New Policy Concerning Dispensing Opticians Five-Year Completion of the Three-Year Apprenticeship Program

Registered on or before May 31, 2011: Apprentices registered on or before May 31, 2011 may adopt the five-year model provided that they make a request in writing to the Division of Apprentice Standards. The request should include a written plan which includes a schedule to meet the testing requirements and sign the five-year agreement below.

Registered after May 31, 2011: In order to ensure that every apprentice meets the requirements of passing the ABO and the NCLE exams to become a fully licensed Dispensing Optician with the Board of Registration of Dispensing Opticians (the "Board"), the Division of Apprentice Standards will institute the following process:

Related Training and Testing: Apprentices can use the full dispensing optician curriculum or the test preparation for the ABO and NCLE exams. For the test preparation curriculum the equivalent of 450 hours of related classroom instruction will be approved for the successful completion of both the ABO and NCLE exams. The successful completion of each test will be considered a competency equivalent of 225 hours of related classroom training for a total of 450 hours. All test preparation courses must be taken from one provider for each exam. Apprentices participating in a full curriculum (not test prep) may take the ABO and NCLE exams in year three.

- Each Dispensing Optician apprentice will be required to pass both the ABO and NCLE before receiving a completion certificate. Apprentices participating in a full curriculum (not test prep) may take the ABO and NCLE exams in year three.
- If an apprentice in a test prep curriculum registers after May 31, 2011, and has not taken and/or not passed either the ABO or NCLE exams by the end of the second year of the apprenticeship, the apprentice, licensed mentor and sponsor representative will be required to attend a meeting with the Division of Apprentice Standards to determine the reasons for failure and provide a written schedule to the Division of Apprentice Standards demonstrating that the apprentice can successfully complete the required exams prior to the end of the five-year cycle.
- The apprentice will be granted extensions in years four and five provided that the apprentice continues to take the exams each year as scheduled.

After five years if apprentices have not passed both the ABO and NCLE exams they will be terminated by the Division of Apprentice Standards without receiving a completion certificate. Low passage rates by sponsors will be subject to review by the Division of Apprentice Standards. The apprentice and/or sponsor may appeal the termination to the licensing board however the Division of Apprentice Standards will only reinstate the apprentice if the licensing board allows an extension.

Upon receipt of these certificates, the apprentice will be eligible to register for the Practical Exam.

During this time, apprentices must demonstrate mastery of the apprentice optician work process as demonstrated by their evaluations and passage of either the ABO or NCLE exams before the end of the second year of apprenticeship or the management apprentice, licensed mentor and sponsor representative will be required to attend a meeting with Division of Apprentice Standards to determine the reasons for failure and to provide a written schedule to the Division of Apprentice Standards demonstrating that the apprentice can successfully complete the required exams prior to the end of the five-year cycle.

