/low-income status under the Workforce Innovation and Opportunity Act (WIOA) and other programs.

**Background:** Title I of WIOA requires the U.S. Secretary of Labor (Secretary) to update and publish the LLSIL tables annually, for uses described in the law (including determination of eligibility for youth). Section 3(36)(A) of WIOA defines the term “low-income individual” as one who qualifies under various criteria, including an individual who receives, or received for a prior six-month period, income that does not exceed the higher level of the poverty line or 70 percent of the LLSIL. Section 3(36)(B) of WIOA defines “lower living standard income level” as, the income level (adjusted for regional, metropolitan, urban, and rural differences and family size) determined annually by the Secretary of Labor based on the most recent lower living family budget issued by the Secretary.

WIOA Final Regulations 680.210 require local Workforce Boards to set the criteria for determining whether employment leads to self-sufficiency. 100% of the LLSIL, as a minimum, must be used in the WIOA Title I self-sufficiency standard calculations.

In accordance with WIOA Final Regulations 681.280, an in-school youth who has a disability and whose own income does not exceed the higher of the poverty line or 70 percent of the lower living standard income is eligible for youth services.

Based on the publication of the Health and Human Services (HHS) poverty level guidance, the U.S. Department of Labor, Employment and Training Administration (ETA) has now published the Lower Living Standard Income Levels in the Federal Register of April 6, 2022.

**Policy:** With the publication of the HHS Poverty Income Guidelines and the ETA Lower Living Standard Income Levels for 2022, the higher of either the 2022 Poverty Income Guidelines or 70% of the Lower Living Standard Income Level (LLSIL) shall be used for priority of service determination for WIOA Title I and other programs using economically disadvantaged/low-income status criteria.

Chief Elected Officials, Workforce Boards and program operators shall follow the Poverty Income Guidelines for 2022 in determining income eligibility for a family of one (1) and shall implement the 2022 70% Lower Living Standard Income Levels in the determination of eligibility for WIOA Title I and other programs using economically disadvantaged/low-income status criteria for families of two (2) or more. 100% of the LLSIL, as a minimum, must be used in establishing policy related to the calculation of local “self-sufficiency” standards for WIOA Title I. For workforce development areas covered by more than one set of LLSIL figures (where there is more than one type of metropolitan area), program operators should use the highest set of LLSIL guidelines for all cities and towns located within the entire workforce development area.

<b>2022 70% Lower Living Standard Income Levels (LLSIL)</b> <b>As determined by U.S. Department of Labor</b> <b>Effective April 6, 2022</b>			
<b>Family Size</b>	<b>Boston-Brockton-Nashua, MA/NH/ME/CT</b>	<b>Northeast Metro</b>	<b>Northeast Non-Metro *</b>
1	\$13,274	\$12,214	\$11,984
2	21,754	20,018	19,643
3	29,870	27,474	26,966
4	36,866	33,916	33,381
5	43,508	40,027	39,278
6	50,877	46,807	45,928
Over 6 Increment	7,369	6,780	6,650

\* Metropolitan area measures were calculated from the weighted average Consumer Price Index-Urban (CPI-U) for city size classes A and B/C. Non-metro area measures were calculated from the CPI-U's for city size class D.

Note: Workforce development areas with at least one town or city in the Boston-Brockton-Nashua MA/NH/ME/CT Metropolitan Statistical Area (MSA) include Boston, Fall River, Brockton, Merrimack Valley, Metro North, Metro-South/West, Greater New Bedford, Greater Lowell, North Central MA, South Shore, North Shore and Central MA. Workforce development areas with at least one town or city within the New England Metropolitan Statistical Areas, but none with the Greater Boston MSA, include Berkshire, Franklin/Hampshire, Hampden County and Cape Cod.
