D.P.U. 25-133

September 12, 2025

Petition of Eversource Gas Company of Massachusetts d/b/a Eversource Energy for approval of a firm transportation agreement with Algonquin Gas Transmission, LLC, pursuant to G.L. c. 164, § 94A.

D.P.U. 25-134

Petition of NSTAR Gas Company d/b/a Eversource Energy for approval of a firm transportation agreement with Algonquin Gas Transmission, LLC, pursuant to G.L. c. 164, § 94A.

On September 2, 2025, Eversource Gas Company of Massachusetts d/b/a Eversource Energy ("EGMA") filed a petition with the Department of Public Utilities ("Department") seeking approval of a ten-year firm transportation agreement with Algonquin Gas Transmission, LLC ("Algonquin"). The agreement will provide for delivery of 25,000 dekatherms ("Dth") per day of natural gas supplies critical to the reliability of EGMA's portfolio to its South Attleboro and/or Taunton city gates over a ten-year term. EGMA states that the agreement would eliminate EGMA's need to extend its current contract for Everett Marine Terminal ("EMT") supplies to serve its customers on Algonquin's G-System beyond the current expiration date of the EMT contract in 2030. EGMA further states that the proposed agreement is:

(1) consistent with the portfolio objectives established in EGMA's most recent forecast and supply plan, approved in Eversource Gas Company of Massachusetts, D.P.U. 23-125 (2024); (2) compares favorably to the range of alternatives reasonably available to EGMA and its customers; and (3) is consistent with the objectives of the Global Warming Solutions Act. The Department docketed this matter as D.P.U. 25-133.

On September 2, 2025, NSTAR Gas Company of Massachusetts d/b/a Eversource Energy ("NSTAR Gas") filed a petition with the Department seeking approval of a ten-year firm transportation agreement with Algonquin. The agreement will provide for delivery of 5,000 Dth per day of natural gas supplies critical to the reliability of NSTAR Gas's portfolio to its New Bedford city gate over a ten-year term. NSTAR Gas states that the agreement would eliminate NSTAR Gas's need to extend its current contract for EMT supplies to serve its customers on Algonquin's G-System beyond the current expiration date of the EMT contract in 2030. NSTAR Gas further states that the proposed agreement is: (1) consistent with the portfolio objectives established in NSTAR Gas's most recent forecast and supply plan, approved in NSTAR Gas Company, D.P.U. 24-106 (July 14, 2025); (2) compares favorably to the range of

alternatives reasonably available to NSTAR Gas and its customers; and (3) is consistent with the objectives of the Global Warming Solutions Act. The Department docketed this matter as D.P.U. 25-134.

The Department will conduct a virtual public hearing to receive comments on both EGMA's and NSTAR Gas's filings. If necessary, the public hearing will be immediately followed by a procedural conference. The Department will conduct the hearing using Zoom videoconferencing on **Thursday, October 9, 2025**, beginning at 2:00 p.m. Attendees can join by entering the link, <https://us06web.zoom.us/j/83782085246>, from a computer, smartphone, or tablet. Please note that in the interest of transparency any comments will be posted to our website as received and without redacting personal information, such as addresses, telephone numbers, or email addresses. As such, consider the extent of information you wish to share when submitting comments. The Department strongly encourages public comments to be submitted by email. If, however, a member of the public is unable to send written comments by email, a paper copy may be sent to Mark D. Marini, Secretary, Department of Public Utilities, One South Station, Boston, Massachusetts, 02110.

Any person who desires to participate otherwise in the evidentiary phase of this proceeding shall file a petition for leave to intervene no later than 5:00 p.m. on **Friday, October 3, 2025**. A petition for leave to intervene must satisfy the timing and substantive requirements of 220 CMR 1.03. Receipt by the Department constitutes filing and determines whether a petition has been timely filed. A petition filed late may be disallowed as untimely, unless good cause is shown for waiver under 220 CMR 1.01(4). To be allowed, a petition under 220 CMR 1.03(1) must satisfy the standing requirements of G.L. c. 30A, § 10. All responses to petitions to intervene must be filed by the close of business (5:00 p.m.) on the second business day after the petition to intervene was filed.

The Attorney General of the Commonwealth of Massachusetts ("Attorney General") filed a notice to intervene in this matter pursuant to G.L. c. 12, § 11E. Further, pursuant to G.L. c. 12, § 11E(b), the Attorney General filed notices of intent to retain experts and consultants to assist her investigation of the Companies' filings and has requested Department approval to spend up to \$150,000 per proceeding in this regard. Pursuant to G.L. c. 12, § 11E(b), the costs incurred by the Attorney General relative to her retention of experts and consultants may be recovered in

the Companies' rates. Any person who desires to comment on the Attorney General's notice of intent to retain experts and consultants may submit written comments to the Department not later than the close of business (5:00 p.m.) on **Friday, October 3, 2025**.

All documents should be submitted to the Department in **.pdf format** by email attachment to dpu.efiling@mass.gov and laurie.e.weisman@mass.gov. The text of the email must specify: (1) the docket number of the proceeding (D.P.U. 25-133 or D.P.U. 25-134); (2) the name of the person or company submitting the filing; and (3) a brief descriptive title of the document. All documents submitted in electronic format will be posted on the Department's website through our online [File Room](#) as soon as practicable (enter "25-133" or "25-134" on the line for "Docket No."). In addition, one copy of all written comments and petitions to intervene should be emailed to the attorney for EGMA and NSTAR, Steven Frias, Esq., at sfrias@keeganwerlin.com.

The filing and all subsequent related documents submitted to the Department or issued by the Department will be available on the Department's website as referenced above as soon as is practicable. To the extent a person or entity wishes to submit comments or intervene in accordance with this Notice, electronic submission, as detailed above, is sufficient.