Standards for Apprentice Programs

1. The apprentice must be employed and trained in an apprenticeable occupation as defined in 454 CMR 26.02.
2. The apprentice will be provided no less than 1,200 hours per year of employment in the relevant occupation.
- 2A. The first 25% of the program term but not more than one year of employment for the apprentice shall be a probationary period. During this probationary time the agreement may be canceled by either party to the agreement by notifying the other. The Division shall be notified of all such cancellations within 30 days.
- 2B. The employer intends and expects to give the apprentice continuous employment and will use its best efforts to keep the apprentice employed during the full term of apprenticeship. If any apprentice is temporarily released due to business conditions, that apprentice shall be given the opportunity to be reinstated before any additional apprentice is employed in the same trade.
3. The apprentice shall be provided with a description of the work process in which he or she will work and an approximation of the portion of the time to be spent in each major process.
- 3A. Each apprentice will receive a copy of the DAS Apprentice Handbook from the sponsor as verified by initialing the appropriate location on the apprentice agreement.
- 3B. To permit the flexibility necessary to normal shop production hours, the work experiences need not be in the precise order as listed, nor do the scheduled hours on any operation need to be continuous.
4. The apprentice sponsor shall ensure that the apprentice receives approximately 150 hours per year of related instruction in all subjects related to the trade. Such instruction may be given in a classroom or through correspondence courses or other forms of self-study, but must be approved by the Director of the Division of Apprentice Standards. The sponsor will not necessarily be responsible for the cost of the related instruction or any books, other written materials, or supplies necessary for such instruction. If, however, the apprentice is to be responsible for all or any portion of such costs, the apprentice agreement must contain an explicit statement to that effect; otherwise, the employer is responsible.
5. The sponsor must ensure that the apprentice will be paid no less than the amount specified in a predetermined schedule of wage rates. Such wage rates will be expressed as a percentage of the established journeyman rate and shall progressively increase consistent with the level of skill acquired by the apprentice for the duration of time that the apprentice participates in the apprentice program. The apprentice's scale of wages shall average not less than 50% of the Journeyman rate over the term of the apprenticeship. If a sponsor has a program with an occupation that is identified on the Massachusetts Division of Occupational Safety prevailing wage sheets as one that would require certified payrolls on a public project as described in Chapter 149, then the wage progression percentages will mirror that like occupation. The sponsor may adjust the apprentice payroll amount for private jobs by setting the company private journeyman rate and maintaining the same wage progression rate.
6. The journeyman's rate used for establishing the apprentices wage schedule shall be stated in dollars and cents and shall be reviewed annually and, if appropriate, re-adjusted.
7. The entry apprentice wage rate shall be not less than the minimum wage prescribed by applicable state or federal law.
8. The apprentice will be under the general supervision of the journeyman with whom the apprentice will work and the direct supervision of the employer or Master Supervisor whose duty it shall be to see that the apprentice receives the work experience outlined in these Standards.
9. The apprentice sponsor may preclude an apprentice from obtaining the next step in the apprenticeship or extend the apprenticeship when the apprentice does not achieve the level of competency necessary for advancing or completing the program. In such a case, however, the apprentice's periodic evaluation shall describe the reasons for such action and the apprentice shall be notified of the evaluation. The evaluation (initialed by the apprentice) shall be forwarded to the Division with a request for an extension of the apprentice's agreement. In no event shall the term of the apprenticeship be extended more than two six months periods over the term of the apprenticeship except on a case by case basis.
10. The jobsite ratio of apprentices to journeymen shall not exceed the ratios as determined by the Division of Apprenticeship Standards.

11. The apprentice shall be trained in safe and healthful work practices and shall work only in environments that comply with all applicable Massachusetts and Federal occupational safety and health standards.
12. The apprentice shall not be less than 16 years of age. The employment of apprentices between the ages of 16 and 18 shall comply with all Massachusetts and Federal child labor laws.
13. The apprentice training sponsor may, at its discretion, grant credit or advanced standing to an apprentice for hands-on training or related instruction which the apprentice may have obtained while previously participating in other apprentice programs or while employed by previous employers. However, such previous training or experience must be documented and comply M.G.L. c 23, §§ 11E through 11W and 454 CMR 26.00. Step increases in pay shall be commensurate with the credit given to the apprentice. The granting or denial of credit or advanced standing to any particular apprentice must conform to the apprentice program sponsor's stated policy on this issue as described in the apprentice application materials and in the apprentice agreement. However, no more than one-half the program will be accepted based on previous experience or training.
14. Upon successful completion of the apprentice's program, the apprentice program sponsor shall recommend to the Division that a State Certification be awarded.
15. The apprentice program sponsor shall establish a procedure to receive, investigate, and resolve complaints and concerns raised by the apprentices relative to the apprentice program. To the extent possible, confidentiality of the information provided to the apprentice program sponsor concerning matters raised by apprentices shall be maintained.
16. The records of the apprentice's work experience and related training instruction shall be kept by the employer and will be available for examination by Field Representatives or Compliance Officers of the Division.
17. For employers with five or more apprentices, affirmative action information will be kept by the employer and available for review yearly by a Field Representative or Compliance Officer from the Division.
18. These standards shall be submitted to the Massachusetts Division of Apprentice Standards for approval and will become effective upon the date of approval.
19. These standards of Apprenticeship may be amended by the employer provided such amendments are approved by the Massachusetts Division of Apprentice Standards. A copy of all changes shall be furnished to each apprentice.
20. Within 30 calendar days of an apprentice's cancellation or completion of the apprentice standards program, the apprentice program sponsor must send written notification thereof to the Division.
21. Every apprentice agreement entered into under these Standards of Apprenticeship shall contain a clause making the standards a part of the agreement with the same effect as if expressly written therein. For this reason, every applicant (and the parent or guardian, if the applicant is a minor) shall be given a copy of the Standards of Apprenticeship and an opportunity to read them before any signature is affixed thereof.
22. _____ understands that there is a one-year probationary period for this program during which time the Division will monitor this program to determine compliance with the policies and regulations of the Division. The probationary period may be extended if the Director determines there is just cause. Additionally no sponsor verifications will be processed for the first year after approval.

