### 450.01 INSTITUTION WORK ASSIGNMENT PROCEDURE

#### A. General

Each Superintendent shall develop a Work Assignment Procedure that provides work opportunities for incarcerated and civilly committed individuals not participating in the institution's Industry Program. Work opportunities shall include, but not be limited to, assignments to food service and the laundry, as well as general maintenance and operations. These work assignments should afford incarcerated and civilly committed individuals an opportunity to learn job skills and develop good work habits and attitudes that they can apply to jobs after they are released. Where ample work opportunities exist, efforts shall be made to structure the incarcerated or civilly committed individual's workday to approximate the workday in the community. Assignments to these positions shall be made by an institution classification board or by a Work Assignment Officer. Incarcerated or civilly committed individual skills, abilities, security clearance and work histories should be the criteria utilized in matching individuals with institution work assignments. Superintendents may create unpaid/volunteer incarcerated and civilly committed individual work assignments, however, job descriptions must differ from those in similar paid positions (e.g., a paid general maintenance position may be on call twenty-four (24) hours a day, whereby a volunteer position may not be). The unpaid/volunteer incarcerated individual work assignments may be eligible for earned good time credits in accordance with 103 CMR 411, Deduction from Sentence. Each incarcerated or civilly committed individual shall be supplied with the necessary training, tools, clothing and other equipment to properly undertake their work assignment duties.

The Shattuck Correctional Hospital Unit shall be exempt from developing a work assignment procedure as all work assignments are under the direction of the Department of Public Health.

Once all approvals are entered, the Work Assignment Officer shall ensure that all applicable fields are completed and shall utilize this screen to assign the incarcerated or civilly committed individual to the job.
- 8. Review the <u>Notifications</u> screen on a regular basis to identify incarcerated or civilly committed individuals whose assignments are due to end (e.g., for rotations) and take appropriate action.
