461.01

DEFINITIONS

Commissioner: The Commissioner of the Massachusetts Department of Correction.

Department: The Massachusetts Department of Correction.

Department Transfer Coordinator (DTC): A staff member of the Classification Division designated by the Director of Classification (DOC) to schedule and coordinate transfers of inmates and detainees from one Department institution to another. Transfers to and from the county system, other states and the Federal system are scheduled and coordinated as well.

Deputy Commissioner of Clinical Services and Reentry Division: The Department Deputy Commissioner whose duties include, but are not limited to, the management of the Classification Division, Female Offender Services, Inmate Education and Training Division, Reentry and Program Services Division and the Health Services Division.

Director of the Central Transportation Unit (Director of the CTU): The unit director who reports directly to the Deputy Commissioner of Field Services and whose responsibilities include, but are not limited to, the management of:

1. Central Transportation Unit
2. Vehicle Maintenance Program

Director of the Classification Division (DOC): A program manager responsible for ensuring compliance with the Department's classification policies, developing procedures as needed, monitoring adherence to such procedures, and overseeing the performance of classification staff.

Inmate Management System (IMS): The Department's automated information system that provides processing, storage and retrieval of inmate related information needed by Department personnel and other authorized users within the criminal justice system.

Institution Transfer Coordinator (ITC): A staff member designated by the Superintendent to coordinate transfers of inmates to and from the institution.

Department Transfer Coordinator (DTC): A staff member designated by the Director of Classification to coordinate transfers of inmates between the Department's institutions.

Superintendent: The chief administrative officer of a state correctional institution.

461.02 **DEPARTMENTAL GOAL**

It is the Department’s goal that the most effective use of bed space is afforded by the transfer of inmates to those institutions and security levels to which they are most appropriately suited. The rules set forth herein establish policy for effectuating the intra-institutional and inter-Departmental transfer of inmates. Nothing in this policy shall be deemed to limit the discretion of the Commissioner or his/her/their designee to transfer inmates pursuant to his/her/their statutory authority.

461.03 **TRANSFER WAITING LISTS**

The Director of the Classification Division or designee shall maintain an accurate and updated waiting list. Waiting lists shall be maintained automatically in the IMS database. Inmates shall normally be transferred according to the date of the Commissioner or designee’s approval for said transfer.

461.04 **NOTIFICATION OF TRANSFER**

The DTC or his/her/their designee shall give advance notice to the ITC at the sending and receiving institutions and to the Director of the CTU or his/her/their designee prior to the actual inmate transfer. The DTC shall schedule all transfers by 2:00 pm the day prior, utilizing the “Schedule Inmate Transfer” screen in the IMS. The ITC shall utilize the “Detailed Institutional Wait List Query” screen in the IMS daily to identify inmates scheduled to transfer in and out of their institution for the following day. For any transfer scheduled after 2:00 pm, the DTC shall contact institutional staff and CTU directly by e-mail or telephone. All Superintendents shall designate an ITC at their respective institutions to accept notice of transfer. Inmate transfers shall occur after the designated institutional staff and the Director of the CTU or designee have received advance notice of the actual transfer. Lack of available resources shall not preclude inmate transfers where institutional personnel and resources can be utilized with the respective Superintendent’s approval. The CTU Unit shall first be consulted before any transfer is implemented via institutional resources.

461.05 **SUPERINTENDENT’S RESPONSIBILITY**

Each Superintendent shall ensure that:

1. An ITC is designated to act as contact person with the DTC.
2. Having received prior notification of transfer, the inmate shall be made available for transfer prior to the arrival of the transporting correctional officers or personnel.

3. The mittimus and six-part accompanies the inmate upon transfer to a another Department institution, and also in instances when an inmate transfers to a county, federal or out-of-state facility the inmate is sent with a copy of the mittimus and the original mittimus and six-part are forwarded to the County and Interstate Unit.
4. An inmate's updated case file shall be simultaneously transferred with the inmate to any Department institution. For male and female inmates transferred to another county, federal, or state institution- the updated case file shall be forwarded to the County, Federal and Interstate Unit at located at the Classification Division in Milford (clearly marked County, Federal, and Interstate) where it will be retained until such time that the inmate returns to Department custody.
5. The medical record and/or an updated health record or summary (including health status report), accompanies the inmate upon transfer, except for transfers to an out-of-state or federal institution, as a medical transfer summary is forwarded to the receiving state as part of the referral process in accordance with 103 DOC 419, *Federal/Interstate Compact*.
6. Inmate property shall be handled in accordance with 103 CMR 403, *Inmate Property*.
7. The inmate's status shall be reviewed by the ITC for any changes that may have occurred prior to transfer that would potentially affect transfer suitability. The IMS Classification Recommendations/Results Information Change screen shall be utilized as a tool to identify changes. This shall include but not be limited to a review of the offender's DNA status, conflicts, parole status, disciplinary status, legal issues (updated electronic checks should be run and reviewed in accordance with 103 DOC 417, *Criminal History Records Information*, and medical and mental health changes. When an issue arises that changes an inmate's status or precludes a transfer (e.g. DNA not secured, conflict situation, parole hearing, recent disciplinary report, non-permissible outstanding legal issues, change in medical coverage needs), consultation with the central office Classification Division must occur. Refer to 103 DOC 487, *DNA Sample Collection* for specific information relative to collection of DNA.
8. Any inmate pending transfer as a result of an institutional failure (return to higher security or laterally based on a failure) shall be maintained under constant visual observation. The inmate shall remain on said status until medically screened and cleared by the receiving institution.

461.06**EMERGENCIES**

Whenever, in the opinion of the Commissioner or his/her/their designee an emergency exists which requires suspension of all or part of this regulation, the Commissioner or his/her/their designee may authorize such suspension. Whenever, in the opinion of the Superintendent an emergency exists within his/her/their institution, which requires suspension of all or part of this regulation, the Superintendent may authorize such suspension, provided, that any suspension lasting more than forty-eight (48) hours shall be approved by the Commissioner.
