

# Massachusetts Department of Environmental Protection Sustainable Materials Recovery Program

## Grant Details: Food Waste Curbside Collection Carts

Grant Applications Due **June 1, 2026**, at 11:59 PM ET

Changes from the previous grant cycle are conveyed in both yellow highlights and bold text.

### Overview

This grant will provide funds for the purchase of wheeled carts to be used by residents for municipally-financed or subsidized curbside collection of source-separated food waste. **For subsidized programs, the municipality must contribute at least \$35 per participating household towards the yearly subscription rate. Other forms of subsidy could be provision of a food waste cart (grant-funded carts are acceptable), start-up kits including kitchen counter-top bins and compostable bag liners, or a discount on residential trash bills/fees.** Carts may also be distributed to businesses participating in the food waste collection program. The collection of source-separated food waste must continue year-round. The following programs may be considered for this grant:

**New town-wide or phased-in program** means introducing cart collection to the households and/or businesses served by the municipal contract. For example, a municipality may currently collect trash from some businesses and may want to make curbside food waste available to those same businesses. A phased-in approach allows municipalities to start with a smaller subset of households rather than extending to the entire municipality immediately.

**Expansion (enhancement) of an existing program** means the municipality already provides cart collection to some households and will be expanding the service area. For example, the municipality is phasing in food waste collection and plans to expand to serve all eligible households.

**Municipalities interested in a Food Waste Drop-Off Program may apply through the Drop-Off equipment grant.**

### Eligible Applicants

- This grant item is available to municipal applicants only.
- No trash limit required.

### Program Structure

Grant awards will be calculated based on the number of households (HHs) served by the food waste collection program. One cart per household will be awarded. The carts MUST include durable stickers, or in-molded labels providing detailed instructions on how and what to compost. An in-molded label is laminated to the cart lid by heat treatment during the manufacturing process. Sample artwork for labels is available. Actual award disbursement will be based on actual households participating in the program up to **10,000 households** for a maximum of **\$250,000**. For example, if a municipality previously received MassDEP funding for 3,000 HHs participating in a phase 1 municipal food waste collection program, they will be eligible for grant funding for up to an additional 7,000 HHs via expansion. Awards are contingent on submission of an approved Implementation Plan. Please see the Table below for details:

Type of Grant	Collection Containers	Award Amount (per HH served)	Maximum Award Amount
New Program (up to <b>10,000 HHs</b> )	Food Waste Carts w/ required labels	\$25	<b>\$250,000</b>
Expansion of Existing Program (up to <b>10,000 HHs</b> )	Food Waste Carts w/ required labels	\$25	<b>\$250,000</b>

## **Use of Grant Funds**

Grant funds may be used in accordance with the Grant Scope of Work (see Attachment) to offset the cost of carts purchased either by the municipality or by its contracted food waste hauler.

- Purchasing a combination of cart sizes is allowable.
- If the hauler purchases the carts, the municipality's contract with the hauler must specify that the municipality takes ownership of the carts at the end of the contract.
- If not purchasing off state-contract, the curbside food waste containers must meet the following minimum requirements: contain 30 percent recycled content, are at least 10 gallons in size, and have a warranty of 5 years or more.
- All carts must have in-molded label or sticker with information on how and what to compost.
- Municipalities with new or phased-in programs must commit to operating the program for a minimum of 2 years.
- **MassDEP reserves the right to cap the total Food Waste Curbside Collection Cart grant amount awarded to a municipality at \$250,000 over a ten-year period.**
- **Municipalities that apply for and are awarded in both the Pay-As-You-Throw (PAYT) Program and Food Waste Curbside Collection Carts grant categories may be limited to a combined maximum award of \$450,000.**

## **Relevant State Contracts**

Curbside collection carts may be purchased off statewide contract [FAC113designatedDEP: Recycling Containers, Compost Bins, and Rain Barrels](#), under Category 4.

