

Regional Issues/Priorities

Projects

- Managing PFAS
- Water System Expansions (Eastham, Plymouth)
- New Treatment Plants (Tri-Town, Hyannis, many green sand plants)
- Replacement and new Wells
- Managing “dirty water”
 - Norton
 - Scituate
 - Swansea

Maintenance

- Treatment Plants
- Distribution System
 - Tanks
 - Conduits
- Use Job Creator System

Emergency Response Plans

- Keep current
- Annual (at least) training
- Share with other entities (Board Of Health, Selectmen, etc.)
- Know who to notify when
- Actually use the plan

Messaging

- News travels quickly due to social media
- Have a media strategy
- Present facts not just the results