The order or decision shall be reviewed in accordance with the standards for review provided in section 14 of chapter 30A.

No person shall institute an action for the deregistration of an apprentice program unless he shall first have exhausted all administrative remedies provided by this section.

The order or decision shall be reviewed in accordance with the standards for review provided in section 14 of chapter 30A.

No person shall institute an action for the enforcement or deregistration of any apprentice agreement until after the person has exhausted all administrative remedies provided by this section.

 - b. The program standards must contain provisions that address:
 1. The employment and training of the apprentice in a skilled occupation. The apprentice shall be provided no less than full time employment in the relevant field.
 2. The term of apprenticeship, which for an individual apprentice may be measured either through the completion of the industry standard for on-the-job learning (time-based approach), the attainment of competency (competency-based approach), or a blend of the time-based and competency-based approaches (hybrid approach).
 - a. The time-based approach measures skill acquisition through the individual apprentice's completion of at least 2,000 hours of on-the-job learning as described in a work process schedule.
 - b. The competency-based approach measures skill acquisition through the individual apprentice's successful demonstration of acquired skills and knowledge, as verified by the program sponsor. Programs utilizing this approach must still require apprentices to complete an on-the-job learning component of Registered Apprenticeship. The program standards must address how on-the-job learning will be integrated into the program, describe competencies, and identify an appropriate means of testing and evaluation for such competencies.
 - c. The hybrid approach measures the individual apprentice's skill acquisition through a combination of specified minimum number of hours of on-the-job learning and the successful demonstration of competency as described in a work process schedule.
 - d. The determination of the appropriate approach for the apprenticeable occupation for which program standards are registered is made by the program sponsor, subject to approval by the Division.
 3. The work processes in which the apprentice will receive supervised work experience and training on-the-job, and the allocation of the approximate amount of time to be spent in each major process:
 4. Organized instruction in technical subjects related to the occupation. Approximately 150 hours for each year of apprenticeship is recommended. This instruction in technical subjects may be accomplished through classroom, occupational or industry courses, electronic media, or other instruction approved by the Director. Correspondence course testing will be conducted by a proctor as approved by the Division.

5. A progressively increasing schedule of wages to be paid to the apprentice consistent with the skill acquired. The entry wage must not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable Federal law, State law, respective regulations, or by collective bargaining agreement. The sponsor must ensure that the apprentice will be paid no less than an amount specified in a predetermined schedule of wage rates. Such wage rates shall be expressed as a percentage of the established journeyworker rate and shall progressively increase consistent with the level of skill acquired by the apprentice for the duration of time that the apprentice participates in the apprenticeship program. For construction occupations, the apprentice's scale of wages shall not be less than the progression steps identified on the Department's prevailing wage determinations for M.G.L. c. 149 projects. The sponsor may adjust the apprentice payroll amount for private jobs by setting the company journeyworker rate for private work and maintaining the same wage progression rate.
6. Periodic review and evaluation of the apprentice's performance on the job and in related instruction; and the maintenance of appropriate progress records.
7. A numeric ratio of apprentices to journeyworkers consistent with proper supervision, training, safety, and continuity of employment, and applicable provisions in collective bargaining agreements, except where such ratios are expressly prohibited by the collective bargaining agreements. The ratios set forth by the Department will be the minimum acceptable ratios. The ratio language must be specific and clearly described as to its application to the job site, workforce, department or plant. For construction occupations, ratios shall be those determined by the Department and documented on the Department's prevailing wage determinations for M.G.L. c. 149 projects.
8. A probationary period reasonable in relation to the full apprenticeship term, with full credit given for such period toward completion of apprenticeship. The probationary period cannot exceed 25% of the length of the program, or one year, whichever is shorter.
9. Adequate and safe equipment and facilities for training and supervision, and safety training for apprentices on-the-job and in related instruction.
10. The minimum qualifications required by a sponsor for persons entering the apprenticeship program, with an eligible starting age not younger than 16 years old.
11. The placement of an apprentice under a written Apprenticeship Agreement that meets the requirements of 454 CMR 26.06. The agreement must directly, or by reference, incorporate the standards of the program as part of the agreement.
12. The granting of advanced standing or credit for demonstrated competency, acquired experience, training, or skills for all applicants equally, with commensurate wages for any progression step so granted.
13. The transfer of an apprentice between apprenticeship programs and/or within an apprenticeship program must be based on agreement between the apprentice and the affected apprenticeship committees or program sponsors, and must comply with the following requirements:
 - a. The transferring apprentice must be provided a transcript of related instruction and on-the-job learning by the committee or program sponsor;
 - b. Transfer must be to the same occupation; and

