Dear (PLS), Phone service: Securus
first I'd like to say thank you.
Because I have 4 daughters ages 2,
3, 4 & 16, I was the braed winner in
my house hold for the 3 that live
with me. I also support my oldest
without the state making me, & I
don't sell drugs.

My oldest daughter isn't working
yet & her mother also has another small
child & can't put alot of money on
the phones so we can talk. As for
my other kids mom she also works
now & can't put alot of money on
the phones. I'm from Boston & I'm
being held at Middleton jail, and it's
hard for my girl to come up to
visit with work, three kids & no car.

So the only way I can
talk & interact with my family is
through phone calls. My mother
can't work right now so she doesn't
have much of an income, so she can't
put money on the phone or she'll
go without enough food for herself.

The rates that are in place
now coast about 50 a week if I
don't call once a week. I've also
been told not to call by my lawyer

cause of the cost being so high,
I don't know if lawyers get that back
but that's what he said.

We'll thank you for your time
and I hope something can be done
to help
