TO WHOM IT MAY CONCERN,

I HAVE BEEN INCARCERATED SINCE JULY OF 2011 -  
PRESENT TIME. DURING MY INCARCERATION IT IS  
HARD ENOUGH TO STAY IN TOUCH WITH YOUR LOVED ONES.  
BUT WITH OUR CURRENT TELEPHONE SYSTEM IS  
MAKES IT MUCH HARDER AND VERY EXPENSIVE. I  
AM A FATHER OF FOUR, AND HUSBAND TO A  
WOMAN WITH CANCER. SO IT IS VERY IMPORTANT I  
STAY IN CONSTANT CONTACT.

AMOUNT OF MONEY ON PHONE:

MY WIFE PUTS \$25.00 ON THE PHONE (LANDLINE)  
EVERY FOUR OR FIVE DAYS. IT COSTS ABOUT \$1.70 TO  
PUT MONEY ON THE PHONE. SO 23.30 GOOD FOR  
~~about~~ 3 full 30 minute calls, and 1 call for 5 minutes.  
THIS GETS VERY EXPENSIVE. ALSO THE COMPANY HAS

gotten me out of lots of money. I have noticed say I had \$7.00 left on the phone. There has been times I have called my wife answered so now there's \$4.00 left on the phone say we talk for 5 minutes. So now we use about \$1.50 more. So there should be about \$1.50 credit left, because \$1.50 is not enough for a connection. So in actuality I should carry \$1.50 credit the next time money is put on the phone, but it never is. What happens to that \$1.50. That has happened more times I can count.

### Dropped Calls:

There has been many times I have been on the phone + the calls are dropped after a couple minutes forcing me to call again charging another connection fee. This has happened sometimes a couple times a day. I only call Landlines No Cell phone numbers.

Thanking You for Your  
Time + Consideration
