## FACT SHEET

**Cyn Oil Corporation  
dba  
Cyn Environmental Services  
1771 Washington St  
Stoughton, MA 02072  
MAD082303777  
Draft Hazardous Waste Facility License**

**August 2019**

This fact sheet summarizes the Draft Hazardous Waste Facility License (Draft License) that the Department of Environmental Protection (MassDEP) has prepared for Cyn Oil Corporation, dba Cyn Environmental Services (Cyn or Facility), pursuant to M.G.L. c. 21C and 310 CMR 30.000.

### **I. Purpose of the Licensing Process**

The purpose of the licensing process is to afford MassDEP, the U.S. Environmental Protection Agency (EPA), local government, and citizens the opportunity to evaluate the ability of a license applicant to comply with the applicable hazardous waste management regulations, 310 CMR 30.000.

Facilities which treat, store and/or dispose of hazardous waste must be designed and safely operated to protect the people of Massachusetts from the dangers of improperly handled hazardous waste. Stringent licensing requirements are intended to ensure that those who deal with hazardous waste are qualified to do so. Before issuance of any hazardous waste facility license, MassDEP is required to prepare a Draft License. The Draft License sets forth all the requirements a licensee will be required to comply with during the 5-year duration of its license.

### **II. Procedures for Reaching a Final Decision**

**This information is available in alternate format. Contact Michelle Waters-Ekanem, Director of Diversity/Civil Rights at 617-292-5751.**

MassDEP Website: [www.mass.gov/dep](http://www.mass.gov/dep)

Printed on Recycled Paper

Per 310 CMR 30.833, MassDEP must provide a public notice of the Draft License and a 45 (forty-five) day public comment period. The comment period for this Draft License begins on August 16, 2019, the date of its publication in the Patriot Ledger, and will end on September 30, 2019, at 5:00 p.m. Any person interested in commenting on the Draft License must do so within this comment period. Submit comments in writing to:

James Paterson  
MassDEP  
Bureau of Air and Waste  
One Winter Street, 7th Floor  
Boston, Massachusetts 02108

MassDEP will schedule a public hearing on the proposed Draft License if, during the comment period, or within 15 days of the close of the comment period, MassDEP receives written notice requesting a public hearing, or if MassDEP determines on its own that there is significant public interest in the Draft License. Written and oral comments will be accepted at the hearing.

In making a final decision, MassDEP will consider all written comments received during the comment period; all verbal comments received at the public hearing, if held, and the requirements of the Massachusetts Hazardous Waste Regulations 310 CMR 30.000. MassDEP will then make a final determination to issue or deny a hazardous waste license to Cyn.

MassDEP will give notice of its final license decision to the Facility and each person who has submitted written comments or has requested notice of the final license decision. A final license decision becomes effective 21 days after the date of the notice of the final license decision. The final license decision will be postponed if a request for an adjudicatory hearing before Mass DEP is made within the 21-day period.

### **III. Site Description, General Facility Description and Facility History**

#### **A. Site Description**

Cyn is located in Stoughton, Massachusetts, approximately 20 miles south of Boston on Route 138 (Washington Street), 2 miles south of Route 27 and approximately 3,000 feet from the Stoughton/Easton border.

#### **B. General Facility Description**

Cyn is an existing hazardous waste tank and container storage facility. Hazardous wastes handled include oils from commercial sources and petroleum waste resulting from spill cleanups. Cyn processes waste oils to remove water and filterable solids for the purpose of blending oils to produce a fuel that is sold to commercial off-site customers. Oils that do not meet the requirements for use as fuel are transported to authorized recycling or

disposal facilities. Cyn also accepts oily and non-hazardous waste solids which are consolidated in four 25 cubic yard containers. No disposal of hazardous waste takes place at the Facility.

C. Facility History

Cyn is presently operating the facility under a Massachusetts Hazardous Waste License No. #18B/13 issued by the MassDEP on May 17, 2013 and subsequent MassDEP authorized modifications.

