RE: Public Comment Notice for  
Draft Individual Groundwater Discharge Permit  
Lincoln Sudbury Regional High School, 390 Lincoln Road, Sudbury MA 01776  
Accela Identifier: 23-WP12-0021-REN  
Groundwater Discharge Permit No. 378-4

Dear Mr. Rossley:

The Massachusetts Clean Waters Act (M.G.L. c.21, s.26-53) was amended by Chapter 246 of the Acts of 1973 to authorize the Massachusetts Department of Environmental Protection (the MassDEP), to regulate discharges into all waters of the Commonwealth, including groundwaters. The MassDEP regulates discharges through the issuance of discharge permits, which impose limitations on the amount of pollutants that may be discharged in the effluent, together with monitoring and reporting requirements and other conditions to insure adequate treatment of all liquid wastes prior to discharge.

The MassDEP has completed its technical review of your application submitted on behalf of the Lincoln Sudbury Regional High School to discharge treated wastewater from the facility to be located on 390 Lincoln Road to the ground, and has developed the conditions contained in the enclosed draft permit.

The proposed draft permit can only be considered in draft form because of provisions in the Law regulating public notice of the proposed issuance of the permit and opportunity for public comments and public hearing. Following receipt of comments on the public notice, and public hearing, if held, the MassDEP will issue its final determination to issue or deny the permit.

This information is available in alternate format. Please contact Melixza Esenyie at 617-626-1282.
