

ENGINEERING DIRECTIVE

Frank Tramontozzi (signature on original)

CHIEF ENGINEER

Deep Foundation Construction Records and Procedures - Additional Submittal in Electronic Format

The purpose of this Engineering Directive is to require submittal of the following documents to the Geotechnical Engineer in electronic PDF format:

- All records of pile foundations as indicated in S.O.P. No. CSD-24-11-1-000
- The relevant items of Categories 3 and 4 in Table 6.2, Distribution of Construction Procedures, in Part I, Chapter 6 of the MassDOT *Bridge Manual*

The electronic documents shall be submitted in addition to the existing requirements, not in place of the existing requirements.

The electronic documents shall be submitted on CD to the Geotechnical Engineer through the Bridge Engineer.

This directive is effective immediately.