## **Evaluation Criteria**

In addition to the [minimum eligibility criteria and the evaluation criteria applicable to all SMRP grant programs](#), the following factors will be viewed favorably in the evaluation process:

- Readiness to implement the project, including a plan for outreach and education **and participation in the Curbside Food Waste Collection Working Group and/or Technical Assistance grant.**
- Demonstrated understanding of the steps to implement the proposed program.
- New food waste collection programs versus program updates or expansions.
- Ability and willingness to use RDP funds to offset program costs.
- Located in an environmental justice population.

## **Questions**

Beginning April 1, 2026, MassDEP will accept grant questions via [online form](#). The deadline for submitting questions is **Friday, May 1, 2026, at 5:00 PM ET**. Official responses to these questions will be shared and posted to the [SMRP Grant Website](#) no later than Friday, May 8, 2026.

# **Attachment 1**

# **Award Checklist**

# Checklist for Curbside Food Waste Collection Carts Grant Award

This document contains important grant deadlines and requirements.

## Instructions for the Municipal Recycling Contact:

- Complete this checklist and return it to [Rebecca.Ferguson@mass.gov](mailto:Rebecca.Ferguson@mass.gov) no later than **January 15, 2027**. Once MassDEP has received your checklist, we'll send you a Grant Scope of Work. Make sure to include your Draft Implementation Plan (see Step 2 below).
- Return the signed Grant Scope of Work via email to MassDEP by **February 15, 2027**.
- Do not expend funds for which you wish to ask for reimbursement until AFTER a Grant Scope of Work has been fully executed by both MassDEP and the municipality.
- Funds must be spent and invoices received by MassDEP no later than **June 30, 2027**.

## STEP ONE: Program Approval and Start Date

Check the boxes and circle the applicable municipal decision-making body below, to indicate that the necessary approval has been secured for this grant.

The municipality's (circle one: Board of Selectmen, City Council, Board of Health, Town Meeting) has voted to fund and implement a curbside food waste collection program with wheeled carts, which will be operated for a minimum of 2 years.

The municipality understands that the actual grant amount will be determined by the number of households participating in the food waste collection program (i.e., number of carts distributed).

Program Start Date: \_\_\_\_\_

## STEP TWO: Implementation Plan

Check the boxes below to signify that you've developed an Implementation Plan. The Draft Implementation Plan should be submitted with this Checklist to [Rebecca.Ferguson@mass.gov](mailto:Rebecca.Ferguson@mass.gov) no later than **January 15, 2027**.

Our municipality has developed an Implementation Plan that has been reviewed and approved by MassDEP. The Implementation Plan will become an appendix to our Grant Scope of Work.

Municipality's approved Implementation Plan documents the following:

1. Start date of the Program, which must be within 12 months of the date of the award letter unless expressly extended, in writing, by MassDEP.
2. Description of the Program, including number of participating households, method of cart distribution, name of contracted hauler, name and address of permitted composting facility where food waste will be tipped.
3. Explanation of how the Program will be financed, including how the municipality will fund the balance of the cart costs (if any) that are not covered by the grant.
4. Explanation of steps remaining to implement the Program.

## STEP THREE: Signature of Authorized Official

I have reviewed and am familiar with the information contained in this checklist. The information contained in this checklist is to the best of my knowledge, true, accurate and complete. I am fully authorized to make this attestation on behalf of the Grantee municipality.

# **Grant Scope of Work**

## **(Template)**

**GRANT SCOPE OF WORK BETWEEN THE  
COMMONWEALTH OF MASSACHUSETTS DEPARTMENT OF ENVIRONMENTAL PROTECTION (“MassDEP”)  
AND THE [GRANTEE NAME] (“Grantee”)**

Pursuant to the Green Communities Act, relevant provisions of which are codified at M.G.L. c. 25A, Section 11F(d) and the regulations promulgated thereunder at 310 CMR 19.300 and in support of the Massachusetts Solid Waste Master Plan developed pursuant to M.G.L. c. 16, Section 21, MassDEP has awarded the [Grantee Name] (“Grantee”) a Sustainable Materials Recovery Program Grant (“Grant”) for a Curbside Food Waste Collection Program valued at up to [Maximum Award Amount] (“Grant”). Grantee shall comply with the specific terms and conditions described below in the performance of the Grant and in the attached Project Scope of Work. MassDEP and Grantee shall collectively be referred to as the Parties.