c. A new apprenticeship agreement must be executed when the transfer occurs between program sponsors.

14. Assurance of qualified training personnel and adequate supervision on the job.
15. Recognition for successful completion of apprenticeship evidenced by an appropriate certificate issued the Division.
16. Program standards that utilize the competency-based or hybrid approach for progression through an apprenticeship and that choose to issue interim credentials must clearly identify the interim credentials, demonstrate how these credentials link to the components of the apprenticeable occupation, and establish the process for assessing an individual apprentice's demonstration of competency associated with the particular interim credential. Further, interim credentials must only be issued for recognized components of an apprenticeable occupation, thereby linking interim credentials specifically to the knowledge, skills, and abilities associated with those components of the apprenticeable occupation.
17. Identification of the Division, including address, telephone number and URL address.
18. Provision for the registration, cancellation, and/or deregistration of the program; and for the prompt submission of any program standard modification or amendment to the Division for approval.
19. Provision for registration of apprenticeship agreements, modifications, and amendments; notice to the Division of persons who have successfully completed apprenticeship programs; and notice of transfers, suspensions, and cancellations of apprenticeship agreements and a statement of the reasons therefore.
20. Authority for the cancellation of an apprenticeship agreement during the probationary period by either party without stated cause; cancellation during the probationary period will not have an adverse impact on the sponsor's completion rate.
21. Compliance with requirements contained in the Division's plan for equal opportunity in apprenticeship adopted under 29 CFR 30 and approved by the Department. The apprenticeship standards must also include a statement that the program will be conducted, operated, and administered in conformity with the Division's plan for equal opportunity in apprenticeship.
22. Contact information (name, address, telephone number, and e-mail address if applicable) for the appropriate individual with authority under the program to receive, process and make disposition of complaints.
23. Recording and maintenance of all records concerning apprenticeship as required by the Division.
24. The journeyworker rate used for establishing the apprentice's wage schedule shall be stated in dollars and cents and shall be reviewed annually and, if appropriate, re-adjusted.

2. Every apprenticeship instructor must:

- a. Meet the Commonwealth Department of Education's requirements for a vocational- technical instructor, or be a subject matter expert, which is an individual, such as a journeyworker, who is recognized within an industry as having expertise in a specific occupation; and
- b. Have training in teaching techniques and adult learning styles, which may occur before or after the apprenticeship instructor has started to provide the related technical instruction.

3. The Division must be notified within 45 days of persons who have successfully completed apprenticeship programs; and of transfers, suspensions, and cancellations of apprenticeship agreements and a statement of the reasons therefore.
4. Operating apprenticeship programs, when approved by the Division, are accorded registration evidenced by a Certificate of Registration except in construction occupations where sponsor verifications are required.