D. Facility Operations

1. Authorization to Receive and Store Waste

Cyn is authorized to receive and store the following wastes:

- Waste Oil, including Specification and Off-Specification Used Oil Fuel
- Oily Solids
- Non-Hazardous Wastes

Authorization for the above wastes is limited to the following hazardous wastes codes:

<u>Waste Code</u>	<u>Waste Description</u>
D001	Ignitable*
MA01	Waste Oil Oil Water Mixtures Oily Solids **
MA97	Specification Used Oil Fuel Regulated Recyclable Material
MA98	Off-Specification Used Oil Fuel Regulated Recyclable Material
MA99	Non-Hazardous Wastes

\* Only as a constituent of oil or oily solids

\*\* Oily solids are limited to petroleum contaminated solids consisting of oil soaked absorbents, soil and spill debris, and may also include incidental liquids that are results of phase separation during transportation and storage

E. Storage Schedule for Hazardous Waste

Tank Storage

<u>Location</u>	<u>Contents</u>	<u>Maximum Volume in Tanks</u>
Tank Storage Area	All wastes authorized	200,000 gal

The facility is authorized to operate four horizontal receiving tanks with a capacity of 25,000 gallons each.

The facility is also authorized to operate four vertical shipping tanks with a capacity of 25,000 gallons each.

The maximum authorized storage volume of hazardous waste in tanks shall not exceed 200,000 gallons at any one time.

Roll-off Storage

<u>Location</u>	<u>Contents</u>	<u>Maximum Volume in Roll-offs</u>
Roll-offs Storage Area	All wastes authorized for roll-offs	100 cubic yards or equivalent

The maximum authorized storage of hazardous waste in roll-offs shall not exceed 100 cubic yards at any one time.

Container Storage

<u>Location</u>	<u>Contents</u>	<u>Maximum Volume in Containers</u>
Container Storage Area	All wastes authorized for container storage	100 - 55-gallon drums or equivalent

The maximum authorized storage of hazardous waste in containers shall not exceed 5,500 gallons at any one time.

F. Truck-to-Truck Transfers

The facility is authorized to conduct truck-to-truck transfer of containerized and bulk hazardous wastes between staged vehicles. The provisions for truck-to-truck transfers are specified in the Specific Conditions of the Draft License.

#### **IV. Summary of License Conditions**

In order to operate a hazardous waste management facility in Massachusetts, a licensee must comply with the requirements of the Massachusetts Hazardous Waste Regulations, 310 CMR 30.000, and all other applicable state and federal statutes and regulations. These requirements are clearly stated in the terms and conditions of the license, and failure to comply with them may result in suspension or revocation of the license or other enforcement actions by the Department and/or the Office of the Attorney General. The licensee must properly operate and maintain the facility to prevent any actual or potential threat to the public health, safety, welfare and the environment. In addition, the licensee shall act to prevent all actual and potential adverse impacts to persons and the environment resulting from non-compliance. The licensee must provide records of activities to the Department as required, allow inspections when requested and in advance inform MassDEP of any proposed changes in activities or to the physical facility.

In all cases, it is the obligation of the licensee to meet the burden of proof to persuade Mass DEP that the applicant is competent with respect to hazardous waste management activities. In the event of an emergency involving hazardous waste that could threaten public health, safety, welfare and the environment, the hazardous waste emergency coordinator for the Facility must invoke the Facility contingency plan, which includes notification to the Department's Southeast Regional Office in Lakeville, MA.

## **VI. Appeal Procedures**

Pursuant to Massachusetts General Law (MGL) Chapter 21C, Section 11, any person aggrieved by a determination by the Department to issue or deny a license and has legal standing to do so, may request an adjudicatory hearing before the Department. For the purposes of 310 CMR 30.000, an “aggrieved person” shall be deemed to be any person who is or may become a “party” or “intervener” pursuant to 310 CMR 1.00.