**DURATION OF THE GRANT:** This Grant shall expire on [June 30, 2028]. Invoicing and reporting deadlines are described below.

**RESPONSIBILITIES OF GRANTEE:**

1. Authority: The signatory of this Scope of Work is authorized by the governing body of Grantee to enter into this Grant Scope of Work on behalf of Grantee and accept and utilize this Grant.
2. Commonwealth Terms and Conditions: Grantee shall comply with the Commonwealth Terms and Conditions and other requirements set forth in Grantee’s executed Master Agreement.
3. Failure to Comply: If, in the judgment of MassDEP, Grantee fails to comply with any of its responsibilities as identified in the Grant Scope of Work, then, at the election of MassDEP, (a) Grantee may be deemed ineligible to participate for what time remains of the Grant period; and/or (b) title to all Grant materials purchased with these Grant funds immediately and without any further steps shall be transferred to MassDEP; and/or (c) MassDEP may find Grantee not eligible to seek another Sustainable Materials Recovery Program Grant for up to three years; and/or (d) Grantee shall repay the Grant funds to MassDEP within 90 days. MassDEP may provide written notice to Grantee of any such failure to comply. Such notice may provide a time period and manner for Grantee to cease or remedy the failure. Such notice from MassDEP of any such failure by Grantee is not a precondition to MassDEP’s right to select options (a), (b), (c) and/or (d) above. Grantee shall follow the instructions of MassDEP regarding possession of the Grant materials (e.g., collection container). The Parties hereby agree to execute any and all documents necessary to accomplish said transfer. Furthermore, Grantee shall transfer or arrange to transfer actual possession of said materials to an authorized representative of the Commonwealth of Massachusetts or its designee.
4. Recycling in Practice: Grantee has established paper, bottle, and can recycling in all municipal buildings, offices and meeting spaces, including schools. Grantee shall continue such paper, bottle and can recycling during the term of the Grant.
5. Sustainable Purchasing / Environmentally Preferable Products (EPP) Procurement Policy: Grantee has adopted a Sustainable Purchasing or EPP Procurement Policy. The Policy is either bylaw or ordinance enacted by the decision-making entity of the municipality and includes a commitment to purchasing products and services offered through the Operational Services Department (OSD)’s Environmentally Preferable Products and Services Program; reducing waste by prioritizing reuse and donation of goods and equipment, and purchasing products that are durable, reusable and refillable; and adherence to Federal Comprehensive Procurement Guidelines, or other established criteria, for minimal accepted recycled content levels when purchasing office supplies.

6. Use of Grant Funds: Grant funds are to be used for Food Waste Collection Carts and will be reimbursed in the amount of \$25.00 per cart to offset the cost of one cart per participating household or business, up to **[Maximum Award Amount]**, purchased either by the Grantee or by its contracted hauler for the express purpose of collecting food waste at the curb. This amount is inclusive of the cost of the required stickers, or in-molded labels providing detailed instructions on how and what to compost. Other organic materials, (e.g., leaves, yard waste, or paper towels), may be collected along with food waste.

- The carts must be a minimum of 10 gallons, should be made with 30% post-consumer recycled content and have a minimum warranty of five years. It is recommended that the carts be green in color to adhere to industry standards. The carts may be purchased from [Massachusetts State Contract FAC113 for Recycling Containers and Compost Bins](#).
- The carts must either be hot-stamped with an in-molded label or include a durable sticker with MassDEP's logo and "Funded by a grant from MassDEP".
- Funds may not be used to purchase carts for the collection of trash.