26.05: Registration for Pre-apprentices and Pre-apprentice Programs

1. All registered pre-apprentice programs must comply with the following standards:
 - a. The pre-apprentice program must have an organized, written plan embodying the terms and conditions of training and supervision of one or more pre-apprentices in an apprenticeable occupation, and a written agreement with a registered apprentice sponsor. The agreement with the registered apprentice training sponsor must provide that graduating pre-apprentices will be provided with a predetermined form of articulated credit if they are accepted into the registered apprentice program through the program intake procedures.
 - b. The pre-apprentice program standards must contain provisions that address:
 1. The related classroom training of the pre-apprentice in a skilled occupation.
 2. The program sponsor's determination of the appropriate curriculum for the apprenticeable occupation for which the program sponsor is registered, subject to approval by the Division.
 3. Organized instruction in technical subjects related to the occupation. The Division recommends 150 hours for each year of pre-apprenticeship. The instruction in technical subjects may be accomplished through classroom, occupational or industry courses, electronic media, or other instruction approved by the Director.
 4. Periodic review and evaluation of the pre-apprentice's performance in related instruction; and the maintenance of appropriate progress records.
 5. Adequate and safe equipment and facilities for training and supervision, and safety training for pre-apprentices and in related instruction.
 6. The placement of a pre-apprentice under a written Pre-apprenticeship Agreement as prescribed by the Division.
 7. Assurance of qualified training personnel and adequate supervision.
 8. Recognition for successful completion of pre-apprenticeship evidenced by an appropriate certificate issued by the pre-apprentice program sponsor.
 9. Name, address, telephone number, and e-mail address, if available for the individual with authority under the program to receive, process and make disposition of complaints.
 10. The conditions under which the apprentice program may discontinue its relationship with the pre-apprentice program.
2. The pre-apprentice sponsor shall provide a listing of the pre-apprentice program graduates for each class to the Division which shall include, for each of the graduates, the name, address, date of birth, beginning and end dates of Training, and, on a voluntary basis, Social Security Number.
3. The Division will assign a unique ID number and enter each pre-apprentice into the Division's Apprentice Tracking Database in order to track future migration into a registered apprentice program.

4. At any time during the period of the pre-apprentice program registration, the Deputy Director may cancel the pre-apprentice program where he or she deems appropriate.

1. All apprentices participating in an apprentice program must execute an apprentice agreement with the apprentice program sponsor.
2. No apprentice agreement shall be effective until it is submitted to, and approved by, the Deputy Director.

26.07: Program Performance Standards

1. Every registered apprenticeship program must have at least one registered apprentice, except for the following specified periods of time, which may not exceed one year:
 - a. Between the date when a program is registered and the date of registration for its first apprentice(s); or
 - b. Between the date that a program graduates a sole registered apprentice and the date of registration for the next apprentice(s) in the program.
 - c. The Division reserves the right to review the rate at which apprentices are registered in order to determine whether a program is operating in a bona fide manner.
2. The program sponsor must report, on an annual basis, on the progress of each registered apprentice in regard to schooling and on-the-job training.
3. The Division is required to evaluate performance of registered apprenticeship programs. The tools and factors to be used must include, but are not limited to:
 - a. Quality assurance assessments;
 - b. Equal Employment Opportunity (EEO) Compliance Reviews; and
 - c. Completion rates.
4. Any additional tools and factors used by the Division in evaluating program performance must adhere to the goals and policies of the Department articulated in 29 CFR 29.00 and in guidance issued by the Office of Apprenticeship.

5. In order to evaluate completion rates, by trade or occupation, the Division must review a program's completion rates in comparison to the national average for completion rates in that trade or occupation. Based on the review, the Division must provide technical assistance to programs with completion rates lower than the national average.

26.08: Probation and Cancellation of Apprenticeship Agreements

1. The apprentice program sponsor shall establish a probationary period for new apprentices during which time the apprentice agreement may be canceled by any party to the agreement for any reason upon notice to the Division. The probationary period shall not exceed one year or 25% of the expected duration of the apprentice program, whichever is shorter. Upon completion of the probationary period, the apprentice shall be given full credit for the term of the probationary period toward completion of the apprentice program.
2. Cancellation of apprenticeship agreements during the probationary period will not have an adverse impact on a sponsor's completion rate.
3. Following the probationary period, an apprentice agreement may be canceled either by consent of all of the parties to the agreement or by one or more parties upon a showing of sufficient cause. If cancellation is sought by a party to the agreement other than the apprentice, the apprentice shall be given notice of the proposed cancellation and a reasonable opportunity to make corrective action.
4. The apprentice program sponsor shall give written notice to the Division of the cancellation of any apprentice agreement and the reason(s) therefor within 30 calendar days of the cancellation.
5. At any time during the period of apprenticeship, the Deputy Director may cancel an apprentice agreement where he or she deems appropriate.

