A motion was made by Senator Miranda and seconded by Colleen Stocks to vote on all the recommendations as written and to be numbered in the 2025 Annual Report. The motion passed unanimously.

Chairwoman Pelletier thanked all for the dedication.

An alternative format as far as layout was shared to the Panel where none of the language had been changed to include graphics throughout and photo images for the Panel to review and comment. It was decided that if using images, the images should be representative and diverse or remove them entirely.

3. Goals and Priorities for 2026

As we set the agenda for January, the Panel would like to focus on the following goals and priorities for 2026:

- Focus on substance use disorder and treatment for various types of justice involved women
- Probation - understand the system and challenges for justice-involved women under all levels of supervision
- Interest in parenting individuals and of their children
- Available recreation spaces for those in a carceral setting
- Data points as recommended and expanding of our requests to get them more regularly

Senator Miranda shared interest in doing a report out to the women's caucus to highlight the 2025 Annual Report. After the report is filed, the caucus is welcome to join any of the scheduled meetings. There was also interest for this Panel to continue to hear from justice-involved women with lived-experience with in-person meetings.

The next meeting scheduled will be on January 9, 2026.