A person aggrieved by a final decision in any adjudicatory proceeding may obtain judicial review thereof pursuant to the provisions of M.G.L. c. 30A. This license is an action of the Department. If you are aggrieved by this action, you may request an adjudicatory hearing. A request for a hearing must be made in writing and postmarked within twenty-one (21) days of the Notice of Final License Decision.

### **CONTENTS OF HEARING REQUEST**

Under 310 CMR 1.01(6)(b), the request must state clearly and concisely the facts which are the grounds for the request, and the relief sought. Additionally, the request must state why the permit is not consistent with applicable laws and regulations.

### **FILING FEE AND ADDRESS**

The hearing request along with a valid check payable to the Commonwealth of Massachusetts in the amount of \$100 must be mailed to:

Commonwealth of Massachusetts  
Department of Environmental Protection  
P.O. Box 4062  
Boston, MA. 02211

The request will be dismissed if the filing fee is not paid, unless the appellant is exempt or granted a waiver as described below.

### **EXCEPTIONS**

The filing fee is not required if the appellant is a city or town (or municipal agency), county, district of the Commonwealth of Massachusetts, or municipal housing authority.

### **WAIVER**

The Department may waive the adjudicatory hearing-filing fee for a person who shows that paying the fee will create an undue financial hardship. A person seeking a waiver must file, together with the hearing request as provided above, an affidavit setting forth the facts believed to support the claim of undue financial hardship.

For additional information contact James Paterson at 617-556-1096.

NOTICE

PUBLIC NOTICE OF A DRAFT HAZARDOUS WASTE FACILITY LICENSE PURSUANT TO MASSACHUSETTS GENERAL LAW CHAPTER 21C AND MASSACHUSETTS HAZARDOUS WASTE REGULATIONS 310 CMR 30.000.

NAME AND LOCATION OF FACILITY:

Cyn Oil Corporation  
dba Cyn Environmental Services  
1771 Washington Street  
Stoughton, MA 02072

EPA ID: MAD082303777

PROPOSED:

Cyn Oil Corporation dba Cyn Environmental Services (Cyn) is an existing licensed hazardous waste facility operating under the terms of license #18B/13 issued by the Department on May 17, 2013. Cyn proposes to continue its operation and has applied for a five-year license from the Department.

A Draft License has been issued by the Department. Pursuant to the public participation requirements in 310 CMR 30.800, the public has forty-five days to comment on the Draft License.

PUBLIC COMMENT/PUBLIC HEARING:

Any member of the public wishing to comment on the Draft License may file written comments during the public comment period that will extend from August 16, 2019 to September 30, 2019. Submit comments to:

James Paterson  
MassDEP  
Bureau of Air and Waste

One Winter Street, 7th Floor  
Boston, MA 02108

MassDEP will schedule a public hearing on the proposed Draft License if, during the comment period, or within 15 days of the close of the comment period, MassDEP receives written notice requesting a public hearing, or if MassDEP determines on its own that there is significant public interest in the Draft License. Written and oral comments will be accepted at the hearing. A Fact Sheet that describes the licensing process, the company, its operation, and the Draft License is available at the Stoughton Board of Health, the Stoughton Town Library, the Department's Boston Office identified above, its Southeast Regional Office at 20 Riverside Drive in Lakeville, MA, and the USEPA New England - Region 1 Office at 1 Congress Street in Boston. Anyone wishing to examine the Draft License may do so at these locations.

FINAL DECISION:

The Department will consider all written comments received during the comment period; all verbal comments received at the public hearing, and the requirements of the Massachusetts Hazardous Waste Regulations 310 CMR 30.000. The Department will then make a final decision regarding the issuance of a

hazardous waste license to Cyn Oil Corporation. A notice of the final license decision will be sent to the applicant and to each person who has submitted written comments, or has otherwise requested notice of the final license decision. A final license decision will become effective twenty-one (21) days after the date of the notice of the decision. The final license decision will be postponed if a request for an adjudicatory hearing before the Department is made within the twenty-one (21) day period.

For additional information, contact James Paterson at the Department's Business Compliance Division at (617) 556-1096.