26.09: Deregistration of a Registered Program

1. Deregistration at the Request of the Sponsor. The sponsor may voluntarily request deregistration of a program and the Department may cancel the registration of an apprenticeship program by written acknowledgment of such request stating the following:
 - a. The registration is cancelled at the sponsor's request, and the effective date thereof;
 - b. That, within 15 days of the date of the acknowledgment, the sponsor will notify all apprentices of such cancellation and the effective date; that such cancellation automatically deprives the apprentice of individual registration; that the deregistration of the program removes the apprentice from coverage for Federal purposes which require the Secretary of Labor's approval of an apprenticeship program, and that all apprentices are referred to the Division for information about potential transfer to other registered apprenticeship programs.
2. Deregistration by the Division. The Division may undertake formal deregistration upon reasonable cause when the apprenticeship program is not conducted, operated, or administered in accordance with the program's registered provisions or with the requirements of 454 CMR 26.00 or 29 CFR 29.00, including, but not limited to: failure to provide on-the-job learning; failure to provide related instruction; failure to pay the apprentice a progressively increasing schedule of wages consistent with the apprentice's skills acquired; or persistent and significant failure to perform successfully. Deregistration proceedings for violation of equal opportunity requirements must be processed in accordance with the provisions under 29 CFR 30.00.

For purposes of 454 CMR 26.09, persistent and significant failure to perform successfully occurs when a program sponsor consistently fails to register at least one apprentice, shows a pattern of poor or quality assessment results over a period of several years, demonstrates an ongoing pattern of very low completion

- rates over a period of several years, or shows no indication of improvement in the areas identified by the Division during a review process as requiring corrective action.
3. Where it appears the program is not being operated in accordance with the registered standards or with requirements 454 CMR 26.00 or 29 CFR 29.00, the Division must notify the program sponsor in writing.
 4. The notice sent to the program sponsor's contact person must:
 - a. Be sent by registered or certified mail, with return receipt requested;
 - b. State the shortcoming(s) and the remedy required; and
 - c. State that a determination of reasonable cause for deregistration will be made unless corrective action is effected within 30 days.
 5. Upon request by the sponsor for good cause, the 30-day term may be extended for another 30 days. During the period for corrective action, the Division must assist the sponsor in every reasonable way to achieve conformity.
 6. If the required correction is not effected within the allotted time, the Division must send a notice to the sponsor, by registered or certified mail, return receipt requested, stating the following:
 - a. The notice is sent under 454 CMR 26.09(6);
 - b. Certain deficiencies were called to the sponsor's attention (enumerating them and the remedial measures requested, with the dates of such occasions and letters), and that the sponsor has failed or refused to effect correction;
 - c. Based upon the stated deficiencies and failure to remedy them, a determination has been made that there is reasonable cause to deregister the program and the program may be deregistered unless, within 15 days of the receipt of this notice, the sponsor requests a hearing with the Department; and
 - d. If the sponsor does not request a hearing, the Department will make a final determination regarding the proposed deregistration based on the record.
 7. If the sponsor requests a hearing, the Division will transmit to the Administrator a report containing all the data listed in 454 CMR 26.09(6)(b), and the Administrator will refer the matter to the Office of Administrative Law Judges. An Administrative Law Judge will convene a hearing in accordance with 29 CFR 29.10, and issue a decision as required in 29 CFR 29.10(c).
 8. Every order of deregistration must contain a provision that the sponsor must, within 15 days of the effective date of the order, notify all registered apprentices of the deregistration of the program; the effective date thereof; that such cancellation automatically deprives the apprentice of individual registration; that the deregistration removes the apprentice from coverage for Federal purposes which require the Secretary of Labor's approval of an apprenticeship program; and that all apprentices are referred to the Division for information about potential transfer to other registered apprenticeship programs.

