DISTRICT 6 SNOW & ICE 2026-2027 EQUIPMENT VENDORS

The District has scheduled Vehicle and Safety Inspections for all District 6 Snow & Ice Hired Equipment. The Depots will be staffed to perform these inspections as follows:

Saturday October 24th, between 6:00AM and Noon
Saturday October 31st, between 6:00AM and Noon
Saturday November 7th between 6:00AM and Noon

- All equipment must be brought to a MassDOT inspection Depot for inspection, **no exceptions**.
- All vehicles shall report with their plows and other accessories in working condition.
- All plows and wing plows will be measured and tested, must have a good cutting edge and functional trip edge.
- All safety lighting will be inspected and tested.
- All vehicles must have a valid safety inspection sticker
- All AWD vehicles will be verified and tested.
- All Combos and Tankers must have a working Closed Loop System and capable of treating 2 or more lanes.
- All side saddle tanks shall be filled with water, spray pattern verified and tested.
- All tankers may be partially filled with water, spray pattern verified and tested.
- All vehicles that fall under the OSHA regulations pertaining to reverse signal alarms. (Refer to 29 CFR 1926.601-602 for details) must be in working order.
- All reflectorized tape should be applied to vehicles and wings prior to the inspection.
- Wings require a Class 1 LED, and the top and bottom be outlined with retro-reflexive sheeting.
- Hard hats and safety vests should be available at time of the inspection.
- **Installed and functioning GPS will be required for all Combos and Tankers to pass inspection. For GPS orders fill out the attached order form**: https://go.advantageone.tech/massdot

** All vehicle inspections or re-inspections done after November 7th, 2026 will not be eligible for the Early Signing Bonus or the Extended Season Bonus.

The following is the list of depots in District 6 that will be open for vehicle inspection.

AREA A	AREA B	AREA C	AREA D