7. Grant Conditions: As documented in the Grantee's MassDEP approved Program Implementation Plan, attached to this Scope of Work, the Grantee agrees to the following requirements:

- If the hauler purchases the carts, the Grantee's contract with the hauler must specify that the Grantee takes ownership of the carts at the end of the contract.
- All carts shall be utilized for the collection of food waste from single-family and multi-family dwellings, municipal buildings, and/or local businesses participating in a municipally contracted collection program. The Grantee must maintain records of the distribution (i.e., location, number, material(s) collected and building contact) for all carts placed at multi-family dwellings or local businesses for the duration of this Grant.
- All carts shall remain on the premises where Materials are being collected, and Materials shall be tipped on the premises. Carts are not permitted to be swapped on and off the premises with other containers, unless authorized by MassDEP.
- If the Grantee wishes to sell the carts to the buildings/businesses participating in the program, the Grantee shall establish a separate dedicated revolving account ("Account") pursuant to M.G.L. c. 44 Sec. 53E 1/2, or a gift account pursuant to M.G.L. c. 44 Sec. 53A to handle these revenues. If the Account is established by some other means, MassDEP shall be notified in writing by the Grantee that such account is separate from the Grantee's general fund and meets the requirements of this Grant Scope of Work. All revenue received from cart sales shall be deposited into such Account. The Account shall be used for the purchase of additional carts, administrative expenses or other such expenses as are directly related to furthering Grantee's recycling program. In the event that there are funds remaining in the Account after demand for carts has been satisfied, Grantee shall notify MassDEP in writing of its intent to use such funds for public education or another waste reduction program approved by MassDEP.

8. Invoicing: All Grant funds are disbursed on a reimbursement basis. MassDEP will allow grantees to submit up to two invoices; ideally, one invoice representing costs incurred for each fiscal year. Invoices must be submitted no later than **[June 30, 2027 and June 30, 2028]**, to MassDEP for expenditures made in the prior fiscal year. The Grantee shall submit requests for reimbursement for approved expenditures, accompanied by the supporting documentation when appropriate, (i.e., proof of purchase in the form of an invoice which lists the vendor name and address, items or services purchased, and the total cost) and a statement that the Grantee has taken possession of the food waste carts; OR a copy of the fully executed contract between the Grantee and its food waste collection vendor in which the vendor is responsible for the procurement of carts for curbside collection of organics. The contract must also stipulate that the carts become the property of the municipality at the end of the collection contract. If requesting reimbursement

for in-molded labels, the Grantee must also submit an editable digital file of the artwork used for in-molded labels.

9. **Property Rights:** Upon delivery from the vendor and prior to distribution, the Grantee shall retain exclusive ownership of the carts, subject to the provisions of this Grant Scope of Work. Grantee shall be solely responsible for protecting the carts from damage, theft, or loss during the time in which said carts are in the possession, custody, or control of the Grantee. If the Grantee does not take possession of the carts, the Grantee shall require the hauler to protect the carts from damage, theft, or loss during the time in which said carts are in the possession, custody, or control of the hauler.
10. **Reporting:** Grantee shall file an annual Recycling and Solid Waste survey by February 15, via ReTRAC, for the duration of this grant. Failure to comply with these reporting requirements may jeopardize future grant awards.
11. **Publicity and Outreach:** All outreach materials and publicity tools (i.e., press releases, media advisories, education materials) issued by Grantee in conjunction with, or as a result of, this Grant shall include the following language: "This project is funded in part by a grant from the MassDEP". MassDEP shall retain the right to utilize and disseminate all printed outreach materials and publicity tools and artwork produced by Grantee or Grantee's contractor as a result of this Grant. Grantee shall provide MassDEP with copies of all outreach materials and publicity tools developed (in an editable electronic format). Grantee should be prepared to provide a public presentation on the results or findings of the Grant at MassDEP's request.
12. **Environmental Compliance:** Grantee understands receipt of a grant from MassDEP does not in any way imply that Grantee is in compliance with applicable environmental regulations. This Grant Scope of Work shall not be construed as, nor operate as, relieving Grantee or any other person of the necessity of complying with all applicable federal, state, and local laws, regulations and approvals. Grantee's facility(ies) are subject to inspection at any time by MassDEP and noncompliance with applicable environmental regulations may result in formal enforcement actions, including penalties.
13. **Addendums:** Should MassDEP award additional Grant funds, an addendum to the Grant Scope of Work shall be provided to Grantee. The same terms and conditions apply to the addendum.

**IN WITNESS WHEREOF**, MassDEP and Grantee hereby execute this Grant Scope of Work.