26.10: Reinstatement of Apprentice Program Registration

1. Any apprentice program deregistered pursuant to 454 CMR 26.09 may be reinstated, at the discretion of the Deputy Director, upon presentation to the Deputy Director of adequate evidence that the condition that gave rise to the action has been rectified. Following a deregistration, the apprentice sponsor may not file a request for reinstatement of registration prior to six months after the effective date of the deregistration.

2. Upon reinstatement of an apprentice program following a suspension, the apprentices employed under such program shall be given credit for any bona fide hands-on training or related instruction obtained by such apprentices during the period of the suspension. However, the amount of credit for hands-on training shall not exceed the number of hours of such training corresponding to the term of suspension in the trade in which the apprentice is registered.

26.11: Complaints

1. 454 CMR 26.11 is not applicable to any complaint concerning discrimination or other equal opportunity matters; all such complaints must be submitted, processed and resolved in accordance with applicable provisions of M.G.L. c. 151B, or 29 CFR 30.
2. Except for matters described in 454 CMR 26.11(1), any controversy or difference arising under an apprenticeship agreement registered with the Division, which cannot be adjusted locally and which is not covered by a collective bargaining agreement, may be submitted by an apprentice, or the apprentice's authorized representative, to the Division, for review. Matters covered by a collective bargaining agreement are not subject to such review.
3. The complaint must be in writing and signed by the complainant, or authorized representative, and must be submitted within 60 days of the final local decision. It must set forth the specific matter(s) complained of, together with relevant facts and circumstances. Copies of pertinent documents and correspondence must accompany the complaint.
4. The Division will render an opinion within 90 days after receipt of the complaint, based upon such investigation of the matters submitted as may be found necessary, and the record before it. During the 90-day period, the Division will make reasonable efforts to effect a satisfactory resolution between the Parties involved. If so resolved, the parties will be notified that the case is closed. Where an opinion is rendered, copies will be sent to all interested parties.
5. Nothing in 454 CMR 26.11 precludes an apprentice from pursuing any other remedy authorized under another Federal, State, or local law.

26.12: Recordkeeping

1. Registered apprentice program sponsors shall maintain the following documents in a centralized location in Massachusetts and shall make such records available to the Deputy Director:
 - a. A complete copy of the apprentice program sponsor's application for registration and all documentation submitted therewith;
 - b. Documentation concerning any violations of M.G.L. c. 23, §§ 11E through 11L or 454 CMR 26.00 cited by the Division or any prior action instituted by the Division to deregister the apprentice program;
 - c. Copies, of all current or canceled apprentice agreements;
 - d. Copies of all certificates evidencing completion by apprentices of the apprentice program;
 - e. A current list of journeyworkers who are members or employees of the apprentice sponsor and are licensed in the trade covered by the apprentice program. The list shall include the license numbers of each such journeyworker;
 - f. Documents concerning any complaints or concerns by apprentices and efforts by the apprentice program sponsor to investigate and resolve such matters;

- g. Documentation of the number of hours of hands-on-training provided to each apprentice in the program;
 - h. Documentation of the number of hours of related instruction each apprentice received in the program; and
 - i. Copies of all apprentice performance reviews.
2. Documents required by 454 CMR 26.12(1) shall be retained for a period of not less than ten years.

26.13: Limitations of Regulations

Nothing in 454 CMR 26.00 shall operate to invalidate:

- a. Any term or condition in any collective bargaining agreement between employers and employees establishing more stringent standards of apprenticeship; or
- b. Any special provisions instituted by the apprentice program sponsor for the benefit of veterans, minority persons, or women which are not otherwise prohibited by law.
- c. The provisions of any Federal or State law or municipal ordinance establishing more stringent standards for apprentice training programs.

26.14: Severability

If any provision of 454 CMR 26.00 is held to be unconstitutional or inconsistent, either on its face or as applied, with any provision of Massachusetts or federal law, the unconstitutionality or inconsistency shall not affect the remaining provisions.
